Forward-Looking Statements

The information contained in this Supplemental Financial Information is unaudited and does not purport to disclose all items required by accounting principles generally accepted in the United States (“GAAP”). In addition, certain statements made or incorporated by reference herein are “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, and, as such, involve known and unknown risks, uncertainties and other factors which may cause actual results, performance and outcomes to differ materially from those expressed or implied in forward-looking statements. Factors which could cause actual results to differ materially from current expectations include, among others: adverse general economic conditions in the United States and uncertainty in the credit and retail markets; financing risks, such as the inability to obtain new financing or refinancing on favorable terms as the result of market volatility or instability; risks related to the market for retail space generally, including reductions in consumer spending, variability in retailer demand for leased space, tenant bankruptcies, adverse impact of internet sales demand, ongoing consolidation in the retail sector and changes in economic conditions and consumer confidence; risks endemic to real estate and the real estate industry generally; the impact of the Company’s level of indebtedness on operating performance; inability of tenants to meet their rent and other lease obligations; adverse impact of new technology and e-commerce developments on the Company’s tenants; competitive risk; risks related to the geographic concentration of the Company’s properties in the Washington D.C. to Boston corridor; the effects of natural and other disasters; and the inability of the Company to realize anticipated returns from its redevelopment activities. Please refer to the documents filed by Cedar Realty Trust, Inc. with the SEC, specifically the Company’s most recent Annual Report on Form 10-K, as it may be updated or supplemented in the Company’s Quarterly Reports on Form 10-Q and the Company’s other filings with the SEC, which identify additional risk factors that could cause actual results to differ from those contained in forward-looking statements.

CEDAR REALTY TRUST REPORTS FIRST QUARTER 2017 RESULTS

Port Washington, New York – May 4, 2017 – Cedar Realty Trust, Inc. (NYSE:CDR – the “Company”) today reported results for the first quarter ended March 31, 2017. Net income attributable to common shareholders was \$0.10 per diluted share compared to net loss of \$(0.03) per diluted share for the comparable 2016 period. Other highlights include:

Highlights

- NAREIT-defined funds from operations (FFO) of \$0.13 per diluted share
- Operating funds from operations (Operating FFO) of \$0.14 per diluted share
- Same-property net operating income (NOI) decreased (1.8)%
- Signed 39 new and renewal leases for 310,200 square feet in the quarter
- Comparable cash-basis lease spreads of 5.1%
- Total portfolio 91.2% leased and same-property portfolio 92.0% leased at quarter-end
- Substantial progress in leasing vacated anchor spaces
- On February 1, 2017, the Company sold the outparcel building adjacent to Camp Hill, located in Camp Hill, Pennsylvania, for \$10.7 million.
- On February 22, 2017, the Company acquired Christina Crossing, located in Wilmington, Delaware, for \$27.9 million.

“Cedar continues its steady performance in the context of the evolving retail market. We have resolved four of our five vacant anchor situations at substantial increases to base rent with the fifth vacant anchor in active LOI negotiations. We are encouraged by our defensive grocery-anchored portfolio and our benign debt maturity schedule. Please access the presentation “Cedar in Context” on our investors page at ir.cedarrealtytrust.com/ to view additional materials on this topic that we will discuss on our earnings call later today.” commented Bruce Schanzer, CEO.

Financial Results

Net income attributable to common shareholders for the first quarter of 2017 was \$8.2 million or \$0.10 per diluted share, compared to net loss of \$(1.9) million or \$(0.03) per diluted share for the same period in 2016. The principal difference in the comparative three-month results is gain on sales and costs related to the Chief Operating Officer transition.

NAREIT-defined FFO for the first quarter of 2017 was \$11.5 million or \$0.13 per diluted share, compared to \$7.5 million or \$0.09 per diluted share for the same period in 2016. Operating FFO for the first quarter of 2017 was \$11.7 million or \$0.14 per diluted share, compared to \$12.0 million or \$0.14 per diluted share for the same period in 2016. The principal differences between Operating FFO and FFO are acquisition pursuit, redevelopment, management transition and early extinguishment of debt costs.

Portfolio Update

During the first quarter of 2017, the Company signed 39 leases for 310,200 square feet, all of which are comparable, at a positive lease spread of 5.1% on a cash basis.

