(Zip Code)

Registrant's telephone number, including area code: (516) 767-6492
Securities registered pursuant to Section 12(b) of the Act:

<i>Title of each class</i>	<i>Name of each exchange on which registered</i>
Common Stock, \$0.06 par value	New York Stock Exchange
8-7/8% Series A Cumulative Redeemable Preferred Stock, \$25.00 Liquidation Value	New York Stock Exchange

Securities registered pursuant to Section 12(g) of the Act: None

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act.

Yes No

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act.

Yes No

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports) and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

Yes No

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K.

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer

Accelerated filer

Non-accelerated filer
(Do not check if a smaller reporting company)

Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes No

Based on the closing sales price on June 30, 2009 of \$4.52 per share, the aggregate market value of the voting stock held by non-affiliates of the registrant was approximately \$196,177,000.

The number of shares outstanding of the registrant's Common Stock \$.06 par value was 62,007,366 on February 28, 2010.

DOCUMENTS INCORPORATED BY REFERENCE:

Portions of the registrant's definitive proxy statement relating to its 2010 annual meeting of shareholders are incorporated herein by reference.

Special Note Regarding Forward-Looking Statements

Certain statements contained in this Annual Report on Form 10-K constitute forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Such forward-looking statements include, without limitation, statements containing the words “anticipates”, “believes”, “expects”, “intends”, “future”, and words of similar import which express the Company’s beliefs, expectations or intentions regarding future performance or future events or trends. While forward-looking statements reflect good faith beliefs, expectations or intentions, they are not guarantees of future performance and involve known and unknown risks, uncertainties and other factors, which may cause actual results, performance or achievements to differ materially from anticipated future results, performance or achievements expressed or implied by such forward-looking statements as a result of factors outside of the Company’s control. Certain factors that might cause such differences include, but are not limited to, the following: real estate investment considerations, such as the effect of economic and other conditions in general and in the Company’s market areas in particular; the financial viability of the Company’s tenants (including an inability to pay rent, filing for bankruptcy protection, closing stores and/or vacating the premises); the continuing availability of acquisition, development and redevelopment opportunities, on favorable terms; the availability of equity and debt capital (including the availability of construction financing) in the public and private markets; the availability of suitable joint venture partners and potential purchasers of the Company’s properties if offered for sale; the ability of the Company’s joint venture partner to fund its share of future property acquisitions; changes in interest rates; the fact that returns from acquisition, development and redevelopment activities may not be at expected levels or at expected times; risks inherent in ongoing development and redevelopment projects including, but not limited to, cost overruns resulting from weather delays, changes in the nature and scope of development and redevelopment efforts, changes in governmental regulations relating thereto, and market factors involved in the pricing of material and labor; the need to renew leases or re-let space upon the expiration or termination of current leases and incur applicable required replacement costs; and the financial flexibility of ourselves and our joint venture partners to repay or refinance debt obligations when due and to fund tenant improvements and capital expenditures. The Company does not intend, and disclaims any duty or obligation, to update or revise any forward-looking statements set forth in this report to reflect any change in expectations, change in information, new information, future events or other circumstances on which such information may have been based. See Item 1A. “Risk Factors” elsewhere herein.

Part I.

Items 1 and 2. Business and Properties

General

Cedar Shopping Centers, Inc. (the “Company”), organized in 1984, is a fully-integrated real estate investment trust which focuses primarily on ownership, operation, development and redevelopment of supermarket-anchored shopping centers in mid-Atlantic and Northeast coastal states. At December 31, 2009, the Company owned and managed (both wholly-owned and in joint venture) a portfolio of 119 operating properties totaling approximately 13.0 million square feet of gross leasable area (“GLA”), including 95 wholly-owned properties comprising approximately 9.5 million square feet, 13 properties owned in joint venture (consolidated) comprising approximately 1.7 million square feet, seven properties transferred or to be transferred to a managed joint venture (unconsolidated) comprising approximately 1.2 million square feet, and four ground-up developments comprising approximately 0.6 million square feet. Excluding the four ground-up development properties, the 115 property portfolio was approximately 91% leased at December 31, 2009; the 101 property “stabilized” portfolio was approximately 95% leased at that date. The Company also owned approximately 196 acres of land parcels, a significant portion of which is under development. In addition, the Company has a 76.3% interest in another unconsolidated joint venture, which it does not manage, which owns a single-tenant office property in Philadelphia, Pennsylvania.

The Company has elected to be taxed as a real estate investment trust (“REIT”) under applicable provisions of the Internal Revenue Code of 1986, as amended (the “Code”). To qualify as a REIT under those provisions, the Company must have a preponderant percentage of its assets invested in, and income derived from, real estate and related sources. The Company’s objectives are to provide to its shareholders a professionally-managed, diversified portfolio of commercial real estate investments (primarily supermarket-anchored shopping centers), which will provide substantial cash flow, currently and in the future, taking into account an acceptable modest risk profile, and which will present opportunities for additional growth in income and capital appreciation.

The Company, organized as a Maryland corporation, has established an umbrella partnership structure through the contribution of substantially all of its assets to Cedar Shopping Centers Partnership L.P. (the “Operating Partnership”), organized as a limited partnership under the laws of Delaware. The Company conducts substantially all of its business through the Operating Partnership. At December 31, 2009, the Company owned 96.3% of the Operating Partnership and is its sole general partner. The approximately 2,006,000 limited Operating Partnership Units (“OP Units”) are economically equivalent to the Company’s common stock and are convertible into the Company’s common stock at the option of the holders on a one-to-one basis.

The Company derives substantially all of its revenues from rents and operating expense reimbursements received pursuant to long-term leases. The Company’s operating results therefore depend on the ability of its tenants to make the payments required by the terms of their leases. The

Table of Contents

Company focuses its investment activities on supermarket-anchored community shopping centers. The Company believes that, because of the need of consumers to purchase food and other staple goods and services generally available at such centers, its type of “necessities”-based properties should provide relatively stable revenue flows even during difficult economic times.

In connection with the transactions with RioCan (more fully described below), the Company will seek to acquire primarily stabilized supermarket-anchored properties in its primary market areas during the next two years in a joint venture owned 20% by the Company. The Company has historically sought opportunities to acquire properties suited for development and/or redevelopment, and, to a lesser extent than in the past, stabilized properties, where it can utilize its experience in shopping center construction, renovation, expansion, re-leasing and re-merchandising to achieve long-term cash flow growth and favorable investment returns.

The Company, the Operating Partnership, their subsidiaries and affiliated partnerships are separate legal entities. For ease of reference, the terms “we”, “our”, “us”, “Company” and “Operating Partnership” (including their respective subsidiaries and affiliates) refer to the business and properties of all these entities, unless the context otherwise requires. The Company’s executive offices are located at 44 South Bayles Avenue, Port Washington, New York 11050-3765 (telephone 516-767-6492). The Company also currently maintains property management, construction management and/or leasing offices at several of its shopping-center properties. The Company’s website can be accessed at www.cedarshoppingcenters.com, where a copy of the Company’s Forms 10-K, 10-Q, 8-K and other filings with the Securities and Exchange Commission (“SEC”) can be obtained free of charge. These SEC filings are added to the website as soon as reasonably practicable. The Company’s Code of Ethics, corporate governance guidelines and committee charters are also available on the website.

Recent Developments and Significant Transactions

Public Offering of Common Stock

On February 5, 2010, the Company concluded a public offering of 7,500,000 shares of its common stock at \$6.60 per share, and realized net proceeds after offering expenses of approximately \$47.0 million. On March 3, 2010, the underwriters exercised their over-allotment option to the extent of 697,800 shares, and the Company realized additional net proceeds of \$4.4 million. In connection with the offering, RioCan (see below) acquired 1,350,000 shares of the Company’s common stock, including 100,000 shares acquired in connection with the exercise of the over-allotment option, and the Company realized net proceeds of \$8.9 million.

Reinstatement of Dividend

In December 2009, following a review of the state of the economy and the Company’s financial position, the Company’s Board of Directors determined to resume payment of a quarterly cash dividend in the amount of \$0.09 per share (\$0.36 per share on an annualized basis) on the Company’s common stock, which was paid on January 20, 2010 to shareholders of record as of the close of business on December 31, 2009.

RioCan

On October 26, 2009, the Company entered into definitive agreements with RioCan Real Estate Investment Trust of Toronto, Canada, a publicly-traded Canadian real estate investment trust listed on the Toronto Stock Exchange (“RioCan”), pursuant to which the Company (1) sold to RioCan 6,666,666 shares of the Company’s common stock at \$6.00 per share in a private placement for an aggregate of \$40 million (RioCan agreeing that it would not sell any of such shares for a period of one year), (2) issued to RioCan warrants to purchase 1,428,570 shares of the Company’s common stock at an exercise price of \$7.00 per share, exercisable over a two-year period, (3) entered into an 80% (RioCan) and 20% (Cedar) joint venture (i) initially for the purchase of seven supermarket-anchored properties presently owned by the Company, and (ii) then to acquire additional primarily supermarket-anchored properties in the Company’s primary market areas during the next two years, in the same joint venture format, and (4) entered into a “standstill” agreement with respect to increases in RioCan’s ownership of the Company’s common stock for a three-year period. In addition, subject to certain exceptions, the Company has agreed that it will not issue any new shares of common stock unless RioCan is offered the right to purchase an additional number of shares that will maintain its pro rata percentage ownership, on a fully diluted basis. In connection with the formation of the joint venture, the Company recorded an impairment charge of \$23.6 million relating to the seven properties transferred or to be transferred to the joint venture.

The private placement investment by RioCan and the issuance of the warrants by the Company were concluded on October 30, 2009. Two of the properties (Blue Mountain Commons located in Harrisburg, Pennsylvania and Sunset Crossing located in Dickson City, Pennsylvania) were transferred to the joint venture on December 10, 2009, resulting in proceeds to the Company of approximately \$33 million (in connection with the closing, a repayment of \$25.9 million was required under the Company’s secured revolving development property credit facility). The remaining five properties are subject to mortgage loans payable aggregating approximately \$94 million. Two of the properties (Columbus Crossing Shopping Center located in Philadelphia, Pennsylvania and Franklin Village Plaza located in Franklin, Massachusetts) were transferred to the joint venture in January and February 2010, resulting in net proceeds to the Company of approximately \$16 million. The remaining three properties (Loyal Plaza Shopping Center located in Williamsport, Pennsylvania, Shaw’s Plaza located in Raynham, Massachusetts, and Stop & Shop Plaza located in Bridgeport, Connecticut) are to be transferred during the first half of 2010, resulting in net proceeds to the Company of an additional approximately \$16 million.

In connection with the transfers of the seven properties to the joint venture and the private placement transactions, the Company will have received aggregate net proceeds of approximately \$105 million, after estimated closing and transaction costs, which have been or will be used to repay/reduce the outstanding balances under the Company’s secured revolving credit facilities.

Amended and Restated Credit Facility

On November 10, 2009, the Company closed an amended and restated secured revolving stabilized property credit facility in the amount of \$265 million (subsequently increased to \$285 million), with Bank of America, N.A. continuing as administrative agent, together with three other lead lenders and other participating banks. The facility, as amended, is expandable to \$400 million

[Table of Contents](#)

subject to certain conditions, including acceptable collateral. This amended and restated facility replaced the existing facility that was due to expire on January 30, 2010, and will continue to be available to fund acquisitions, certain development and redevelopment activities, capital expenditures, mortgage repayments, dividend distributions, working capital and other general corporate purposes. The new facility has a maturity date of January 31, 2012, subject to a one-year extension option. As a result of the application of the net proceeds from, among other things, the transfers of two of the remaining properties to the RioCan joint venture and the sales of shares of the Company's common stock in February and March 2010, the Company's availability under this facility has increased to approximately \$104 million as of March 3, 2010.

Joint Venture With PCP

On January 30, 2009, a newly-formed 40% Company-owned joint venture acquired the New London Mall in New London, Connecticut, an approximate 259,000 square foot supermarket-anchored shopping center, for a purchase price of approximately \$40.7 million. The purchase price included the assumption of an existing \$27.4 million first mortgage bearing interest at 4.9% per annum and maturing in 2015. The total joint venture partnership contribution was approximately \$14.0 million, of which the Company's 40% share (\$5.6 million) was funded from its secured revolving stabilized property credit facility. The Company is the managing partner of the venture and receives certain acquisition, property management, construction management and leasing fees. In addition, the Company will be entitled to a "promote" fee structure, pursuant to which its profits participation would be increased to 44% if the venture reaches certain income targets. The Company's joint venture partners are affiliates of Prime Commercial Properties PLC ("PCP"), a London-based real estate/development company.

On February 10, 2009, a second newly-formed (also with affiliates of PCP) 40% Company-owned joint venture acquired San Souci Plaza in California, Maryland, an approximate 264,000 square foot supermarket-anchored shopping center, for a purchase price of approximately \$31.8 million. The purchase price included the assumption of an existing \$27.2 million first mortgage bearing interest at 6.2% per annum and maturing in 2016. The total joint venture partnership contribution was approximately \$5.8 million, of which the Company's 40% share (\$2.3 million) was funded from its secured revolving stabilized property credit facility. The Company is the managing partner of the venture and receives certain acquisition, property management, construction management and leasing fees. In addition, the Company will be entitled to a "promote" fee structure, pursuant to which its profits participation would be increased to 44% if the venture reaches certain income targets.

Discontinued Operations

During 2009, the Company sold, or has treated as "held for sale", nine of its drug store/convenience centers, located in Ohio and New York, aggregating 304,000 square feet of GLA, including the 6,000 square foot McDonalds/Waffle House, located in Medina, Ohio, the 10,000 square foot CVS property located in Westfield, New York, the 24,000 square foot Staples property located in Oswego, New York, the 32,000 square foot Discount Drug Mart Plaza located in Hudson, Ohio, the 38,000 square foot Discount Drug Mart Plaza located in Dover, Ohio, the 84,000 square foot Gabriel Brothers property located in Kent, Ohio, the 40,000 square foot Discount Drug Mart Plaza located in Carrollton, Ohio, the 20,000 square foot Pondsides Plaza located in Geneseo, New York, and the 50,000 square foot Discount Drug Mart Plaza located in Powell, Ohio. The aggregate of the sales prices for the

[Table of Contents](#)

nine properties is approximately \$27.1 million, and the properties are subject to property-specific mortgage loans payable of approximately \$17.7 million. In connection with these transactions, the Company recorded impairment charges aggregating \$3.6 million, and has realized gain on sales of \$557,000. The carrying values of the assets and liabilities of these properties, principally the net book values of the real estate and the related mortgage loans payable, have been reclassified as “held for sale” on the Company’s consolidated balance sheets at December 31, 2009 and 2008. In addition, the properties’ results of operations have been classified as “discontinued operations” for all periods presented.

The Company’s Properties

The following tables summarize information relating to the Company’s properties as of December 31, 2009:

State	Number of properties	GLA (Sq. ft.)	Land	Building and improvements	Total cost	Accumulated depreciation	Net book value	Unconsolidated joint venture managed properties	Real estate to be transferred to a joint venture

- (a) Includes unconsolidated managed joint venture properties.
- (b) Includes tenants at ground-up development properties.
- (c) Includes vacant space at properties undergoing development and/or redevelopment activities.

The terms of the Company's retail leases generally vary from tenancies at will to 25 years, excluding renewal options. Anchor tenant leases are typically for 10 to 25 years, with one or more renewal options available to the lessee upon expiration of the initial lease term. By contrast, smaller store leases are typically negotiated for 5-year terms. The longer terms of major tenant leases serve to protect the Company against significant vacancies and to assure the presence of strong tenants which draw consumers to its centers. The shorter terms of smaller store leases allow the Company under appropriate circumstances to adjust rental rates periodically for non-major store space and, where possible, to upgrade or adjust the overall tenant mix.

Most leases contain provisions requiring tenants to pay their pro rata share of real estate taxes, insurance and certain operating costs. Some leases also provide that tenants pay percentage rent based upon sales volume generally in excess of certain negotiated minimums.

Giant Food Stores, LLC ("Giant Foods"), which is owned by Ahold N.V., a Netherlands corporation, leased approximately 10%, 9% and 9% of the Company's GLA at December 31, 2009, 2008 and 2007, respectively, and accounted for approximately 12%, 12% and 13% of the Company's total revenues during 2009, 2008 and 2007, respectively. Giant Foods, in combination with Stop & Shop, Inc., which is also owned by Ahold N.V., accounted for approximately 15%, 15% and 15% of the Company's total revenues during 2009, 2008 and 2007, respectively.

Table of Contents

Of these amounts, 3%, respectively, were attributable to Giant Foods' revenues at the seven properties transferred or to be transferred to the RioCan joint venture, for each of the periods presented. No other tenant leased more than 10% of GLA at December 31, 2009, 2008 or 2007, or contributed more than 10% of total revenues during 2009, 2008 or 2007. No individual property had a net book value equal to more than 10% of total assets at December 31, 2009, 2008 or 2007.

Depreciation on all of the Company's properties is calculated using the straight-line method over the estimated useful lives of the respective real properties and improvements, which range from three to forty years.

The Company's executive offices are located at 44 South Bayles Avenue, Port Washington, New York, in which it presently occupies approximately 8,600 square feet leased from a partnership owned 43.6% by the Company's Chairman. Under the terms of the lease, as amended, which will expire in February 2020, the Company will add an additional 6,400 square feet by the end of 2010. The Company believes that the terms of its lease are at market.

Competition

The Company believes that competition for the acquisition and operation of retail shopping and convenience centers is highly fragmented. It faces competition from institutional investors, public and private REITs, owner-operators engaged in the acquisition, ownership and leasing of shopping centers, as well as from numerous local, regional and national real estate developers and owners in each of its markets. It also faces competition in leasing available space at its properties to prospective tenants. Competition for tenants varies depending upon the characteristics of each local market in which the Company owns and manages properties. The Company believes that the principal competitive factors in attracting tenants in its market areas are location, price and other lease terms, the presence of anchor tenants, the mix, quality and sales results of other tenants, and maintenance, appearance, access and traffic patterns of its properties.

Environmental Matters

Under various federal, state, and local laws, ordinances and regulations, an owner or operator of real estate may be required to investigate and clean up hazardous or toxic substances or other contaminants at property owned, leased, managed or otherwise operated by such person, and may be held liable to a governmental entity or to third parties for property damage, and for investigation and clean up costs in connection with such contamination. The cost of investigation, remediation or removal of such substances may be substantial, and the presence of such substances, or the failure to properly remediate such conditions, may adversely affect the owner's, lessor's or operator's ability to sell or rent such property or to arrange financing using such property as collateral. In connection with the ownership, operation and management of real estate, the Company may potentially become liable for removal or remediation costs, as well as certain other related costs and liabilities, including governmental fines and injuries to persons and/or property.

The Company believes that environmental studies conducted at the time of acquisition with respect to all of its properties have not revealed environmental liabilities that would have a material adverse affect on its business, results of operations or liquidity. However, no assurances can be given

[Table of Contents](#)

that existing environmental studies with respect to any of the properties reveal all environmental liabilities, that any prior owner of or tenant at a property did not create a material environmental condition not known to the Company, or that a material environmental condition does not otherwise exist at any one or more of its properties. If a material environmental condition does in fact exist, it could have an adverse impact upon the Company's financial condition, results of operations and liquidity.

Employees

As of December 31, 2009, the Company had 102 employees (95 full-time and 7 part-time). The Company believes that its relations with its employees are good.

Item 1A. Risk Factors

Economic conditions in the U.S. economy, instability in the credit markets and the uncertain retail environment could adversely affect our ability to continue to pay dividends or cause us to reduce further the amount of our dividends.

As a result of the current state of the U.S. economy, constrained capital markets, the difficult retail environment and the need to renew the Company's secured revolving stabilized property line of credit facility, on January 29, 2009, our Board of Directors reduced our annual dividend rate on our common stock from \$.90 per share to \$.45 per share and on April 2, 2009 suspended the payment of dividends. Although the Board recently reinstated dividends at the annual rate of \$.36 per share, there can be no assurance that as a result of economic conditions the Company will not be forced to reduce further, or once again suspend, the payment of dividends.

Volatility and instability in the credit markets could adversely affect our ability to obtain new financing or to refinance existing indebtedness

There continues to be substantial volatility and instability in the credit markets. We have recently witnessed the near-complete disappearance of commercial mortgage-backed securities ("CMBS") as a means of financing real estate. Such CMBS financings, generally at a fixed rate for a period of 10 years, represent the preponderance of fixed-rate financing for the Company's existing stabilized portfolio. It is highly unlikely that a market for such securities and the availability of such loans will be accessible by the Company for an indefinite period, or perhaps ever. Continued uncertainty in the credit markets may negatively impact our ability to access additional debt financing, to arrange property-specific financing or to refinance our existing debt as it matures on favorable terms or at all. As a result, we may be forced to seek potentially less attractive financings, including equity investments on terms that may not be favorable to us. In doing so, the Company may be compelled to dilute the interests of existing shareholders that could also adversely reduce the trading price of our common stock.

Our properties consist primarily of community shopping and convenience centers. Our performance therefore is linked to economic conditions in the market for retail space generally.

Table of Contents

Our properties consist primarily of supermarket-anchored community shopping centers, and our performance therefore is linked to economic conditions in the market for retail space generally. This also means that we are subject to the risks that affect the retail environment generally, including the levels of consumer spending, the willingness of retailers to lease space in our shopping centers, tenant bankruptcies, changes in economic conditions and consumer confidence. A sustained downturn in the U.S. economy and reduced consumer spending could impact our tenants' ability to meet their lease obligations due to poor operating results, lack of liquidity or other reasons and therefore decrease the revenue generated by our properties or the value of our properties. Our ability to lease space and negotiate and maintain favorable rents could also be negatively impacted by the current state of the U.S. economy. Moreover, the demand for leasing space in our existing shopping centers as well as our development properties could also significantly decline during a significant downturn in the U.S. economy that could result in a decline in our occupancy percentage and reduction in rental revenues. The U.S. economy has generally experienced during recent months, and is expected to continue to experience, substantial unemployment at rates which approach their highest levels in the country's history. Such levels of reported unemployment may in fact mask more serious unemployment issues, such as persons who have not sought to re-enter the labor force after having been unemployed for substantial periods of time and, further, may not fairly reflect persons who are under-employed or temporarily employed. In addition, the prospects of substantial decreases in the levels of unemployment in the near term do not appear to be positive. Sustained levels of high unemployment can be expected to have a serious negative impact on consumer spending in affected areas. While unemployment levels may vary considerably in different areas of the country, and within the markets in which we presently operate, sustained unemployment may have a continuing negative impact on sales by our tenants at our various shopping centers.

A number of tenants in negotiating or renegotiating leases have sought to limit their payment of base rent, allocable common area charges and real estate taxes. In fact, the Company's collection of common area charges has declined and may decline further as a result of vacancies, default, and tenant resistance.

Our performance and value are subject to risks associated with real estate assets and with the real estate industry.

Our performance and value are subject to risks associated with real estate assets and with the real estate industry, including, among other things, risks related to adverse changes in national, regional and local economic and market conditions. Our continued ability to make expected distributions to our shareholders depends on our ability to generate sufficient revenues to meet operating expenses, future debt service and capital expenditure requirements. Events and conditions generally applicable to owners and operators of real property that are beyond our control may decrease cash available for distribution and the value of our properties. These events and conditions include, but may not be limited to, the following:

1. local oversupply, increased competition or declining demand for real estate;
2. local economic conditions, which may be adversely impacted by plant closings, business layoffs, industry slow-downs, weather conditions, natural disasters and other factors;

Table of Contents

3. non-payment or deferred payment of rent or other charges by tenants, either as a result of tenant-specific financial ills, or general economic events or circumstances adversely affecting consumer disposable income or credit;
4. vacancies or an inability to rent space on acceptable terms;
5. inability to finance property development, tenant improvements and acquisitions on acceptable terms;
6. increased operating costs, including real estate taxes, insurance premiums, utilities, repairs and maintenance;
7. volatility and/or increases in interest rates, or the non-availability of funds in the credit markets in general;
8. increased costs of complying with current, new or expanded governmental regulations;
9. the relative illiquidity of real estate investments;
10. changing market demographics;
11. changing traffic patterns;
12. an inability to arrange property-specific replacement financing for maturing mortgage loans in acceptable amounts or on acceptable terms;

Our substantial indebtedness and constraints on credit may impede our operating performance, as well as our development, redevelopment and acquisition activities, and put us at a competitive disadvantage.

We intend to incur additional debt in connection with the development and redevelopment of properties owned by us and in connection with future acquisitions of real estate. We also may borrow funds to make distributions to shareholders. If we are unable to obtain such financing, we may be forced to delay or cancel such development, redevelopment and acquisition activities, which might require us to record a loss, might impair our future growth, and which in turn may harm our stock price. Our debt may harm our business and operating results by (i) requiring us to use a substantial portion of our available liquidity to pay required debt service and/or repayments or establish additional reserves, which would reduce the amount available for distributions, (ii) placing us at a competitive disadvantage compared to competitors that have less debt or debt at more favorable terms, (iii) making us more vulnerable to economic and industry downturns and reducing our flexibility in responding to changing business and economic conditions, and (iv) limiting our ability to borrow more money for operations, capital expenditures, or to finance development, redevelopment and acquisition activities in the future. Increases in interest rates may impede our operating performance and put us at a competitive disadvantage. Payments of required debt service or amounts due at maturity, or creation of additional reserves under loan agreements, could adversely affect our liquidity.

[Table of Contents](#)

As substantially all of our revenues are derived from rental income, failure of tenants to pay rent or delays in arranging leases and occupancy at our properties, particularly with respect to anchor tenants, could seriously harm our operating results and financial condition.

Substantially all of our revenues are derived from rental income from our properties. Our tenants may experience a downturn in their respective businesses and/or in the economy generally at any time that may weaken their financial condition. As a result, any such tenants may delay lease commencement, fail to make rental payments when due, decline to extend a lease upon its expiration, become insolvent, or declare bankruptcy. Any leasing delays, failure to make rental or other payments when due, or tenant bankruptcies, could result in the termination of tenants' leases, which would have a negative impact on our operating results. In addition, adverse market and economic conditions and competition may impede our ability to renew leases or re-let space as leases expire, which could harm our business and operating results.

Our business may be seriously harmed if a major tenant fails to renew its lease(s) or vacates one or more properties and prevents us from re-leasing such premises by continuing to pay base rent for the balance of the lease terms. In addition, the loss of such a major tenant could result in lease terminations or reductions in rent by other tenants, as provided in their respective leases.

We may be restricted from re-leasing space based on existing exclusivity lease provisions with some of our tenants. In these cases, the leases contain provisions giving the tenant the exclusive right to sell particular types of merchandise or provide specific types of services within the particular retail center which limit the ability of other tenants within that center to sell such merchandise or provide such services. When re-leasing space after a vacancy by one of such other tenants, such lease provisions may limit the number and types of prospective tenants for the vacant space. The failure to re-lease space or to re-lease space on satisfactory terms could harm operating results.

Any bankruptcy filings by, or relating to, one of our tenants or a lease guarantor would generally bar efforts by us to collect pre-bankruptcy debts from that tenant, or lease guarantor, unless we receive an order permitting us to do so from the bankruptcy court. A bankruptcy by a tenant or lease guarantor could delay efforts to collect past due balances, and could ultimately preclude full collection of such sums. If a lease is affirmed by the tenant in bankruptcy, all pre-bankruptcy balances due under the lease must generally be paid in full. However, if a lease is disaffirmed by a tenant in bankruptcy, we would have only an unsecured claim for damages, which would be paid normally only to the extent that funds are available, and only in the same percentage as is paid to all other members of the same class of unsecured creditors. It is possible and indeed likely that we would recover substantially less than the full value of any unsecured claims we hold, which may in turn harm our financial condition.

Competition may impede our ability to renew leases or re-let spaces as leases expire, which could harm our business and operating results.

We also face competition from similar retail centers within our respective trade areas that may affect our ability to renew leases or re-let space as leases expire. The recent increase in national retail chain bankruptcies has increased available retail space and has increased competitive pressure to renew tenant leases upon expiration and find new tenants for vacant space at our properties. In addition, any new competitive properties that are developed within the trade areas of our existing properties may

result in increased competition for customer traffic and creditworthy tenants. Increased competition for tenants may require us to make tenant and/or capital improvements to properties beyond those that we would otherwise have planned to make. Any unbudgeted tenant and/or capital improvements we undertake may reduce cash that would otherwise be available for distributions to shareholders. Ultimately, to the extent we are unable to renew leases or re-let space as leases expire, our business and operations could be negatively impacted.

We face competition for the acquisition of real estate properties, which may impede our ability to make future acquisitions or may increase the cost of these acquisitions.

We compete with many other entities engaged in real estate investment activities for acquisitions of retail shopping centers, including institutional investors, other REITs and other owner-operators of shopping centers. These competitors may drive up the price we must pay for real estate properties, other assets or other companies we seek to acquire or may succeed in acquiring those companies or assets themselves. In addition, our potential acquisition targets may find our competitors to be more attractive suitors because they may have greater resources, may be willing to pay more, or may have a more compatible operating philosophy. In addition, the number of entities and the amount of funds competing for suitable investment properties may increase. This will result in increased demand for these assets and therefore increased prices paid for them. If we pay higher prices for properties, our profitability will be reduced.

Our current and future joint venture investments could be adversely affected by the lack of sole decision-making authority, reliance on joint venture partners' financial condition, and any disputes that may arise between our joint venture partners and us.

We presently own a number of our properties in joint venture, and in the future we intend to co-invest with third parties through joint ventures and/or contribute some of our properties to joint ventures. In addition, we have a 76% interest in an unconsolidated joint venture that owns a single-tenant office property. We may not be in a position to exercise sole decision-making authority regarding the properties owned through joint ventures. Investments in joint ventures may, under certain circumstances, involve risks not present when a third party is not involved, including the possibility that joint venture partners might file for bankruptcy protection or fail to fund their share of required capital contributions. Joint venture partners may have business interests or goals that are inconsistent with our business interests or goals, and may be in a position to take actions contrary to our policies or objectives. Such investments also may have the potential risk of impasses on decisions, such as a sale, because neither the joint venture partner nor we would have full control over the joint venture. Any disputes that may arise between joint venture partners and us may result in litigation or arbitration that would increase our expenses and prevent our officers and/or directors from focusing their time and effort on our business. Consequently, actions by or disputes with joint venture partners might result in subjecting properties owned by the joint venture to additional risk. In addition, we may in certain circumstances be liable for the actions of our third-party joint venture partners. Our joint venture partner(s) or we may not be in a position to respond to capital calls, and such calls could thus adversely affect our ownership or profits interest through subordination, dilution or super priorities. Also, the triggering of buy/sell provisions in the respective joint venture agreements could adversely affect our ownership interests.

The financial covenants in our loan agreements may restrict our operating or acquisition activities, which may harm our financial condition and operating results.

The financial covenants in our loan agreements may restrict our operating or acquisition activities, which may harm our financial condition and operating results. The mortgages on our properties contain customary negative covenants, such as those that limit our ability, without the prior consent of the lender, to sell or otherwise transfer any ownership interest, to further mortgage the applicable property, to enter into leases, or to discontinue insurance coverage. Our ability to borrow under our secured revolving credit facilities is subject to compliance with these financial and other covenants, including restrictions on property eligible for collateral, the payment of dividends, and overall restrictions on the amount of indebtedness we can incur. If we breach covenants in our debt agreements, the lenders could declare a default and require us to repay the debt immediately and, if the debt is secured, could take possession of the property or properties securing the loan.