As previously announced, four anchors vacated in the fourth quarter of 2015 that had occupied 211,000 square feet with an average base rent of \$7.50 per square foot. As of today, the Company has now leased 180,000 square feet (including 40,000 square feet subsequent to quarter end) of this amount, and are in negotiations for the remaining 31,000 square feet, with an anticipated combined average base rent of approximately \$10.25 per square foot. The expected commencement dates for these new leases range from late 2017 through late 2018. Additionally, as previously disclosed, the Company is in negotiations with several tenants for 55,000 square feet at Carll’s Corner related to an anchor that vacated in the third quarter of 2016, and 63,000 square feet at Fredericksburg Way related to an anchor vacating in the third quarter of 2017.

Same-property NOI for the first quarter of 2017 decreased (1.8)% compared to the same period in 2016. This decrease was driven by our re-anchoring and re-merchandising efforts along with related temporary co-tenancy impacts.

The Company's total portfolio, excluding properties held for sale, was 91.2% leased at March 31, 2017, compared to 91.9% at December 31, 2016 and 91.6% at March 31, 2016. The Company's same-property portfolio was 92.0% leased at March 31, 2017, compared to 92.7% at December 31, 2016 and 92.8% at March 31, 2016.

Acquisitions and Dispositions

On February 1, 2017, the Company sold an outparcel building adjacent to Camp Hill, located in Camp Hill, Pennsylvania. The sales price for the outparcel building was \$10.7 million, resulting in a \$7.1 million gain.

On February 22, 2017, the Company acquired Christina Crossing, located in Wilmington, Delaware. The purchase price for the property, which was unencumbered, was \$27.9 million. The seller has the potential to earn up to an additional \$1.4 million if they complete certain leases for new tenants. The approximate 119,000 square foot property is anchored by a Shop Rite, and sits within a solid trade area with a median three-mile household income of \$50,000 and a three-mile population of 112,000.

Balance Sheet

As of March 31, 2017, the Company had \$151.4 million available under its revolving credit facility and reported net debt to earnings before interest, taxes, depreciation, and amortization (EBITDA) of 7.5 times. On August 1, 2016, the Company entered into a forward sales agreement to issue 5,750,000 common shares for estimated net proceeds of \$44.2 million, before adjustments for dividends paid and other administrative costs prior to settlement. To date, there have been no physical settlements regarding this offering. The Company expects to physically settle the agreement in full prior to its expiration on August 1, 2017. The Company does have the right, at its option, to net settle this agreement in shares or cash prior to its expiration, but does not expect to do so.

2017 Guidance

The Company reaffirms its previously-announced 2017 guidance at a range of \$0.13 to \$0.15 per diluted share for net income attributable to common shareholders, a range of \$0.52 to \$0.54 per diluted share for NAREIT-defined FFO and a range of \$0.53 to \$0.55 per diluted share for Operating FFO.

Non-GAAP Financial Measures

NAREIT-defined FFO (FFO) is a widely recognized supplemental non-GAAP measure utilized to evaluate the financial performance of a REIT. The Company considers FFO to be an appropriate measure of its financial performance because it captures features particular to real estate performance by recognizing that real estate generally appreciates over time or maintains residual value to a much greater extent than other depreciable assets. The Company also considers Operating FFO to be an additional meaningful financial measure of financial performance because it excludes items the Company does not believe are indicative of its core operating performance, such as acquisition pursuit costs, amounts relating to early extinguishment of debt and preferred stock redemption costs, management transition costs and certain redevelopment costs. The Company believes Operating FFO further assists in comparing the Company's performance across reporting periods on a consistent basis by excluding such items. FFO and Operating FFO should be reviewed with GAAP net income attributable to common shareholders, the most directly comparable GAAP financial measure, when trying to understand the Company's operating performance. A reconciliation of net income (loss) attributable to common shareholders to FFO and Operating FFO for the three months ended March 31, 2017 and 2016 is detailed in the attached schedule.

EBITDA is a widely recognized supplemental non-GAAP financial measure. The Company computes EBITDA as net income from continuing operations, plus interest expense (including early extinguishment of debt costs), depreciation and amortization, minority interests' share of consolidated joint venture EBITDA, and discontinued operations. The Company believes EBITDA provides additional information with respect to the Company's performance and ability to meet its future debt service requirements. The Company also considers Adjusted EBITDA to be an additional meaningful financial measure of financial performance because it excludes items the Company does not believe are indicative of its core operating performance, such as acquisition pursuit costs, gain on sales, impairment provisions and management transition costs. The Company believes Adjusted EBITDA further assists in comparing the Company's performance across reporting periods on a consistent basis by excluding such items. EBITDA and Adjusted EBITDA should be reviewed with GAAP net income from continuing operations, the most directly comparable GAAP financial measure, when trying to understand the Company's operating performance.