A substantial portion of our properties are located in the mid-Atlantic and Northeast coastal regions, which exposes us to greater economic risks than if our properties were owned in several geographic regions.

Our properties are located largely in the mid-Atlantic and Northeast coastal regions, which exposes us to greater economic risks than if we owned properties in more geographic regions. Any adverse economic or real estate developments resulting from the regulatory environment, business climate, fiscal problems or weather in such regions could have an adverse impact on our prospects. In addition, the economic condition of each of our markets may be dependent on one or more industries. An economic downturn in one of these industry sectors may result in an increase in tenant vacancies, which may harm our performance in the affected markets. High barriers to entry in the Northeast due to mature economies, road patterns, density of population, restrictions on development, and high land costs, coupled with large numbers of often overlapping government jurisdictions, may make it difficult for the Company to continue to grow in these areas.

Development and redevelopment activities may be delayed or otherwise may not achieve expected results.

Development and/or redevelopment activities may be cancelled, terminated, abandoned, and/or delayed, or otherwise may not achieve expected results due, among other things, to our inability to achieve favorable leasing results, to obtain all required permits and approvals, and to finance such development activities. We are in the process of developing/redeveloping several of our properties and expect to continue such activities in the future. In this connection, we will bear certain risks, including the risks of failure/lack of, or withdrawal of, expected entitlements, construction delays or cost overruns (including increases in materials and/or labor costs) that may increase project costs and make such project uneconomical, the risk that occupancy or rental rates at a completed project will not be sufficient to enable us to pay operating expenses or achieve targeted rates of return on investment, and the risk of incurring acquisition and/or predevelopment costs in connection with projects that are not pursued to completion. Development/redevelopment activities are also generally subject to governmental permits and approvals, which may be delayed, may not be obtained, or may be conditioned on terms unfavorable

[Table of Contents](#)

to us. In addition, consents may be required from various tenants, lenders, and/or joint venture partners. In case of an unsuccessful project, our loss could exceed our investment in the project.

Our success depends on key personnel whose continued service is not guaranteed.

Our success depends on the efforts of key personnel, whose continued service is not guaranteed. Key personnel could be lost because we could not offer, among other things, competitive compensation programs. Also, we have greatly reduced our acquisition and development operations which could require a downsizing in staffing of those activities and related operations within the Company. The loss of services of key personnel could materially and adversely affect our operations because of diminished relationships with lenders, sources of equity capital, construction companies, and existing and prospective tenants, and the ability to conduct our business and operations without material disruption.

Potential losses may not be covered by insurance.

Potential losses may not be covered by insurance. We carry comprehensive liability, fire, flood, extended coverage and rental loss insurance under a blanket policy covering all of our properties. We believe the policy specifications and insured limits are appropriate and adequate given the relative risk of loss, the cost of the coverage and industry practice. We do not carry insurance for losses such as from war, nuclear accidents, and nuclear, biological and chemical occurrences from terrorist's acts. Some of the insurance, such as that covering losses due to floods and earthquakes, is subject to limitations involving large deductibles or co-payments and policy limits that may not be sufficient to cover losses. Additionally, certain tenants have termination rights in respect of certain casualties. If we receive casualty proceeds, we may not be able to reinvest such proceeds profitably or at all, and we may be forced to recognize taxable gain on the affected property. If we experience losses that are uninsured or that exceed policy limits, we could lose the capital invested in the damaged properties as well as the anticipated future cash flows from those properties. In addition, if the damaged properties are subject to recourse indebtedness, we would continue to be liable for the indebtedness, even if these properties were irreparably damaged.

Future terrorist attacks could harm the demand for, and the value of, our properties.

Future terrorist attacks, such as the attacks that occurred in New York, Pennsylvania and Washington, D.C. on September 11, 2001, and other acts of terrorism or war, could harm the demand for, and the value of, our properties. Terrorist attacks could directly impact the value of our properties through damage, destruction, loss or increased security costs, and the availability of insurance for such acts may be limited or may be subject to substantial cost increases. To the extent that our tenants are impacted by future attacks, their ability to continue to honor obligations under their existing leases could be adversely affected.

If we fail to continue as a REIT, our distributions will not be deductible, and our income will be subject to taxation, thereby reducing earnings available for distribution.

If we do not continue to qualify as a REIT, our distributions will not be deductible, and our income will be subject to taxation, reducing earnings available for distribution. We have elected since 1986 to be taxed as a REIT under the Code. A REIT will generally not be subject to federal income

[Table of Contents](#)

taxation on that portion of its income that qualifies as REIT taxable income, to the extent that it distributes at least 90% of its taxable income to its shareholders and complies with certain other requirements.

We intend to make distributions to shareholders to comply with the requirements of the Code. However, differences in timing between the recognition of taxable income and the actual receipt of cash could require us to sell assets, borrow funds or pay a portion of the dividend in common stock to meet the 90% distribution requirement of the Code. Certain assets generate substantial differences between taxable income and income recognized in accordance with accounting principles generally accepted in the United States (“GAAP”). Such assets include, without limitation, operating real estate that was acquired through structures that may limit or completely eliminate the depreciation deduction that would otherwise be available for income tax purposes. As a result, the Code requirement to distribute a substantial portion of our otherwise net taxable income in order to maintain REIT status could cause us to (i) distribute amounts that could otherwise be used for future acquisitions, capital expenditures or repayment of debt, (ii) borrow on unfavorable terms, (iii) sell assets on unfavorable terms or (iv) pay a portion of our common dividend in common stock. If we fail to obtain debt or equity capital in the future, it could limit our operations and our ability to grow, which could have a material adverse effect on the value of our common stock.

Dividends payable by REITs do not qualify for the reduced tax rates under tax legislation which reduced the maximum tax rate for dividends payable to individuals from 35% to 15% (through 2010). Although this legislation does not adversely affect the taxation of REITs or dividends paid by REITs, the more favorable rates applicable to regular corporate dividends could cause investors to perceive investments in REITs to be relatively less attractive than investments in the stock of corporations that pay dividends qualifying for reduced rates of tax, which in turn could adversely affect the value of the stock of REITs.

We could incur significant costs related to government regulation and litigation over environmental matters and various other federal, state and local regulatory requirements.

We could incur significant costs related to government regulations and litigation over environmental matters. Under various federal, state and local laws, ordinances and regulations, an owner or operator of real estate may be required to investigate and clean up hazardous or toxic substances or other contaminants at property owned, leased, managed or otherwise operated by such person, and may be held liable to a governmental entity or to third parties for property damage, and for investigation and clean up costs in connection with such contamination. The cost of investigation, remediation or removal of such substances may be substantial, and the presence of such substances, or the failure to properly remediate such conditions, may adversely affect the owner’s, lessor’s or operator’s ability to sell or rent such property or to arrange financing using such property as collateral. In connection with the ownership, operation and management of real properties, we are potentially liable for removal or remediation costs, as well as certain other related costs and liabilities, including governmental fines, injuries to persons, and damage to property.

We may incur significant costs complying with the Americans with Disabilities Act of 1990 (the “ADA”) and similar laws, which require that all public accommodations meet federal requirements

related to access and use by disabled persons, and with various other federal, state and local regulatory requirements, such as state and local fire and life safety requirements.

The Company believes environmental studies conducted at the time of acquisition with respect to all of our properties did not reveal any material environmental liabilities, and we are unaware of any subsequent environmental matters that would have created a material liability. We believe that our properties are currently in material compliance with applicable environmental, as well as non-environmental, statutory and regulatory requirements. If one or more of our properties were not in compliance with such federal, state and local laws, we could be required to incur additional costs to bring the property into compliance. If we incur substantial costs to comply with such requirements, our business and operations could be adversely affected. If we fail to comply with such requirements, we might incur governmental fines or private damage awards. We cannot presently determine whether existing requirements will change or whether future requirements will require us to make significant unanticipated expenditures that will adversely impact our business and operations.

Our charter and Maryland law contain provisions that may delay, defer or prevent a change of control transaction and depress our stock price.

Our charter and Maryland law contain provisions that may delay, defer or prevent a change of control transaction and depress the price of our common stock. The charter, subject to certain exceptions, authorizes directors to take such actions as are necessary and desirable relating to qualification as a REIT, and to limit any person to beneficial ownership of no more than 9.9% of the outstanding shares of our common stock. Our Board of Directors, in its sole discretion, may exempt a proposed transferee from the ownership limit, but may not grant an exemption from the ownership limit to any proposed transferee whose direct or indirect ownership could jeopardize our status as a REIT. These restrictions on transferability and ownership will not apply if our Board of Directors determines that it is no longer in our best interests to continue to qualify as, or to be, a REIT. This ownership limit may delay or impede a transaction or a change of control that might involve a premium price for our common stock or otherwise be in the best interests of shareholders. Our Board of Directors has waived the ownership limit to permit each of Inland American Real Estate Trust, Inc. and RioCan Real Estate Investment Trust to acquire up to 14% and 16%, respectively, of our stock; provided, however, that each of them has agreed to various voting restrictions and standstill provisions.

We may authorize and issue stock and OP Units without shareholder approval. Our charter authorizes the Board of Directors to issue additional shares of common or preferred stock, to issue additional OP Units, to classify or reclassify any unissued shares of common or preferred stock, and to set the preferences, rights and other terms of such classified or unclassified shares. In connection with obtaining shareholder approval to increase the number of authorized shares of preferred stock, we have agreed not to use our preferred stock for anti-takeover purposes or in connection with a shareholder rights plan unless we obtain shareholder approval. Certain provisions of the Maryland General Corporation Law (the "MGCL") may have the effect of inhibiting a third party from making a proposal to acquire us or of impeding a change of control under circumstances that otherwise could provide the holders of shares of our common stock with the opportunity to realize a premium over the then-prevailing market price of such shares, including:

Table of Contents

1. “business combination” provisions that, subject to limitations, prohibit certain business combinations between us and an “interested stockholder” (defined generally as any person or an affiliate thereof who beneficially owns 10% or more of the voting power of our shares) for five years after the most recent date on which the stockholder becomes an interested stockholder, and thereafter imposes special appraisal rights and special stockholder voting requirements on these combinations; and
2. “control share” provisions that provide that our “control shares” (defined as shares that, when aggregated with other shares controlled by the stockholder, entitle the stockholder to exercise one of three increasing ranges of voting power in electing directors) acquired in a “control share acquisition” (defined as the direct or indirect acquisition of ownership or control of control shares) have no voting rights except to the extent approved by our shareholders by the affirmative vote of at least two-thirds of all the votes entitled to be cast on the matter, excluding all interested shares.

We have opted out of these provisions of the MGCL. However, the Board of Directors may, by resolution, elect to opt in to the business combination provisions of the MGCL, and we may, by amendment to our bylaws, opt in to the control share provisions of the MGCL.

Item 1B. Unresolved Staff Comments: None

Item 3. Legal Proceedings

The Company is not presently involved in any litigation, nor, to its knowledge, is any litigation threatened against the Company or its subsidiaries, which is either not covered by the Company’s liability insurance, or, in management’s opinion, would result in a material adverse effect on the Company’s financial position or results of operations.

Item 4. [Reserved]

Directors and Executive Officers of the Company

Information regarding the Company's directors and executive officers is set forth below:

Name	Age	Position
Leo S. Ullman	70	Chairman of the Board of Directors, Chief Executive Officer and President
James J. Burns	70	Director
Raghunath Davloor	48	Director
Richard Homburg	60	Director
Pamela N. Hootkin	62	Director
Everett B. Miller III	64	Director
Roger M. Widmann	70	Director
Lawrence E. Kreider, Jr.	62	Chief Financial Officer
Nancy H. Mozzachio	45	Vice President — Leasing
Thomas B. Richey	54	President — Development and Construction Services
Brenda J. Walker	57	Vice President — Chief Operating Officer
Stuart H. Widowski	49	Secretary and General Counsel
Joel I. Yarmak	60	Chief Administrative Officer

Leo S. Ullman, chief executive officer, president and chairman of the Board of Directors, has been involved in real estate property and asset management for more than thirty years. He was chairman and president since 1978 of the real estate management companies, and their respective predecessors and affiliates, which were merged into the Company in 2003. Mr. Ullman was first elected as the Company's chairman in April 1998 and served until November 1999. He was re-elected in December 2000. Mr. Ullman also has been chief executive officer and president from April 1998 to date. He has been a member of the New York Bar since 1966 and was in private legal practice until 1998. From 1984 until 1993, he was a partner in the New York law firm of Reid & Priest, and served as initial director of its real estate group. Mr. Ullman received an A.B. from Harvard University, an M.B.A. from the Columbia University Graduate School of Business and a J.D. from the Columbia University School of Law where he was a Harlan Fiske Stone Scholar. He also served in the U.S. Marine Corps. He has lectured and written books, monographs and articles on investment in US real estate, and is a former adjunct professor of business at the NYU Graduate School of Business. Mr. Ullman serves on the boards of several charities, is a member of the Development Committee of the U.S. Holocaust Memorial Museum, and has received several awards for community service. Mr. Ullman is a past regional winner and former national judge for the Ernst & Young LLP Entrepreneur of the Year Award Program.

James J. Burns, a director since 2001 and a member of the Audit (Chair), Compensation and Nominating/Corporate Governance committees, was chief financial officer and senior vice president of Reis, Inc. (formerly Wellsford Real Properties, Inc.) from December 2000 until March 2006 when he became vice chairman. In March 2009, he entered into a consulting role at Reis. He joined Reis in October 1999 as chief accounting officer upon his retirement from Ernst & Young LLP in September 1999. At Ernst & Young LLP, Mr. Burns was a senior audit partner in the E&Y Kenneth Leventhal Real Estate Group for 22 years. Since 2000, Mr. Burns has also served as a director of One Liberty Properties, Inc., a REIT listed on the New York Stock Exchange. Mr. Burns is a certified public

[Table of Contents](#)

accountant and a member of the American Institute of Certified Public Accountants. Mr. Burns received a B.A. and M.B.A. from Baruch College of the City University of New York.

Raghunath Davloor, a director since October 2009, has been, from February 2008 to the present, Senior Vice President and Chief Financial Officer of RioCan Real Estate Investment Trust, Canada's largest real estate investment trust with an enterprise value of approximately \$8.0 billion. RioCan, headquartered in Toronto, Ontario, is involved in the ownership, development, management, leasing, acquisition and redevelopment of retail properties across Canada. Currently, RioCan owns or has an interest in 258 properties totaling more than 60 million square feet. RioCan owns a direct investment in the Company and is a partner with the Company in several joint venture properties in the U.S. From January 2006 until February 2008, he was Vice-President and Director of Investment Banking at TD Securities, covering the real estate sector. For ten years prior thereto, he was with O&Y Properties Corporation and O&Y REIT in a number of progressive positions, ultimately becoming Chief Financial Officer. Prior to joining O&Y, Mr. Davloor was a Senior Tax Manager at Arthur Andersen in the real estate advisory services group, specializing in real estate and international taxation. He is a chartered accountant and a member of the Institute of Chartered Accountants of Ontario. Mr. Davloor holds a Bachelor of Commerce degree from the University of Manitoba.

Richard Homburg, a director since 1999, and chairman from November 1999 to August 2000, was born and educated in the Netherlands. Mr. Homburg is chairman and CEO of Homburg Invest Inc. and president of Homburg Invest USA Inc. (a wholly-owned subsidiary of Homburg Invest Inc., a publicly-traded Canadian corporation listed on the Toronto and Euronext Amsterdam Stock Exchanges). Mr. Homburg was the president and CEO of Uni-Invest N.V., a publicly-listed Netherlands real estate fund, from 1991 until 2000. In 2002, an investment group purchased 100% of the shares of Uni-Invest N.V., taking it private, at which time it was one of the largest real estate funds in the Netherlands with assets of approximately \$2.5 billion. In addition to his varied business interests, Mr. Homburg has served on many boards. He is a past director of Evangeline Trust, the Urban Development Institute of Canada, and the World Trade Center in Eindhoven, the Netherlands, and was co-founder, past president and director of the Investment Property Owners Association of Nova Scotia. He is a director of the Fathers of Confederation Building Trust as well as director or advisory board member of other large charitable organizations. In 2004 he was named Entrepreneur of the Year for the Atlantic Provinces by Ernst & Young LLP. Mr. Homburg holds an honorary Doctorate in Commerce from St. Mary's University in Halifax, Nova Scotia, and an honorary Doctorate in Law from the University of Prince Edward Island.

Pamela N. Hootkin, a director since June 2008 and a member of the Audit and Nominating/Corporate Governance committees, has been senior vice president, treasurer and director of investor relations at Phillips-Van Heusen Corporation since June 2007. She joined Phillips-Van Heusen in 1988 as vice president, treasurer and corporate secretary and in 1999 became vice president, treasurer and director of investor relations. From 1986 to 1988, Ms. Hootkin was vice president and chief financial officer of Yves Saint Laurent Parfums, Inc. From 1975 to 1986, she was employed by Squibb Corporation in various capacities, with her last position being vice president and treasurer of a division of Squibb. Ms. Hootkin is a board member of Safe Horizon, New York (a not-for-profit organization) where she also serves on the executive and finance committees. Ms. Hootkin received a B.A. from the State University of New York at Binghamton and a M.A. from Boston University.

Table of Contents

Everett B. Miller, III, a director since 1998 and a member of the Nominating/Corporate Governance (Chair), Audit and Compensation committees, is vice president of alternative investments at the YMCA Retirement Fund. In March 2003, Mr. Miller was appointed to the Real Estate Advisory Committee of the New York State Common Retirement Fund. Prior to his retirement in May 2002 from Commonfund Realty, Inc., a registered investment advisor, Mr. Miller was the chief operating officer of that company from 1997 until May 2002. From January 1995 through March 1997, Mr. Miller was the Principal Investment Officer for Real Estate and Alternative Investment at the Office of the Treasurer of the State of Connecticut. Prior thereto, Mr. Miller was employed for eighteen years at affiliates of Travelers Realty Investment Co., at which his last position was senior vice president. Mr. Miller received a B.S. from Yale University.

Roger M. Widmann, a director since October 2003 and a member of the Compensation (Chair) and Nominating/Corporate Governance committees, is an investment banker. He was a principal of the investment banking firm of Tanner & Co., Inc. from 1997 to 2004. From 1986 to 1995, Mr. Widmann was a senior managing director of Chemical Securities, Inc., a subsidiary of Chemical Banking Corporation (now JPMorgan Chase Corporation). Prior to joining Chemical Securities, Inc., Mr. Widmann was a founder and managing director of First Reserve Corporation, the largest independent energy investing firm in the U.S. Previously, he was senior vice president with the investment banking firm of Donaldson, Lufkin & Jenrette, responsible for the firm's domestic and international investment banking business. He had also been a vice president with New Court Securities (now Rothschild, Inc.). He was a director of Lydall, Inc. (NYSE), a manufacturer of thermal, acoustical and filtration materials, from 1974 to 2004, and its chairman from 1998 to 2004. He is a director of Standard Motor Products, Inc. (NYSE), a manufacturer of automobile replacement parts, and GigaBeam Corporation, a manufacturer of "last mile" wireless transmission systems. Mr. Widmann is Chairman of Keystone National Group, a fund of private equity funds. He is also a senior moderator of the Aspen Seminar at The Aspen Institute, and is a board member of the March of Dimes of Greater New York and Vice Chairman of Oxfam America. Mr. Widmann received an A.B. from Brown University and a J.D. from Columbia University School of Law.

Lawrence E. Kreider, Jr. joined the Company in June 2007 as Chief Financial Officer and has direct responsibility for all financial aspects of the Company's operations. Prior to joining the Company, Mr. Kreider was Senior Vice President, Chief Financial Officer, Chief Information Officer and Chief Accounting Officer for Affordable Residential Communities, now named Hilltop Holdings Inc., for substantial periods of time from 2001 to 2007. From 1999 to 2001, Mr. Kreider was Senior Vice President of Finance for Warnaco Group Inc. and, in 2000 and 2001, President of Warnaco Europe. From 1986 to 1999, Mr. Kreider served in several senior finance positions, including Senior Vice President, Controller and Chief Accounting Officer, with Revlon, Inc. and MacAndrews & Forbes Holdings. Prior to 1986, he served in senior finance positions with Zale Corporation, Johnson Matthew Jewelry Corporation and Refinement International Company. Mr. Kreider began his career with Coopers & Lybrand, now PricewaterhouseCoopers. Mr. Kreider holds a B.A. from Yale University and an M.B.A. from the Stanford Graduate School of Business.

Nancy H. Mozzachio joined the Company in 2003 as Vice President- Leasing and has been involved in the shopping center industry for more than 22 years. Prior to joining the Company, Ms. Mozzachio served as Vice President of Leasing and Development for American Continental Properties Group from 1988 to 2003 where she assisted in bringing the first Wal-Mart store to the State of New

[Table of Contents](#)

Jersey. From 1986 to 1988, Ms. Mozzachio was a leasing and development manager for Kode Development Group of Philadelphia, an active developer of supermarket-anchored shopping centers in the Pennsylvania and New Jersey region. Ms. Mozzachio served on several Planning Boards in New Jersey and is a current member of Commercial Real Estate Women (CREW), Urban Land Institute and Retail Network, as well as an active member of the International Council of Shopping Centers and Zell-Lurie Real Estate program at The University of Pennsylvania-Wharton School. Ms. Mozzachio received a B.A. from Rutgers University.

Thomas B. Richey joined the Company in 1998 as Vice President of Development and Construction Services, and was elected President of Development and Construction Services in 2009. Mr. Richey has been involved in the commercial real estate business for more than 25 years. He served as a City Planner & Economic Development Director for the City of Williamsport, PA, from 1980 through 1983. From 1983 to 1986, he was a Project Manager for Lundy Construction Company, a large commercial and industrial general contracting company, and Director of Acquisitions & Construction for Shawnee Management, Inc., a major hotel management company. From 1988 to 1996, Mr. Richey was a principal in two real estate companies specializing in the acquisition, development, redevelopment, and operations of hotels and commercial office buildings. From 1996 to 1998, he worked for Grove Associates, Inc., a Harrisburg, PA, area survey and engineering company, where he specialized in the land development plan approval process. Mr. Richey has served as an Economic Development consultant to the National Main Street Center, part of the National Trust for Historic Preservation, a past Board Member of a regional YMCA, and presently serves as a member of the Board of Trustees of the Harrisburg Area Community College and as a member of the Board of Directors of WITF, Inc., a public radio and television station. He is also an active member of the International Council of Shopping Centers (ICSC) and the Urban Land Institute. Mr. Richey received a B.A. from Lycoming College.

Brenda J. Walker has been a vice president of the Company since 1998, was elected Chief Operating Officer in 2009, was a director from 1998 until June 2008, and was treasurer from April 1998 until November 1999. She was an executive officer since 1992 of the real estate management companies, and their respective predecessors and affiliates, which were merged into the Company in 2003. Ms. Walker has been involved in real estate-related finance, property and asset management for thirty years. Ms. Walker received a B.A. from Lincoln University, Pennsylvania.

Stuart H. Widowski has been secretary and general counsel of the Company since 1998. He was in private practice for seven years, including five years with the New York law firm of Reid & Priest. From 1991 through 1996, Mr. Widowski served in the legal department of the Federal Deposit Insurance Corporation. Mr. Widowski received a B.A. from Brandeis University and a J.D. from the University of Michigan.

Joel I. Yarmak joined the Company in September 2009 as Chief Administrative Officer. Prior to joining the Company, Mr. Yarmak was Vice President of financial operations of Kimco Realty Corporation from 2000 until his employment with the Company. Prior thereto, he served as a partner at Deloitte LLP, and Chief Financial Officer of Solow Realty & Development Company. Mr. Yarmak received an M.B.A. from the Stern School of Business of New York University and a B.A. from Yeshiva University.

Part II.

Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities

Dividend Information

A corporation electing REIT status is required to distribute at least 90% of its "REIT taxable income", as defined in the Code, to continue qualification as a REIT. The Company paid dividends totaling \$0.1125 per share during 2009 and declared a dividend of \$0.09 per share to shareholders of record at December 31, 2009, which was paid on January 20, 2010. While the Company intends to continue paying regular quarterly dividends, future dividend declarations will continue to be at the discretion of the Board of Directors, and will depend on the cash flow and financial condition of the Company, capital requirements, annual distribution requirements under the REIT provisions of the Code, and such other factors as the Board of Directors may deem relevant. In April 2009, the Company's Board of Directors determined to suspend payment of cash dividends with respect to its common stock and OP Units for the balance of 2009. This decision was in response to the state of the economy, the difficult retail environment, the constrained capital markets and the need to renew the Company's secured revolving stabilized property credit facility. In December 2009, following a review of the state of the economy and the Company's financial position, the Company's Board of Directors determined to resume payment of a quarterly cash dividend in the amount \$0.09 per share (\$0.36 per share on an annualized basis) on the Company's common stock, which was paid on January 20, 2010 to shareholders of record as of the close of business on December 31, 2009.

Market Information

The Company had 52,139,000 shares of common stock outstanding held by approximately 400 shareholders of record at December 31, 2009. The Company believes it has more than 8,000 beneficial holders of its common stock. The Company's shares trade on the NYSE under the symbol "CDR". The following table sets forth, for each quarter for the last two years, (i) the high, low, and closing prices of the Company's common stock, and (ii) dividends paid:

Quarter ended	Market price range			Dividends paid
	High	Low	Close	
2009				
March 31	\$ 7.47	\$ 1.68	\$ 1.74	\$0.1125
June 30	5.45	1.96	4.52	—
September 30	6.72	4.10	6.45	—
December 31	6.85	5.64	6.80	0.0900 (a)
2008				
March 31	\$12.60	\$ 9.42	\$11.68	\$0.2250
June 30	13.12	11.60	11.72	0.2250
September 30	14.02	10.44	13.22	0.2250
December 31	13.58	3.66	7.08	0.2250

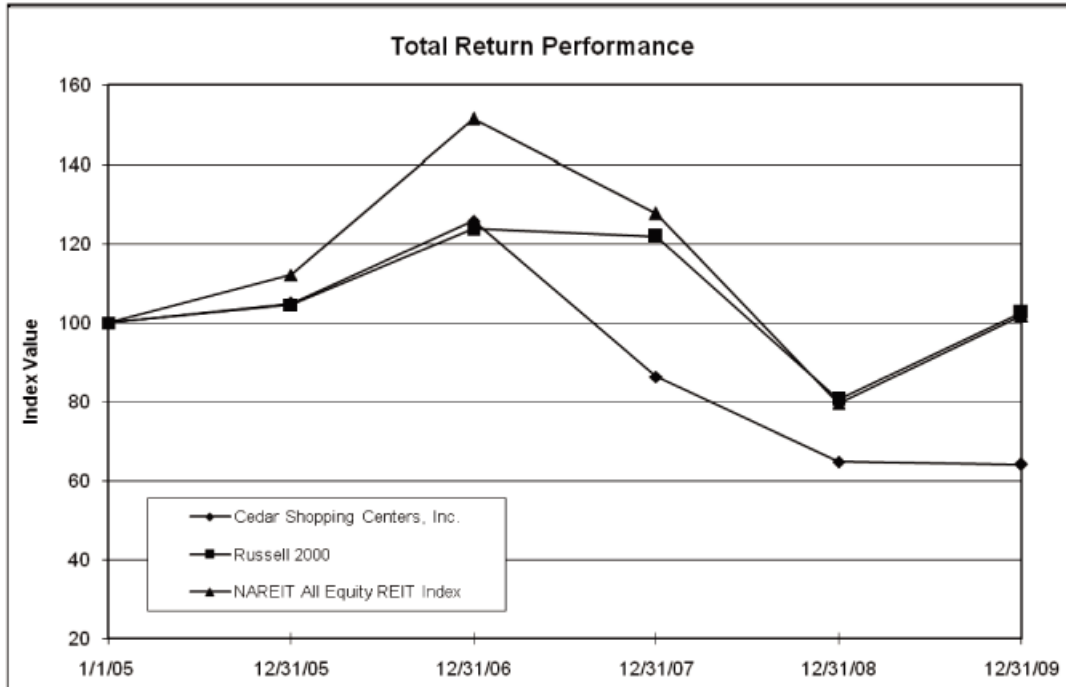

(a) Dividend was paid in January of 2010 to shareholders of record at December 31, 2009.

Stockholder Return Performance Presentation

The following line graph sets forth for the period January 1, 2005 through December 31, 2009 a comparison of the percentage change in the cumulative total stockholder return on the Company's common stock compared to then cumulative total return of the Russell 2000 index and the National Association of Real Estate Investment Trusts Equity REIT Total Return Index.

The graph assumes that the shares of the Company's common stock were bought at the price of \$100 per share and that the value of the investment in each of the Company's common stock and the indices was \$100 at the beginning of the period. The graph further assumes the reinvestment of dividends when paid.

- (a) The data presented reflect certain reclassifications of prior period amounts to conform to the 2009 presentation, principally (i) the retrospective reclassification, for all periods presented, of the balances related to minority interests in consolidated joint ventures and limited partners' interest in the Operating Partnership into the consolidated equity accounts, as appropriate, (ii) to reflect the reclassifications of the assets and liabilities of the properties transferred and to be transferred to the RioCan joint venture as "real estate to be transferred to a joint venture", and (iii) to reflect the sale and/or treatment as "held for sale" of certain operating properties and the treatment thereof as "discontinued operations". The reclassifications had no impact on the previously-reported net income attributable to common shareholders or earnings per share.
- (b) See Item 7 — "Management's Discussion and Analysis of Financial Condition and Results of Operations" for a reconciliation of Funds From Operations ("FFO") to net (loss) income attributable to common shareholders.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with the Company's consolidated financial statements and related notes thereto included elsewhere in this report.

Executive Summary

The Company is a fully-integrated real estate investment trust which focuses primarily on ownership, operation, development and redevelopment of supermarket-anchored shopping centers in mid-Atlantic and Northeast coastal states. At December 31, 2009, the Company owned and managed (both wholly-owned and in joint venture) a portfolio of 119 operating properties totaling approximately 13.0 million square feet of gross leasable area ("GLA"), including 95 wholly-owned properties comprising approximately 9.5 million square feet, 13 properties owned in joint venture (consolidated) comprising approximately 1.7 million square feet, seven properties transferred or to be transferred to a managed joint venture (unconsolidated) comprising approximately 1.2 million square feet, and four ground-up developments comprising approximately 0.6 million square feet. Excluding the four ground-up development properties, the 115 property portfolio was approximately 91% leased at December 31, 2009; the 101 property "stabilized" portfolio was approximately 95% leased at that date. The Company also owned approximately 196 acres of land parcels, a significant portion of which is under development. In addition, the Company has a 76.3% interest in another unconsolidated joint venture, which it does not manage, which owns a single-tenant office property in Philadelphia, Pennsylvania.

The Company, organized as a Maryland corporation, has established an umbrella partnership structure through the contribution of substantially all of its assets to the Operating Partnership, organized as a limited partnership under the laws of Delaware. The Company conducts substantially all of its business through the Operating Partnership. At December 31, 2009, the Company owned 96.3% of the Operating Partnership and is its sole general partner. OP Units are economically equivalent to the Company's common stock and are convertible into the Company's common stock at the option of the holders on a one-to-one basis.