Same-property NOI is a widely recognized supplemental non-GAAP financial measure for REITs. Properties are included in same-property NOI if they are owned and operated for the entirety of both periods being compared, except for properties undergoing significant redevelopment and expansion until such properties have stabilized, and properties classified as held for sale. Consistent with the capital treatment of such costs under GAAP, tenant improvements, leasing commissions and other direct leasing costs are excluded from same-property NOI. The Company considers same-property NOI useful to investors as it provides an indication of the

recurring cash generated by the Company's properties by excluding certain non-cash revenues and expenses, as well as other infrequent items such as lease termination income which tends to fluctuate more than rents from year to year. Same property NOI should be reviewed with consolidated operating income, the most directly comparable GAAP financial measure.

Supplemental Financial Information Package

The Company has issued "Supplemental Financial Information" for the period ended March 31, 2017. Such information has been filed today as an exhibit to Form 8-K and will also be available on the Company's website at www.cedarrealtytrust.com.

Investor Conference Call

The Company will host a conference call today, May 4, 2017, at 5:00 PM (ET) to discuss the quarterly results. The conference call can be accessed by dialing (877) 705-6003 or (1) (201) 493-6725 for international participants. A live webcast of the conference call will be available online on the Company's website at www.cedarrealtytrust.com.

A replay of the call will be available from 8:00 PM (ET) on May 4, 2017, until midnight (ET) on May 18, 2017. The replay dial-in numbers are (844) 512-2921 or (1) (412) 317-6671 for international callers. Please use passcode 13657456 for the telephonic replay. A replay of the Company's webcast will be available on the Company's website for a limited time.

About Cedar Realty Trust

Cedar Realty Trust, Inc. is a fully-integrated real estate investment trust which focuses on the ownership and operation of primarily grocery-anchored shopping centers straddling the Washington D.C. to Boston corridor. The Company's portfolio (excluding properties treated as "held for sale") comprises 62 properties, with approximately 9.1 million square feet of gross leasable area.

For additional financial and descriptive information on the Company, its operations and its portfolio, please refer to the Company's website at www.cedarrealtytrust.com.

Forward-Looking Statements

Statements made in this press release that are not strictly historical are "forward-looking" statements. Forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause actual results, performance and outcomes to differ materially from those expressed or implied in forward-looking statements. Factors which could cause actual results to differ materially from current expectations include, among others: adverse general economic conditions in the United States and uncertainty in the credit and retail markets; financing risks, such as the inability to obtain new financing or refinancing on favorable terms as the result of market volatility or instability; risks related to the market for retail space generally, including reductions in consumer spending, variability in retailer demand for leased space, tenant bankruptcies, adverse impact of internet sales demand, ongoing consolidation in the retail sector and changes in economic conditions and consumer confidence; risks endemic to real estate and the real estate industry generally; the impact of the Company's level of indebtedness on operating performance; inability of tenants to meet their rent and other lease obligations; adverse impact of new technology and e-commerce developments on the Company's tenants; competitive risk; risks related to the geographic concentration of the Company's properties in the Washington D.C. to Boston corridor; the effects of natural and other disasters; and the inability of the Company to realize anticipated returns from its redevelopment activities. Please refer to the documents filed by Cedar Realty Trust, Inc. with the SEC, specifically the Company's Annual Report on Form 10-K for the year ended December 31, 2016, as it may be updated or supplemented in the Company's Quarterly Reports on Form 10-Q and the Company's other filings with the SEC, which identify additional risk factors that could cause actual results to differ from those contained in forward-looking statements.

Term loan	Feb 2022	3.3%	50,000,000
Term loan	Apr 2023	3.2%	100,000,000
Total unsecured debt	<i>weighted average</i>	2.9%	490,000,000
		Unamortized premium	635,000
		Unamortized mortgage and term loan issuance costs	(3,021,000)
Total debt	<i>weighted average</i>	3.3%	\$ 625,100,000
<u>Fixed to variable rate debt ratio:</u>			
Fixed-rate debt		77.6%	\$ 485,100,000
Variable-rate debt		22.4%	140,000,000
		100.0%	\$ 625,100,000

(a) For variable-rate debt, rate in effect as of March 31, 2017.