The Company derives substantially all of its revenues from rents and operating expense reimbursements received pursuant to long-term leases. The Company's operating results therefore depend on the ability of its tenants to make the payments required by the terms of their leases. The Company focuses its investment activities on supermarket-anchored community shopping centers. The Company believes that, because of the need of consumers to purchase food and other staple goods and services generally available at such centers, its type of "necessities"-based properties should provide relatively stable revenue flows even during difficult economic times. In January 2009, the Company's Board of Directors reduced the quarterly dividend payable in February by one-half to an annual rate of \$0.45 per share and in April 2009 suspended the dividend for the balance of the year for a projected annual saving of approximately \$37 million. This decision was in response to the then current state of the economy, the difficult retail environment, the constrained capital markets and the need to renew the Company's secured revolving stabilized property credit facility. In December 2009, following a review of the state of the economy and the Company's financial position, the Company's Board of Directors determined to resume payment of a cash dividend in the amount \$0.09 per share (\$0.36 per share on an annualized basis) on the Company's common stock, which was paid on January 20, 2010 to shareholders of record as of the close of business on December 31, 2009.

Table of Contents

In connection with the RioCan transactions (more fully described below), the Company will seek to acquire primarily stabilized supermarket-anchored properties in its primary market areas during the next two years in a joint venture owned 20% by the Company. The Company has historically sought opportunities to acquire properties suited for development and/or redevelopment, and, to a lesser extent than in the past, stabilized properties, where it can utilize its experience in shopping center construction, renovation, expansion, re-leasing and re-merchandising to achieve long-term cash flow growth and favorable investment returns.

Significant Transactions

RioCan

On October 26, 2009, the Company entered into definitive agreements with RioCan Real Estate Investment Trust of Toronto, Canada, a publicly-traded Canadian real estate investment trust listed on the Toronto Stock Exchange ("RioCan"), pursuant to which the Company (1) sold to RioCan 6,666,666 shares of the Company's common stock at \$6.00 per share in a private placement for an aggregate of \$40 million (RioCan agreeing that it would not sell any of such shares for a period of one year), (2) issued to RioCan warrants to purchase 1,428,570 shares of the Company's common stock at an exercise price of \$7.00 per share, exercisable over a two-year period (valued at \$1,643,000), (3) entered into an 80% (RioCan) and 20% (Cedar) joint venture (i) initially for the purchase of seven supermarket-anchored properties presently owned by the Company, and (ii) then to acquire additional primarily supermarket-anchored properties in the Company's primary market areas during the next two years, in the same joint venture format, and (4) entered into a "standstill" agreement with respect to increases in RioCan's ownership of the Company's common stock for a three-year period. In addition, subject to certain exceptions, the Company has agreed that it will not issue any new shares of common stock unless RioCan is offered the right to purchase that additional number of shares that will maintain its pro rata percentage ownership, on a fully diluted basis. In connection with the formation of the joint venture, the Company recorded an impairment charge of \$23.6 million relating to the seven properties transferred or to be transferred to the joint venture.

The private placement investment by RioCan and the issuance of the warrants by the Company were concluded on October 30, 2009. Two of the properties (Blue Mountain Commons located in Harrisburg, Pennsylvania and Sunset Crossing located in Dickson City, Pennsylvania) were transferred to the joint venture on December 10, 2009, resulting in proceeds to the Company of approximately \$33 million (in connection with the closing, a repayment of \$25.9 million was required under the Company's secured revolving development property credit facility). The remaining five properties are subject to mortgage loans payable aggregating approximately \$94 million. Two of the properties (Columbus Crossing Shopping Center located in Philadelphia, Pennsylvania and Franklin Village Plaza located in Franklin, Massachusetts) were transferred to the joint venture in January and February 2010, resulting in net proceeds to the Company of approximately \$16 million. The remaining three properties (Loyal Plaza Shopping Center located in Williamsport, Pennsylvania, Shaw's Plaza located in Raynham, Massachusetts, and Stop & Shop Plaza located in Bridgeport, Connecticut) are to be transferred during the first half of 2010, resulting in net proceeds to the Company of an additional approximately \$16 million.

Table of Contents

In connection with the transfers of the seven properties to the joint venture and the private placement transactions, the Company will have received aggregate net proceeds of approximately \$105 million, after estimated closing and transaction costs, which have been or will be used to repay/reduce the outstanding balances under the Company's secured revolving credit facilities. In connection with these transactions, the Company incurred costs and fees of approximately \$6.0 million, including fees to the Company's investment advisor (\$3.5 million), the value assigned to the warrants (\$1.6 million), and other costs and expenses aggregating \$0.9 million. In addition, the Company agreed to pay to its investment advisor a fee of 1% of the gross cost of future acquisitions made by the joint venture for a two-year period, up to a maximum of \$3.0 million.

Amended and Restated Credit Facility

On November 10, 2009, the Company closed an amended and restated secured revolving stabilized property credit facility in the amount of \$265 million (subsequently increased to \$285 million), with Bank of America, N.A. continuing as administrative agent, together with three other lead lenders and other participating banks. The facility, as amended, is expandable to \$400 million, subject to certain conditions, including acceptable collateral. This amended and restated facility replaced the existing facility that was due to expire on January 30, 2010, and will continue to be available to fund acquisitions, certain development and redevelopment activities, capital expenditures, mortgage repayments, dividend distributions, working capital and other general corporate purposes. The new facility has a maturity date of January 31, 2012, subject to a one-year extension option. As a result of the application of the net proceeds from, among other things, the transfers of two of the remaining properties to the RioCan joint venture and the sales of shares of the Company's common stock in February and March 2010, the Company's availability under this facility has increased to approximately \$104 million as of March 3, 2010.

Joint Venture With PCP

On January 30, 2009, a newly-formed 40% Company-owned joint venture acquired the New London Mall in New London, Connecticut, an approximate 259,000 square foot supermarket-anchored shopping center, for a purchase price of approximately \$40.7 million. The purchase price included the assumption of an existing \$27.4 million first mortgage bearing interest at 4.9% per annum and maturing in 2015. The total joint venture partnership contribution was approximately \$14.0 million, of which the Company's 40% share (\$5.6 million) was funded from its secured revolving stabilized property credit facility. The Company is the managing partner of the venture and receives certain acquisition, property management, construction management and leasing fees. In addition, the Company will be entitled to a "promote" fee structure, pursuant to which its profits participation would be increased to 44% if the venture reaches certain income targets. The Company's joint venture partners are affiliates of Prime Commercial Properties PLC ("PCP"), a London-based real estate/development company.

On February 10, 2009, a second newly-formed (also with affiliates of PCP) 40% Company-owned joint venture acquired San Souci Plaza in California, Maryland, an approximate 264,000 square foot supermarket-anchored shopping center, for a purchase price of approximately \$31.8 million. The purchase price included the assumption of an existing \$27.2 million first mortgage bearing interest at 6.2% per annum and maturing in 2016. The total joint venture partnership contribution was approximately \$5.8 million, of which the Company's 40% share (\$2.3 million) was funded from its

[Table of Contents](#)

secured revolving stabilized property credit facility. The Company is the managing partner of the venture and receives certain acquisition, property management, construction management and leasing fees. In addition, the Company will be entitled to a “promote” fee structure, pursuant to which its profits participation would be increased to 44% if the venture reaches certain income targets.

Discontinued Operations

During 2009, the Company sold, or has treated as “held for sale”, nine of its drug store/convenience centers, located in Ohio and New York, aggregating 304,000 square feet of GLA, including the 6,000 square foot McDonalds/Waffle House, located in Medina, Ohio, the 10,000 square foot CVS property located in Westfield, New York, the 24,000 square foot Staples property located in Oswego, New York, the 32,000 square foot Discount Drug Mart Plaza located in Hudson, Ohio, the 38,000 square foot Discount Drug Mart Plaza located in Dover, Ohio, the 84,000 square foot Gabriel Brothers property located in Kent, Ohio, the 40,000 square foot Discount Drug Mart Plaza located in Carrollton, Ohio, the 20,000 square foot Pondsides Plaza located in Geneseo, New York, and the 50,000 square foot Discount Drug Mart Plaza located in Powell, Ohio. The aggregate sales prices for the nine properties are approximately \$27.1 million, and the properties are subject to property-specific mortgage loans payable of approximately \$17.7 million. In connection with these transactions, the Company recorded impairment charges aggregating \$3.6 million, and has realized gain on sales of \$557,000. The carrying values of the assets and liabilities of these properties, principally the net book values of the real estate and the related mortgage loans payable, have been reclassified as “held for sale” on the Company’s consolidated balance sheets at December 31, 2009 and 2008. In addition, the properties’ results of operations have been classified as “discontinued operations” for all periods presented.

Summary of Critical Accounting Policies

The preparation of the consolidated financial statements in conformity with GAAP requires the Company to make estimates and judgments that affect the reported amounts of assets and liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities. On an ongoing basis, management evaluates its estimates, including those related to revenue recognition and the allowance for doubtful accounts receivable, real estate investments and purchase accounting allocations related thereto, asset impairment, and derivatives used to hedge interest-rate risks. Management’s estimates are based both on information that is currently available and on various other assumptions management believes to be reasonable under the circumstances. Actual results could differ from those estimates and those estimates could be different under varying assumptions or conditions.

The Company has identified the following critical accounting policies, the application of which requires significant judgments and estimates:

Revenue Recognition

Rental income with scheduled rent increases is recognized using the straight-line method over the respective terms of the leases. The aggregate excess of rental revenue recognized on a straight-line basis over base rents under applicable lease provisions is included in straight-line rents receivable on the consolidated balance sheet. Leases also generally contain provisions under which the tenants reimburse the Company for a portion of property operating expenses and real estate taxes incurred; such income is

[Table of Contents](#)

recognized in the periods earned. In addition, certain operating leases contain contingent rent provisions under which tenants are required to pay a percentage of their sales in excess of a specified amount as additional rent. The Company defers recognition of contingent rental income until those specified targets are met.

The Company must make estimates as to the collectibility of its accounts receivable related to base rent, straight-line rent, expense reimbursements and other revenues. Management analyzes accounts receivable by considering tenant creditworthiness, current economic conditions, and changes in tenants' payment patterns when evaluating the adequacy of the allowance for doubtful accounts receivable. These estimates have a direct impact on net income, because a higher bad debt allowance would result in lower net income, whereas a lower bad debt allowance would result in higher net income.

Real Estate Investments

Real estate investments are carried at cost less accumulated depreciation. The provision for depreciation is calculated using the straight-line method based on estimated useful lives. Expenditures for maintenance, repairs and betterments that do not materially prolong the normal useful life of an asset are charged to operations as incurred. Expenditures for betterments that substantially extend the useful lives of real estate assets are capitalized. Real estate investments include costs of development and redevelopment activities, and construction in progress. Capitalized costs, including interest and other carrying costs during the construction and/or renovation periods, are included in the cost of the related asset and charged to operations through depreciation over the asset's estimated useful life. The Company is required to make subjective estimates as to the useful lives of its real estate assets for purposes of determining the amount of depreciation to reflect on an annual basis. These assessments have a direct impact on net income. A shorter estimate of the useful life of an asset would have the effect of increasing depreciation expense and lowering net income, whereas a longer estimate of the useful life of an asset would have the effect of reducing depreciation expense and increasing net income.

A variety of costs are incurred in the acquisition, development and leasing of a property, such as pre-construction costs essential to the development of the property, development costs, construction costs, interest costs, real estate taxes, salaries and related costs, and other costs incurred during the period of development. After a determination is made to capitalize a cost, it is allocated to the specific component of a project that is benefited. The Company ceases capitalization on the portions substantially completed and occupied, or held available for occupancy, and capitalizes only those costs associated with the portions under construction. The Company considers a construction project as substantially completed and held available for occupancy upon the completion of tenant improvements, but not later than one year from cessation of major development activity. Determination of when a development project is substantially complete and capitalization must cease involves a degree of judgment. The effect of a longer capitalization period would be to increase capitalized costs and would result in higher net income, whereas the effect of a shorter capitalization period would be to reduce capitalized costs and would result in lower net income.

The Company allocates the fair value of real estate acquired to land, buildings and improvements. In addition, the fair value of in-place leases is allocated to intangible lease assets and liabilities. The principal impact on the Company's financial statements of the adoption of recent updated

[Table of Contents](#)

accounting guidance related to business combinations, which became effective January 1, 2009, is that the Company has expensed most transaction costs relating to its acquisition activities.

The fair value of the tangible assets of an acquired property is determined by valuing the property as if it were vacant, which value is then allocated to land, buildings and improvements based on management's determination of the relative fair values of such assets. In valuing an acquired property's intangibles, factors considered by management include an estimate of carrying costs during the expected lease-up periods, such as real estate taxes, insurance, other operating expenses, and estimates of lost rental revenue during the expected lease-up periods based on its evaluation of current market demand. Management also estimates costs to execute similar leases, including leasing commissions, tenant improvements, legal and other related costs.

The value of in-place leases is measured by the excess of (i) the purchase price paid for a property after adjusting existing in-place leases to market rental rates, over (ii) the estimated fair value of the property as if vacant. Above-market and below-market in-place lease values are recorded based on the present value (using a discount rate which reflects the risks associated with the leases acquired) of the difference between the contractual amounts to be received and management's estimate of market lease rates, measured over the terms of the respective leases that management deemed appropriate at the time of acquisition. The value of other intangibles is amortized to expense, and the above-market and below-market lease values are amortized to rental income, over the terms of the respective leases. If a lease were to be terminated prior to its stated expiration, all unamortized amounts relating to that lease would be recognized in operations at that time.

Management is required to make subjective assessments in connection with its valuation of real estate acquisitions. These assessments have a direct impact on net income, because (i) above-market and below-market lease intangibles are amortized to rental income, and (ii) the value of other intangibles is amortized to expense. Accordingly, higher allocations to below-market lease liability and other intangibles would result in higher rental income and amortization expense, whereas lower allocations to below-market lease liability and other intangibles would result in lower rental income and amortization expense.

Management reviews each real estate investment for impairment whenever events or circumstances indicate that the carrying value of a real estate investment may not be recoverable. The review of recoverability is based on an estimate of the future cash flows that are expected to result from the real estate investment's use and eventual disposition. These estimates of cash flows consider factors such as expected future operating income, trends and prospects, as well as the effects of leasing demand, competition and other factors. If an impairment event exists due to the projected inability to recover the carrying value of a real estate investment, an impairment loss is recorded to the extent that the carrying value exceeds estimated fair value. A real estate investment held for sale is carried at the lower of its carrying amount or estimated fair value, less the cost of a potential sale. Depreciation and amortization are suspended during the period the property is held for sale. Management is required to make subjective assessments as to whether there are impairments in the value of its real estate properties. These assessments have a direct impact on net income, because an impairment loss is recognized in the period that the assessment is made.

Stock-Based Compensation

The Company's 2004 Stock Incentive Plan (the "Incentive Plan") establishes the procedures for the granting of incentive stock options, stock appreciation rights, restricted shares, performance units and performance shares. The maximum number of shares of the Company's common stock that may be issued pursuant to the Incentive Plan, as amended, is 2,750,000, and the maximum number of shares that may be granted to a participant in any calendar year is 250,000. Substantially all grants issued pursuant to the Incentive Plan are "restricted stock grants" which specify vesting (i) upon the third anniversary of the date of grant for time-based grants, or (ii) upon the completion of a designated period of performance for performance-based grants. Time-based grants are valued according to the market price for the Company's common stock at the date of grant. For performance-based grants, the Company engages an independent appraisal company to determine the value of the shares at the date of grant, taking into account the underlying contingency risks associated with the performance criteria. These value estimates have a direct impact on net income, because higher valuations would result in lower net income, whereas lower valuations would result in higher net income. The value of such grants is being amortized on a straight-line basis over the respective vesting periods, as adjusted for fluctuations in the market value of the Company's common stock.

Results of Operations

Differences in results of operations between 2009 and 2008, and between 2008 and 2007, respectively, were primarily the result of the Company's property acquisition/disposition program and continuing development/redevelopment activities. During the period January 1, 2008 through December 31, 2009, the Company acquired six shopping and convenience centers aggregating approximately 790,000 square feet of GLA, purchased the joint venture minority interests in four properties, and acquired approximately 181.7 acres of land for development, expansion and/or future development, for a total cost of approximately \$189.0 million. In addition, the Company placed into service six ground-up developments having an aggregate cost of approximately \$194.3 million. The Company sold or held for sale nine primarily drug store anchored shopping centers aggregating approximately 304,000 square feet of GLA for an aggregate sales price of approximately \$27.1 million. In addition, in connection with the RioCan transactions, the Company has transferred or will be transferring seven properties to a joint venture with RioCan, aggregating approximately 1,167,000 square feet of GLA, and in connection with which it will have realized approximately \$65 million in proceeds. Net (loss) income was (\$16.8) million, \$21.0 million and \$24.0 million for 2009, 2008 and 2007, respectively.

[Table of Contents](#)**Comparison of 2009 to 2008**

	2009	2008	Increase (decrease)	Percent change	Acquisitions and other (ii)	Properties held in both years
Total revenues	\$ 181,711,000	\$ 170,665,000	\$ 11,046,000	6%	\$ 11,467,000	(421,000)
Property operating expenses	55,455,000	48,468,000	6,987,000	14%	4,254,000	2,733,000
Depreciation and amortization	54,257,000	48,741,000	5,516,000	11%	7,080,000	(1,564,000)
General and administrative	10,166,000	8,586,000	1,580,000	18%	n/a	n/a
Impairment charges	23,636,000	—	23,636,000	n/a	n/a	n/a
Terminated projects and acquisition transaction costs	4,367,000	855,000	3,512,000	n/a	n/a	n/a
Non-operating income and expense, net (i)	48,103,000	43,694,000	4,409,000	10%	n/a	n/a
Discontinued operations:						
Income from discontinued operations	476,000	688,000	(212,000)	n/a	n/a	n/a
Impairment charges	3,559,000	—	3,559,000	n/a	n/a	n/a
Gain on sales of discontinued operations	557,000	—	557,000	n/a	n/a	n/a

(i) Non-operating income and expense consists principally of interest expense (including amortization of deferred financing costs), equity in income of unconsolidated joint ventures, and gain on sales of land parcels.

(ii) Includes principally (a) the results of properties acquired after January 1, 2008, (b) unallocated property and construction management compensation and benefits (including stock-based compensation), (c) results of a property in Wyoming, Michigan where the then existing building improvements were demolished in the second quarter of 2008 as part of the redevelopment plans for the property and (d) results of ground-up development and re-development properties recently placed into service.

Properties held in both periods. The Company held 102 properties throughout 2009 and 2008.

Total revenues decreased primarily as a result of (i) a decrease in non-cash straight-line rents primarily as a result of early lease terminations (\$1.1 million), (ii) a decrease in non-cash amortization of intangible lease liabilities primarily as a result of the completion of scheduled amortization at certain properties (\$0.9 million) (which also resulted in a decrease in depreciation and amortization expense), (iii) a decrease in percentage rent (\$159,000), and (iv) a decrease in base rents (\$103,000), partially offset by (v) an increase in tenant recoveries (\$1.2 million), predominately the result of an increase in billable property operating expenses, and (vi) an increase in other income (\$655,000), predominately the result of lease termination income of \$800,000 received in December 2009. In connection with the worsening economic climate beginning in the latter part of 2008 and continuing into 2009, the Company received a number of requests from tenants for rent relief. While the Company did in fact grant such relief in selected limited circumstances, the aggregate amount of such relief granted had a limited impact on results of operations. However, there can be no assurance that the amount of such relief will not become more significant in future periods.

Property operating expenses increased primarily as a result of (i) a net increase (\$1.6 million) in expenses billable to tenants, primarily as a result of (a) an increase in real estate taxes from

[Table of Contents](#)

reassessments at recently-acquired or redeveloped properties (\$1.4 million), (b) an increase in snow removal costs (\$1.4 million), partially offset by (c) a decrease in insurance expense (\$0.4 million), (d) a decrease in repairs and maintenance expenses (\$0.2 million), (e) a decrease in landscaping expense (\$0.1 million), and (f) a decrease in a number of smaller operating expense categories (\$0.5 million), (ii) an increase in the provision for doubtful accounts primarily as a result of the more challenging economic conditions in 2009 for a number of non-core tenants (\$1.6 million), and (iii) a decrease in expenses not billable to tenants (\$0.3 million).

Depreciation and amortization expenses included under “acquisitions and other” reflects the acceleration of depreciation expense (\$6.3 million) at two properties at which the Company demolished portions of buildings as part of the redevelopment plans for those properties.

General and administrative expenses increased primarily as a result of increases in stock-based compensation expense through increased amortization of an increased number of restricted stock grants and mark-to-market adjustments relating to stock-based compensation.

Impairments for 2009 relates to the net impairment charges recorded in connection with the seven properties transferred or to be transferred to the RioCan joint venture, as more fully discussed elsewhere in this report.

Terminated projects and acquisition transaction costs for 2009 includes (i) the acquisition transaction costs associated with the two acquisitions completed during 2009 (\$1.3 million, of which the noncontrolling interests’ share was \$0.7 million), (ii) the decision to terminate potential development opportunities in Milford, Delaware and Ephrata, Pennsylvania (an aggregate of \$2.8 million), and (iii) the costs primarily associated with a cancelled acquisition. Terminated projects and acquisition transaction costs for 2008 include (i) the decision to terminate potential development opportunities primarily in Ephrata, Pennsylvania and Roanoke, Virginia (an aggregate of \$652,000) and (ii) costs incurred related to a canceled potential joint venture (\$203,000).

Non-operating income and expense, net, increased primarily a result of (i) higher amortization of deferred financing costs (\$1.9 million) resulting from (a) extending the secured revolving stabilized property credit facility, originally in January 2009 and again in November 2009, and (b) the secured revolving development property credit facility and the property-specific construction facility, having closed in June 2008 and September 2008, respectively, being outstanding throughout all of 2009, (ii) higher loan balances outstanding principally to fund the equity portions of acquisitions and development activities (\$3.0 million), and (iii) reduction in interest income (\$0.2 million), partially offset by (iv) gain on sales of land parcels (\$0.5 million) and (v) an increase in equity in income of unconsolidated joint venture (\$0.2 million).

Discontinued operations for 2009 and 2008 include the results of operations, and where applicable, gain on sales (\$557,000) and impairment charges (\$3.6 million), for nine of the Company’s drug store/convenience centers which its has sold or has treated as “held for sale”, located in Ohio and New York, aggregating 304,000 square feet of GLA, as more fully discussed elsewhere in this report.

Comparison of 2008 to 2007

	2008	2007	Increase (decrease)	Percent change	Acquisitions and other (ii)	Properties held in both years
Total revenues	\$ 170,665,000	\$ 150,604,000	\$20,061,000	13%	\$21,172,000	(1,111,000)
Property operating expenses	48,468,000	40,029,000	8,439,000	21%	7,079,000	1,360,000

Non-operating income and expense, net (i)	43,694,000	37,073,000	6,621,000	18%	n/a	n/a
Discontinued operations:						
Income from discontinued operations	688,000	560,000	128,000	n/a	n/a	n/a

- (i) Non-operating income and expense consists principally of interest expense (including amortization of deferred financing costs), equity in income of an unconsolidated joint venture.
- (ii) Includes principally (a) the results of properties acquired after January 1, 2007, (b) unallocated property and construction management compensation and benefits (including stock-based compensation), (c) results of a property in Wyoming, Michigan where the then existing building improvements were demolished in the second quarter of 2008 as part of the redevelopment plans for the property and (d) results of ground-up development and re-development properties recently placed into service.

Properties held in both periods. The Company held 81 properties throughout 2008 and 2007.

Total revenues decreased primarily as a result of (i) a decrease in tenant recoveries primarily due to a higher collection rate in 2007 due to billing system improvements made in 2006 and 2007 (\$648,000), (ii) a decrease in percentage rent (\$596,000), (iii) a net decrease (\$10,000) in non-cash amortization of intangible lease liabilities (iv) a decrease in straight-line rental income (\$1,046,000), which is partially offset by an increase in base rent (\$957,000), off-set by (v) an increase in other income (\$232,000). In connection with the worsening economic climate beginning in the latter part of 2008 and continuing into 2009, the Company received a number of requests from tenants for rent relief. While the Company did in fact grant such relief in selected limited circumstances, the aggregate amount of such relief granted had a limited impact on results of operations.

Property operating expenses increased as a result of (i) an increase in real estate and other property-related taxes, related principally to reassessments of properties previously acquired and completed development and re-developed projects (\$549,000), (ii) an increase in the provision for doubtful accounts primarily due to a higher collection rate in 2007 due to billing system improvements made in 2006 and 2007 (\$689,000), (iii) an increase in non-billable expenses (\$383,000), (iii) an increase in a number of other operating expenses (\$198,000), which is partially offset by (iv) a decrease in snow removal costs (\$459,000).

General and administrative expenses decreased primarily as a result of the retirement of a senior executive in 2007 and the initial compensation/relocation costs of his replacement (\$1,535,000 in

[Table of Contents](#)

the aggregate), off-set by increased compensation costs, increased professional fees and the Company's continued growth in 2008.

Terminated projects and acquisition transaction costs for 2008 includes (i) the decision to terminate potential development opportunities primarily in Ephrata, Pennsylvania and Roanoke, Virginia (an aggregate of \$652,000) and (ii) costs incurred related to a canceled potential joint venture (\$203,000).

Non-operating income and expense, net, increased primarily as a result of (i) increased interest costs from borrowings related to property acquisitions and acquisitions of a joint venture partner's interest (\$5,880,000), (ii) higher amortization of deferred financing costs (\$557,000), (iii) lower interest income (\$505,000) as a result of lower prevailing interest rates and a change in the cash management plan, partially off-set by (iv) earnings from an unconsolidated joint venture acquired in November 2006 and an additional investment in the unconsolidated joint venture made in April 2008 (\$321,000).

Discontinued operations for 2008 and 2007 include the results of operations for nine of the Company's drug store/convenience centers which it has sold or has treated as "held for sale" during 2009, located in Ohio and New York, aggregating 304,000 square feet of GLA, as more fully discussed elsewhere in this report.

Liquidity and Capital Resources

The Company funds operating expenses and other short-term liquidity requirements, including debt service, tenant improvements, leasing commissions, collateralization of certain interest rate swap obligations, preferred and common dividend distributions, if made, and distributions to minority interest partners, primarily from operations. The Company has also used its secured revolving stabilized property credit facility for these purposes. The Company expects to fund long-term liquidity requirements for property acquisitions, development and/or redevelopment costs, capital improvements, and maturing debt initially with its credit facilities and construction financing, and ultimately through a combination of issuing and/or assuming additional mortgage debt, the sale of equity securities, the issuance of additional OP Units, and the sale of properties or interests therein (including joint venture arrangements).

Throughout most of 2009 there has been a fundamental contraction of the U.S. credit and capital markets, whereby banks and other credit providers have tightened their lending standards and severely restricted the availability of credit. Accordingly, for this and other reasons, there can be no assurance that the Company will have the availability of mortgage financing on completed development projects, additional construction financing, net proceeds from the contribution of properties to joint ventures, or proceeds from the refinancing of existing debt.

In April 2009, the Company's Board of Directors determined to suspend payment of cash dividends with respect to its common stock and OP Units for the balance of 2009 (the quarterly dividends paid in February had already been reduced by one-half). Based on the number of shares of common stock and OP Units outstanding at the time, the cash savings throughout 2009 was estimated to aggregate approximately \$37 million. This decision was in response to the state of the economy, the difficult retail environment, the constrained capital markets and the need to renew the Company's

Table of Contents

secured revolving stabilized property credit facility. In December 2009, following a review of the state of the economy and the Company's financial position, the Company's Board of Directors determined to resume payment of a cash dividend in the amount \$0.09 per share (\$0.36 per share on an annualized basis) on the Company's common stock, which was paid on January 20, 2010 to shareholders of record as of the close of business on December 31, 2009.

In November 2009, the Company closed an amended and restated secured revolving stabilized property credit facility with Bank of America, N.A., continuing as agent, together with three other lead lenders and other participating banks, with commitments from participants of \$265.0 million (increased to \$285.0 million in January 2010). The facility, as amended, is expandable to \$400 million, subject to certain conditions, including acceptable collateral. The principal terms of the new facility include (i) an availability based primarily on appraisals, with a 67.5% advance rate, (ii) an interest rate based on LIBOR plus 350 bps, with a 200 bps LIBOR floor (under the prior arrangement, the interest rate was based on LIBOR plus a bps spread depending upon the Company's leverage ratio, as defined, which had been 135 bps prior to the new facility), (iii) a leverage ratio limited to 67.5%, (iv) an unused portion fee of 50 bps (previously 25 bps), and (v) a maturity date of January 31, 2012, subject to a one-year extension option. In connection with the new facility, the Company paid participating lender fees and closing and transaction costs of approximately \$9.0 million.

Borrowings outstanding under the facility aggregated \$188.0 million at December 31, 2009, such borrowings bore interest at an average rate of 5.5% per annum, and the Company had pledged 34 of its shopping center properties as collateral for such borrowings.

The secured revolving stabilized property credit facility has been and will be used to fund acquisitions, certain development and redevelopment activities, capital expenditures, mortgage repayments, dividend distributions, working capital and other general corporate purposes. The facility is subject to customary financial covenants, including limits on leverage as discussed above and distributions (limited to 95% of funds from operations, as defined), and other financial statement ratios. Based on covenant measurements and collateral in place as of December 31, 2009, the Company was permitted to draw up to approximately \$204.3 million, of which approximately \$16.3 million remained available as of that date. As a result of the application of the net proceeds from, among other things, the transfers of two of the remaining properties to the RioCan joint venture (more fully described above) and the sales of shares of the Company's common stock in February and March 2010 (more fully described below), such availability has increased to approximately \$104 million as of March 3, 2010. As of December 31, 2009, the Company was in compliance with the financial covenants and financial statement ratios required by the terms of the secured revolving stabilized property credit facility.

The Company has a \$150 million secured revolving development property credit facility with KeyBank, National Association (as agent) and several other banks, pursuant to which the Company has pledged certain of its development projects and redevelopment properties as collateral for borrowings thereunder. The facility, as amended, is expandable to \$250 million, subject to certain conditions, including acceptable collateral, and will expire in June 2011, subject to a one-year extension option. Borrowings under the facility bear interest at the Company's option at either LIBOR or the agent bank's prime rate, plus a spread of 225 bps or 75 bps, respectively. Advances under the facility are calculated at the least of 70% of aggregate project costs, 70% of "as stabilized" appraised values, or costs incurred in excess of a 30% equity requirement on the part of the Company. The facility also requires an unused

[Table of Contents](#)

portion fee of 15 bps. This facility has been and will be used to fund in part the Company's and certain joint ventures' development activities. In order to draw funds under this construction facility, the Company must meet certain pre-leasing and other conditions. Borrowings outstanding under the facility aggregated \$69.7 million at December 31, 2009, and such borrowings bore interest at a rate of 2.5% per annum. As of December 31, 2009, the Company was in compliance with the financial covenants and financial statement ratios required by the terms of the secured revolving development property credit facility.