(b) Subject to a one-year extension at the Company's option.

(c) The interest rates on these term loans consist of LIBOR plus a credit spread based on the Company's leverage ratio, for which the Company has interest rate swaps which convert the LIBOR rates to fixed rates. Accordingly, these term loans are presented as fixed-rate debt.

(a) The seller has the potential to earn up to an additional \$1.4 million if they complete certain leases for new tenants.

CEDAR REALTY TRUST, INC.
Non-GAAP Financial Disclosures

Funds From Operations (“FFO”) and Operating Funds From Operations (“Operating FFO”)

FFO is a widely recognized supplemental non-GAAP measure utilized to evaluate the financial performance of a REIT. The Company presents FFO in accordance with the definition adopted by the National Association of Real Estate Investments Trusts (“NAREIT”). NAREIT generally defines FFO as net income attributable to common shareholders (determined in accordance with GAAP), excluding gains (losses) from sales of real estate properties, impairment provisions on real estate properties, plus real estate related depreciation and amortization, and adjustments for partnerships and joint ventures to reflect FFO on the same basis. The Company considers FFO to be an appropriate measure of its financial performance because it captures features particular to real estate performance by recognizing that real estate generally appreciates over time or maintains residual value to a much greater extent than other depreciable assets.

The Company also considers Operating FFO to be an additional meaningful financial measure of financial performance because it excludes items the Company does not believe are indicative of its core operating performance, such as acquisition pursuit costs, amounts relating to early extinguishment of debt and preferred stock redemption costs, management transition costs and certain redevelopment costs. The Company believes Operating FFO further assists in comparing the Company’s performance across reporting periods on a consistent basis by excluding such items.

FFO and Operating FFO should be reviewed with GAAP net income attributable to common shareholders, the most directly comparable GAAP financial measure, when trying to understand the Company’s operating performance. FFO and Operating FFO do not represent cash generated from operating activities and should not be considered as an alternative to net income attributable to common shareholders or to cash flow from operating activities. The Company’s computations of FFO and Operating FFO may differ from the computations utilized by other REITs and, accordingly, may not be comparable to such REITs.

Earnings Before Interest, Taxes, Depreciation and Amortization (“EBITDA”) and Adjusted EBITDA

EBITDA is a widely recognized supplemental non-GAAP financial measure. The Company computes EBITDA as net income from continuing operations, plus interest expense (including early extinguishment of debt costs), depreciation and amortization, minority interests share of consolidated joint venture EBITDA and discontinued operations. The Company believes EBITDA provides additional information with respect to the Company’s performance and ability to meet its future debt service requirements.

The Company also considers Adjusted EBITDA to be an additional meaningful financial measure of financial performance because it excludes items the Company does not believe are indicative of its core operating performance, such as acquisition pursuit costs, gain on sales, impairment provisions and management transition charges. The Company believes Adjusted EBITDA further assists in comparing the Company’s performance across reporting periods on a consistent basis by excluding such items.

EBITDA and Adjusted EBITDA should be reviewed with GAAP net income from continuing operations, the most directly comparable GAAP financial measure, when trying to understand the Company’s operating performance. EBITDA and Adjusted EBITDA do not represent cash generated from operating activities and should not be considered as an alternative to income from continuing operations or to cash flow from operating activities. The Company’s computations of EBITDA and Adjusted EBITDA may differ from the computations utilized by other companies and, accordingly, may not be comparable to such companies.

Same-Property Net Operating Income (“Same-Property NOI”)

Same-property NOI is a widely recognized supplemental non-GAAP financial measure for REITs. Properties are included in same-property NOI if they are owned and operated for the entirety of both periods being compared, except for properties undergoing significant redevelopment and expansion until such properties have stabilized, and properties classified as held for sale. Consistent with the capital treatment of such costs under GAAP, tenant improvements, leasing commissions and other direct leasing costs are excluded from same-property NOI. The Company considers same-property NOI useful to investors as it provides an indication of the recurring cash generated by the Company’s properties by excluding certain non-cash revenues and expenses, as well as other infrequent items such as lease termination income which tends to fluctuate more than rents from year to year.

Same-property NOI should be reviewed with consolidated operating income, the most directly comparable GAAP financial measure. Same-property NOI should not be considered as an alternative to consolidated operating income prepared in accordance with GAAP or as a measure of liquidity. The Company’s computations of same-property NOI may differ from the computations utilized by other REITs and, accordingly, may not be comparable to such REITs.