The Company has a \$77.7 million construction facility with Manufacturers and Traders Trust Company (as agent) and several other banks, pursuant to which the Company has guaranteed and pledged its joint venture development project in Pottsgrove, Pennsylvania as collateral for borrowings to be made thereunder. This facility will expire in September 2011, subject to a one-year extension option. Borrowings outstanding under the facility aggregated \$61.2 million at December 31, 2009, and such borrowings bore interest at an average rate of 2.5% per annum. Borrowings under the facility bear interest at the Company's option at either LIBOR plus a spread of 225 bps, or the agent bank's prime rate. As of December 31, 2009, the Company was in compliance with the financial covenants and financial statement ratios required by the terms of the construction facility.

Mortgage loans payable at December 31, 2009 consisted of fixed-rate notes totaling \$610.8 million, with a weighted average interest rate of 5.8%, and variable-rate debt totaling \$82.2 million, with a weighted average interest rate of 3.4%. Total mortgage loans payable and secured revolving credit facilities have an overall weighted average interest rate of 5.3% and mature at various dates through 2029. For 2010, the Company has approximately \$8.0 million of scheduled debt principal amortization payments and \$12.3 million of balloon payments.

The terms of several of the Company's mortgage loans payable require the Company to deposit certain replacement and other reserves with its lenders. Such "restricted cash" is generally available only for property-level requirements for which the reserves have been established, and is not available to fund other property-level or Company-level obligations.

On October 26, 2009, the Company entered into definitive agreements with RioCan Real Estate Investment Trust of Toronto, Canada, a publicly-traded Canadian real estate investment trust listed on the Toronto Stock Exchange ("RioCan"), pursuant to which the Company (1) sold to RioCan approximately 6,667,000 shares of the Company's common stock at \$6.00 per share in a private placement (RioCan agreeing that it would not sell any of such shares for a period of one year), (2) issued to RioCan warrants to purchase approximately 1,429,000 shares of the Company's common stock at an exercise price of \$7.00 per share, exercisable over a two-year period (valued at \$1,643,000), (3) entered into an 80% (RioCan) and 20% (Cedar) joint venture (i) initially for the purchase of seven supermarket-anchored properties presently owned by the Company, and (ii) then to acquire additional primarily supermarket-anchored properties in the Company's primary market areas during the next two years, in the same joint venture format, and (4) entered into a "standstill" agreement with respect to increases in RioCan's ownership of the Company's common stock for a three-year period. In addition, subject to certain exceptions, the Company has agreed that it will not issue any new shares of common stock unless RioCan is offered the right to purchase that additional number of shares that will maintain its pro rata percentage ownership, on a fully diluted basis. In connection with the formation of the joint venture,

the Company recorded an impairment charge of \$23.6 million relating to the seven properties transferred or to be transferred to the joint venture.

The private placement investment by RioCan and the issuance of the warrants by the Company were concluded on October 30, 2009. Two of the properties (Blue Mountain Commons located in Harrisburg, Pennsylvania and Sunset Crossing located in Dickson City, Pennsylvania) were transferred to the joint venture on December 10, 2009, resulting in proceeds to the Company of approximately \$33 million (in connection with the closing, a repayment of \$25.9 million was required under the Company's secured revolving development property credit facility). The remaining five properties are subject to mortgage loans payable aggregating approximately \$94 million. Two of the properties (Columbus Crossing Shopping Center located in Philadelphia, Pennsylvania and Franklin Village Plaza located in Franklin, Massachusetts) were transferred to the joint venture in January and February 2010, resulting in net proceeds to the Company of approximately \$16 million. The remaining three properties (Loyal Plaza Shopping Center located in Williamsport, Pennsylvania, Shaw's Plaza located in Raynham, Massachusetts, and Stop & Shop Plaza located in Bridgeport, Connecticut) are to be transferred during the first half of 2010, resulting in net proceeds to the Company of an additional approximately \$16 million. In connection with the transfers of the seven properties to the joint venture and the private placement transactions, the Company will have received aggregate net proceeds of approximately \$105 million, after estimated closing and transaction costs, which have been or will be used to repay/reduce the outstanding balances under the Company's secured revolving credit facilities. In connection with these transactions, the Company incurred costs and fees of approximately \$6.0 million, including fees to the Company's investment advisor (\$3.5 million), the value assigned to the warrants (approximately \$1.6 million), and other costs and expenses aggregating \$0.9 million. In addition, the Company agreed to pay to its investment advisor a fee of 1% of the gross cost of future acquisitions made by the joint venture for a two-year period, up to a maximum of \$3.0 million.

On February 5, 2010, the Company concluded a public offering of 7,500,000 shares of its common stock at \$6.60 per share, and realized net proceeds after offering expenses of approximately \$47.0 million. On March 3, 2010, the underwriters exercised their over-allotment option to the extent of 697,800 shares, and the Company realized additional net proceeds of \$4.4 million. In connection with the offering, RioCan acquired 1,350,000 shares of the Company's common stock, including 100,000 shares acquired in connection with the exercise of the over-allotment option, and the Company realized net proceeds of \$8.9 million.

In September 2009, the Company entered into a Standby Equity Purchase Agreement (the "SEPA Agreement") with an investment company for sales of its shares of common stock aggregating up to \$30 million over a two-year commitment period; the commitment is expandable at the Company's option to \$45 million. Through December 31, 2009, 422,000 shares had been sold pursuant to the SEPA Agreement, at an average price of \$5.93 per share, and the Company realized net proceeds, after allocation of other issuance expenses, of approximately \$2.3 million. In January and February 2010, an additional 718,000 shares of the Company's common stock had been sold pursuant to the SEPA Agreement at an average selling price of \$6.97 per share, and the Company had realized net proceeds of approximately \$5.0 million.

Table of Contents

The Company expects to have sufficient liquidity to effectively manage its business. Such liquidity sources include, amongst others (i) cash on hand, (ii) operating cash flows, (iii) availability under its secured revolving credit facilities, (iv) property-specific financings, (v) sales of properties and (vi) proceeds from contributions of properties to joint ventures, and/or issuances of shares of common or preferred stock.

Contractual obligations and commercial commitments

The following table sets forth the Company's significant debt repayment, interest and operating lease obligations at December 31, 2009 (in thousands):

	Maturity Date						
	2010	2011	2012	2013	2014	Thereafter	Total
Debt:							
Mortgage loans payable (i) (ii)	\$ 20,421,000	\$ 91,053,000	\$ 39,629,000	\$ 64,194,000	\$ 123,771,000	\$ 353,911,000	\$ 692,979,000
Stabilized property credit facility (iii)	—	—	187,985,000	—	—	—	187,985,000
Development property credit facility (iii)	—	69,700,000	—	—	—	—	69,700,000
Interest payments (iv)	48,767,000	47,560,000	44,473,000	28,961,000	22,950,000	23,016,000	215,727,000
Operating lease obligations	1,150,000	1,213,000	1,219,000	1,234,000	1,250,000	21,519,000	27,585,000
Total	<u>\$ 70,338,000</u>	<u>\$ 209,526,000</u>	<u>\$ 273,306,000</u>	<u>\$ 94,389,000</u>	<u>\$ 147,971,000</u>	<u>\$ 398,446,000</u>	<u>\$ 1,193,976,000</u>

- (i) Does not include: (a) the \$15.3 million mortgage loan payable by the Company's 76.3% owned unconsolidated joint venture, which is due in May 2011, (b) mortgage loans payable applicable to the seven properties transferred or to be transferred to the RioCan joint venture, or (c) mortgage loans payable applicable to discontinued operations.
- (ii) Mortgage loans payable for 2011 includes \$61.2 million applicable to property-specific structured financing which is subject to a one-year extension option.
- (iii) Subject to a one-year extension option.
- (iv) Represents interest payments expected to be incurred on the Company's consolidated debt obligation as of December 31, 2009 inclusive of capitalized interest. For variable rate debt, the rate in effect at December 31, 2009 is assumed to remain in effect until the maturities of the respective obligations. Does not include interest payments to be incurred on debt obligations applicable to unconsolidated joint ventures or discontinued operations.

In addition, the Company plans to spend between \$30 million and \$35 million during 2010 in connection with development and redevelopment activities in process as of December 31, 2009.

Net Cash Flows

Operating Activities

Net cash flows provided by operating activities amounted to \$51.9 million during 2009, compared to \$60.8 million during 2008 and \$53.5 million during 2007. The changes in operating cash flows during 2009, 2008 and 2007 were primarily the result of the Company's development and redevelopment activities, and property acquisitions or dispositions.

Investing Activities

Net cash flows used in investing activities were \$70.0 million in 2009, \$151.4 million in 2008 and \$192.4 million in 2007, and were primarily the result of the Company's acquisition/disposition activities. During 2009, the Company acquired two shopping and convenience centers and incurred expenditures for property improvements, an aggregate of \$108.3 million. The Company realized proceeds from the transfers of two properties to the RioCan joint venture (\$32.1 million) and from the

[Table of Contents](#)

sales of properties treated as discontinued operations (\$6.8 million). During 2008, the Company acquired four shopping and convenience centers, acquired land for development, expansion and/or future development and incurred expenditures for property improvements, an aggregate of \$131.9 million. The Company also purchased the joint venture minority interests in four properties for \$17.5 million. During 2007, the Company acquired 20 shopping and convenience centers and land for development, expansion and/or future development, and incurred expenditures for property improvements, an aggregate of \$187.5 million.

Financing Activities

Net cash flows provided by financing activities were \$27.0 million in 2009, \$75.5 million in 2008 and \$143.7 million in 2007. During 2009, the Company received proceeds of mortgage financings of \$60.9 million, proceeds from sales of common stock of \$40.9 million, \$12.2 million in contributions from noncontrolling interests (minority interest partners) \$5.0 million in proceeds from a standby equity advance (not settled as of December 31, 2009), offset by net repayments to its revolving credit facilities of \$46.8 million, repayment of mortgage obligations of \$18.2 million (including \$8.9 million of mortgage balloon payments), preferred and common stock distributions of \$12.9 million, the payment of financing costs of \$10.0 million, and distributions paid to noncontrolling interests (minority and limited partner interests) of \$4.1 million. During 2008, the Company received net advance proceeds of \$114.1 million from its revolving credit facilities, \$106.7 million in net proceeds from mortgage financings, and \$6.3 million in contributions from noncontrolling interests (minority interest partners), offset by the repayment of mortgage obligations of \$93.3 million (including \$84.8 million of mortgage balloon payments), preferred and common stock distributions of \$47.9 million, distributions paid to noncontrolling interests (minority and limited partner interests) of \$5.2 million, the payment of financing costs of \$5.1 million, and the redemption of noncontrolling interests (a limited partner's OP Units) of \$0.1 million. During 2007, the Company received net advance proceeds of \$122.0 million from its stabilized property credit facility, \$53.2 million in contributions from noncontrolling interests (minority interest partners), \$34.5 million in net proceeds from mortgage financings, and \$3.9 million in net proceeds from public offerings, offset by preferred and common stock distributions of \$47.6 million, the repayment of mortgage obligations of \$16.2 million (including \$7.6 million of mortgage balloon payments), the payment of financing costs of \$3.2 million, and distributions paid to noncontrolling interests (minority and limited partner interests) of \$2.9 million.

Funds From Operations

Funds From Operations ("FFO") is a widely-recognized non-GAAP financial measure for REITs that the Company believes, when considered with financial statements determined in accordance with GAAP, is useful to investors in understanding financial performance and providing a relevant basis for comparison among REITs. In addition, FFO is useful to investors as it captures features particular to real estate performance by recognizing that real estate generally appreciates over time or maintains residual value to a much greater extent than do other depreciable assets. Investors should review FFO, along with GAAP net income, when trying to understand an equity REIT's operating performance. The Company presents FFO because the Company considers it an important supplemental measure of its operating performance and believes that it is frequently used by securities analysts, investors and other interested parties in the evaluation of REITs. Among other things, the Company uses FFO or an adjusted FFO-based measure (i) as a criterion to determine performance-based bonuses for members of senior

Table of Contents

management, (ii) in performance comparisons with other shopping center REITs, and (iii) to measure compliance with certain financial covenants under the terms of the Loan Agreements relating to the Company's credit facilities.

The Company computes FFO in accordance with the "White Paper" on FFO published by the National Association of Real Estate Investment Trusts ("NAREIT"), which defines FFO as net income applicable to common shareholders (determined in accordance with GAAP), excluding gains or losses from debt restructurings and sales of properties, plus real estate-related depreciation and amortization, and after adjustments for partnerships and joint ventures (which are computed to reflect FFO on the same basis).

FFO does not represent cash generated from operating activities and should not be considered as an alternative to net income applicable to common shareholders or to cash flow from operating activities. FFO is not indicative of cash available to fund ongoing cash needs, including the ability to make cash distributions. Although FFO is a measure used for comparability in assessing the performance of REITs, as the NAREIT White Paper only provides guidelines for computing FFO, the computation of FFO may vary from one company to another. The following table sets forth the Company's calculations of FFO for 2009, 2008 and 2007:

	<u>2009</u>	<u>2008</u>	<u>2007</u>
Net (loss) income attributable to common shareholders	\$ (24,543,000)	\$ 10,498,000	\$ 14,092,000
Add (deduct):			
Real estate depreciation and amortization	55,179,000	49,521,000	41,918,000
Noncontrolling interests:			
Limited partners' interest	(904,000)	477,000	633,000
Minority interests in consolidated joint ventures	772,000	2,157,000	1,415,000
Minority interests' share of FFO applicable to consolidated joint ventures	(5,787,000)	(6,134,000)	(2,139,000)
Equity in income of unconsolidated joint ventures	(1,098,000)	(956,000)	(634,000)
FFO from unconsolidated joint ventures	1,519,000	1,296,000	905,000
Gain on sales of discontinued operations	(557,000)	—	—
Funds From Operations	<u>\$ 24,581,000</u>	<u>\$ 56,859,000</u>	<u>\$ 56,190,000</u>
FFO per common share (assuming conversion of OP Units)			
Basic and diluted	\$ 0.51	\$ 1.22	\$ 1.22
Weighted average number of common shares:			
Shares used in determination of basic earnings per share	46,234,000	44,475,000	44,193,000
Additional shares assuming conversion of OP Units (basic)	2,014,000	2,024,000	1,985,000
Shares used in determination of basic FFO per share	<u>48,248,000</u>	<u>46,499,000</u>	<u>46,178,000</u>
Shares used in determination of diluted earnings per share	46,234,000	44,475,000	44,197,000
Additional shares assuming conversion of OP Units (diluted)	2,014,000	2,024,000	1,990,000
Shares used in determination of diluted FFO per share	<u>48,248,000</u>	<u>46,499,000</u>	<u>46,187,000</u>

Inflation

Low to moderate levels of inflation during the past several years have favorably impacted the Company's operations by stabilizing operating expenses. However, the Company's properties have tenants whose leases include expense reimbursements and other provisions to minimize the effect of inflation. At the same time, low inflation has had the indirect effect of reducing the Company's ability to increase tenant rents upon the signing of new leases and/or lease renewals.

Item 7A. Quantitative and Qualitative Disclosures About Market Risk

One of the principal market risks facing the Company is interest rate risk on its credit facilities. The Company may, when advantageous, hedge its interest rate risk using derivative financial instruments. The Company is not subject to foreign currency risk.

The Company is exposed to interest rate changes primarily through (i) the variable-rate credit facilities used to maintain liquidity, fund capital expenditures, development/redevelopment activities, and expand its real estate investment portfolio, (ii) property-specific variable-rate construction financing, and (iii) other property-specific variable-rate mortgages. The Company's objectives with respect to interest rate risk are to limit the impact of interest rate changes on operations and cash flows, and to lower its overall borrowing costs. To achieve these objectives, the Company may borrow at fixed rates and may enter into derivative financial instruments such as interest rate swaps, caps, etc., in order to mitigate its interest rate risk on a related variable-rate financial instrument. The Company does not enter into derivative or interest rate transactions for speculative purposes. At December 31, 2009, the Company had approximately \$28.9 million of mortgage loans payable and \$23.9 million of secured revolving stabilized property credit facility subject to interest rate swaps which converted LIBOR-based variable rates to fixed annual rates ranging from 5.2% to 6.8% per annum. In addition, the Company had an interest rate swap applicable to anticipated permanent financing of \$28.0 million for its development joint venture project in Stroudsburg, Pennsylvania. On January 20, 2010, the Company paid approximately \$5.5 million to terminate interest rate swaps applicable to approximately \$23.9 million of secured revolving stabilized property credit facility as well as the interest rate swap applicable to anticipated permanent financing for its development joint venture project in Stroudsburg, Pennsylvania.

At December 31, 2009, long-term debt consisted of fixed-rate mortgage loans payable and variable-rate debt (principally the Company's variable-rate credit facilities). The average interest rate on the \$610.8 million of fixed-rate indebtedness outstanding was 5.8%, with maturities at various dates through 2029. The average interest rate on the \$339.9 million of variable-rate debt (including \$257.7 million in advances under the Company's revolving credit facilities) was 4.4%. The secured revolving stabilized property credit facility matures in January 2012, subject to a one-year extension option. The secured revolving development property credit facility matures in June 2011, subject to a one-year extension option. With respect to \$151.9 million of variable-rate debt outstanding at December 31, 2009, if interest rates either increase or decrease by 1%, the Company's interest cost would increase or decrease respectively by approximately \$1.5 million per annum. With respect to the remaining \$188.0 of variable-rate debt outstanding at December 31, 2009, represented by the Company's secured revolving stabilized property credit facility, interest is based on LIBOR with a 200 bps LIBOR floor. Accordingly, if interest rates either increase or decrease by 1%, the Company's interest cost applicable on this line would increase by approximately \$1.9 million per annum only if LIBOR was in excess of 2.0% per annum.

Item 8. Financial Statements and Supplementary Data

Report of Independent Registered Public Accounting Firm	50
Consolidated Balance Sheets, December 31, 2009 and 2008	51
Consolidated Statements of Operations, years ended December 31, 2009, 2008 and 2007	52
Consolidated Statements of Equity, years ended December 31, 2009, 2008 and 2007	53
Consolidated Statements of Cash Flows, years ended December 31, 2009, 2008 and 2007	55
Notes to Consolidated Financial Statements	56-91
Schedule Filed As Part Of This Report	
Schedule III — Real Estate and Accumulated Depreciation, December 31, 2009	92-98

All other schedules have been omitted because the required information is not present, is not present in amounts sufficient to require submission of the schedule, or is included in the consolidated financial statements or notes thereto.

Report of Independent Registered Public Accounting Firm

**The Board of Directors and Shareholders
Cedar Shopping Centers, Inc.**

We have audited the accompanying consolidated balance sheets of Cedar Shopping Centers, Inc. (the “Company”) as of December 31, 2009 and 2008, and the related consolidated statements of operations, equity, and cash flows for each of the three years in the period ended December 31, 2009. Our audits also included the financial statement schedule listed in the Index at Item 8. These financial statements and schedule are the responsibility of the Company’s management. Our responsibility is to express an opinion on these financial statements and schedule based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Cedar Shopping Centers, Inc. at December 31, 2009 and 2008, and the consolidated results of its operations and its cash flows for each of the three years in the period ended December 31, 2009, in conformity with U.S. generally accepted accounting principles. Also, in our opinion, the related financial statement schedule, when considered in relation to the basic financial statements taken as a whole, presents fairly, in all material respects, the information set forth therein.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), Cedar Shopping Centers, Inc.’s internal control over financial reporting as of December 31, 2009, based on criteria established in Internal Control — Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated March 15, 2010 expressed an unqualified opinion thereon.

Cedar Shopping Centers, Inc.

**Notes to Consolidated Financial Statements
December 31, 2009**

Note 1. Organization and Basis of Preparation

Cedar Shopping Centers, Inc. (the "Company") was organized in 1984 and elected to be taxed as a real estate investment trust ("REIT") in 1986. The Company focuses primarily on ownership, operation, development and redevelopment of supermarket-anchored shopping centers predominately in coastal mid-Atlantic and New England states. At December 31, 2009, the Company owned and managed 119 operating properties.

Cedar Shopping Centers Partnership, L.P. (the "Operating Partnership") is the entity through which the Company conducts substantially all of its business and owns (either directly or through subsidiaries) substantially all of its assets. At December 31, 2009, the Company owned a 96.3% economic interest in, and was the sole general partner of, the Operating Partnership. The limited partners' interest in the Operating Partnership (3.7% at December 31, 2009) is represented by Operating Partnership Units ("OP Units"). The carrying amount of such interest is adjusted at the end of each reporting period to an amount equal to the limited partners' ownership percentage of the Operating Partnership's net equity. The approximately 2,006,000 OP Units outstanding at December 31, 2009 are economically equivalent to the Company's common stock and are convertible into the Company's common stock at the option of the respective holders on a one-to-one basis.

As used herein, the "Company" refers to Cedar Shopping Centers, Inc. and its subsidiaries on a consolidated basis, including the Operating Partnership or, where the context so requires, Cedar Shopping Centers, Inc. only.

In July 2009, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standard No. 168, "The FASB Accounting Standards Codification and Hierarchy of Generally Accepted Accounting Principles", also known as the FASB Accounting Standards Codification (the "Codification"), which establishes the exclusive authoritative reference for accounting principles generally accepted in the United States ("GAAP") for use in financial statements. The Codification supersedes all existing non-Securities and Exchange Commission ("SEC") accounting and reporting standards, although SEC rules and interpretive releases remain as additional authoritative GAAP for U.S. registrants. The Codification does not change GAAP, but is intended to simplify user access by providing all the authoritative literature related to a particular topic in one place. The Codification, which became effective for financial statements issued after September 15, 2009, did not have an effect on the Company's financial statements. Although the Company has continued to provide a general description of the relevant accounting literature applicable to its significant accounting policies, it has ceased including the specific FASB pronouncement references in its financial statement footnotes.

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

The consolidated financial statements include the accounts and operations of the Company, the Operating Partnership, its subsidiaries, and certain joint venture partnerships in which it participates. The Company consolidates all variable interest entities ("VIEs") for which it is the primary beneficiary. Generally, a VIE is an entity with one or more of the following characteristics: (a) the total equity investment at risk is not sufficient to permit the entity to finance its activities without additional subordinated financial support, (b) as a group, the holders of the equity investment at risk (i) lack the ability to make decisions about an entity's activities through voting or similar rights, (ii) have no obligation to absorb the expected losses of the entity, or (iii) have the right to receive the expected residual returns of the entity, or (c) the equity investors have voting rights that are not proportional to their economic interests, and substantially all of the entity's activities either involve, or are conducted on behalf of, an investor that has disproportionately few voting rights. The current accounting guidance requires a VIE to be consolidated in the financial statements of the entity that is determined to be the primary beneficiary of the VIE, i.e., the entity that will receive a majority of the VIE's expected losses, expected residual returns, or both. In determining whether the Company is the primary beneficiary of a VIE, it considers qualitative and quantitative factors including, but not limited to: (i) the amount and characteristics of the Company's investment, (ii) the obligation or likelihood for the Company or other investors to provide financial support, (iii) the Company's and the other investors' ability to control or significantly influence key decisions for the VIE, and (iv) the similarity with, and significance to, the business activities of the Company and the other investors. Significant judgments related to these determinations include estimates about the current and future fair values and performance of real estate held by these VIEs and general market conditions.

With respect to its 13 consolidated operating joint ventures, the Company has general partnership interests of 20% in nine properties, 40% in two properties, 50% in one property and 75% in one property. As (i) such entities are not VIEs, and (ii) the Company is the sole general partner and exercises substantial operating control over these entities, the Company has determined that such entities should be consolidated for financial statement purposes. Current accounting guidance provides a framework for determining whether a general partner controls, and should consolidate, a limited partnership or similar entity in which it owns a minority interest.

The Company's three 60%-owned joint ventures for development projects in Limerick, Pottsgrove and Stroudsburg, Pennsylvania, are consolidated as they are deemed to be VIEs and the Company is the primary income or loss beneficiary in each case. At December 31, 2009, these VIEs owned real estate with a carrying value of \$134.9 million. At that date, two of the VIEs had property-specific mortgage loans payable aggregating \$62.5 million, and the real estate owned by one of the VIEs collateralized the secured revolving development property credit facility in the amount of \$7.7 million.

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

With respect to its unconsolidated joint ventures, the Company has a 20% interest in a joint venture with RioCan (more fully described below) formed initially for the acquisition of seven shopping center properties owned by the Company. Two of the properties were transferred to the joint venture prior to December 31, 2009, two of the properties were transferred in January and February 2010 and the three remaining properties are expected to be transferred during the first half of 2010. In addition, the Company has a 76.3% interest in a joint venture which owns a single-tenant office property in Philadelphia, Pennsylvania. Although the Company exercises influence over these joint ventures, it does not have operating control. In the case of the RioCan joint venture, although the Company provides management and other services, RioCan has significant management participation rights. The Company has determined that these joint ventures are not VIEs. The Company accounts for its investment in these joint ventures under the equity method.

At December 31, 2009, the Company had deposits of \$0.9 million on three land parcels to be purchased for future development. Although each of the deposits is considered a VIE, the Company has not consolidated any of them as the Company is not the primary income or loss beneficiary in each case.

Note 2. Summary of Significant Accounting Policies

The accompanying financial statements are prepared on the accrual basis in accordance with GAAP, which requires management to make estimates and assumptions that affect the disclosure of contingent assets and liabilities, the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the periods covered by the financial statements. Actual results could differ from these estimates.

The consolidated financial statements reflect certain reclassifications of prior period amounts to conform to the 2009 presentation, principally (i) the retrospective reclassification, for all periods presented, of the balances related to minority interests in consolidated joint ventures and limited partners' interest in the Operating Partnership into the consolidated equity accounts, as appropriate (certain non-controlling interests of the Company will continue to be classified in the mezzanine section of the balance sheet as these redeemable OP Units ("Mezz OP Units") do not meet the requirements for equity classification), (ii) to reflect the reclassifications of the assets and liabilities of the properties transferred and to be transferred to the RioCan joint venture as "real estate to be transferred to a joint venture", and (iii) to reflect the sale and/or treatment as "held for sale" of certain operating properties and the treatment thereof as "discontinued operations". The reclassifications had no impact on previously-reported net income attributable to common shareholders or earnings per share.

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

Real Estate Investments and Discontinued Operations

Real estate investments are carried at cost less accumulated depreciation. The provision for depreciation is calculated using the straight-line method based upon the estimated useful lives of the respective assets of between 3 and 40 years. Depreciation expense amounted to \$50.3 million, \$44.7 million and \$37.7 million for 2009, 2008 and 2007, respectively. Expenditures for betterments that substantially extend the useful lives of the assets are capitalized. Expenditures for maintenance, repairs, and betterments that do not substantially prolong the normal useful life of an asset are charged to operations as incurred, and amounted to \$2.2 million, \$2.2 million and \$1.7 million for 2009, 2008 and 2007, respectively.

Upon the sale or other disposition of assets, the cost and related accumulated depreciation and amortization are removed from the accounts and the resulting gain or impairment loss, if any, is reflected as discontinued operations. In addition, prior periods' financial statements would be reclassified to reflect the sold properties' operations as discontinued.

Real estate investments include costs of development and redevelopment activities, and construction in progress. Capitalized costs, including interest and other carrying costs during the construction and/or renovation periods, are included in the cost of the related asset and charged to operations through depreciation over the asset's estimated useful life. Interest and financing costs capitalized amounted to \$6.3 million, \$6.7 million and \$4.1 million for 2009, 2008 and 2007, respectively. A variety of costs are incurred in the acquisition, development and leasing of a property, such as pre-construction costs essential to the development of the property, development costs, construction costs, interest costs, real estate taxes, salaries and related costs, and other costs incurred during the period of development. After a determination is made to capitalize a cost, it is allocated to the specific component of a project that is benefited. The Company ceases capitalization on the portions substantially completed and occupied, or held available for occupancy, and capitalizes only those costs associated with the portions under development. The Company considers a construction project to be substantially completed and held available for occupancy upon the completion of tenant improvements, but not later than one year from cessation of major construction activity.

Management reviews each real estate investment for impairment whenever events or circumstances indicate that the carrying value of a real estate investment may not be recoverable. The review of recoverability is based on an estimate of the future cash flows that are expected to result from the real estate investment's use and eventual disposition. These cash flows consider factors such as expected future operating income, trends and prospects, as well as the effects of leasing demand, competition and other factors. If an impairment event exists due to the projected inability to recover the carrying value of a real estate investment, an impairment loss is recorded to the extent that the carrying value exceeds estimated fair value. Real estate investments held for sale are carried at the lower of their respective carrying amounts or estimated fair values, less costs to sell. Depreciation and amortization are suspended during the periods held for sale.

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

In October 2009, the Company entered into the RioCan transactions (more fully described below), and recorded a net impairment charge aggregating \$23.6 million based on the indicated values and costs of the contract of sale of an 80% interest in seven properties transferred or to be transferred to the RioCan joint venture. Insofar as the Company has and will have a continued involvement with these properties (it exercises significant influence through its 20% interest retained and provides property management and other services), the accounting treatment presentation on the accompanying consolidated balance sheet is to reflect the Company's applicable carrying values as "real estate to be transferred to a joint venture" retroactively for all periods presented, whereas the accounting treatment presentation on the accompanying consolidated statements of operations is to reflect the results of the properties' operations prospectively following their transfer to the joint venture as "equity in income of unconsolidated joint ventures" with no reclassification adjustments for discontinued operations. Revenues included in the accompanying statement of operations for the seven properties transferred or to be transferred to the RioCan joint venture aggregated \$18.6 million, \$17.7 million and \$16.6 million, respectively, for 2009, 2008 and 2007.

During 2009, the Company wrote-off costs incurred in prior years for (i) potential development opportunities in Milford, Delaware and Ephrata, Pennsylvania that the Company determined would not go forward (an aggregate of \$2.8 million) and (ii) costs incurred related to the acquisitions of San Souci Plaza and New London Mall (net of minority interest share) and the costs primarily associated with a cancelled acquisition (an aggregate of \$1.5 million).

During 2009, the Company sold, or has treated as "held for sale", nine of its drug store/convenience centers, located in Ohio and New York. In connection with these transactions, the Company recorded impairment charges aggregating \$3.6 million.

Conditional asset retirement obligation

A conditional asset retirement obligation is a legal obligation to perform an asset retirement activity in which the timing and/or method of settlement is conditional on a future event that may or may not be within the control of the Company. The Company would record a liability for a conditional asset retirement obligation if the fair value of the obligation can be reasonably estimated. Environmental studies conducted at the time of acquisition with respect to all of the Company's properties did not reveal any material environmental liabilities, and the Company is unaware of any subsequent environmental matters that would have created a material liability. The Company believes that its properties are currently in material compliance with applicable environmental, as well as non-environmental, statutory and regulatory requirements. There were no conditional asset retirement obligation liabilities recorded by the Company during the three years ended December 31, 2009.

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

Intangible Lease Asset/Liability

The Company allocates the fair value of real estate acquired to land, buildings and improvements. In addition, the fair value of in-place leases is allocated to intangible lease assets and liabilities.

The fair value of the tangible assets of an acquired property is determined by valuing the property as if it were vacant, which value is then allocated to land, buildings and improvements based on management's determination of the relative fair values of these assets. In valuing an acquired property's intangibles, factors considered by management include an estimate of carrying costs during the expected lease-up periods, such as real estate taxes, insurance, other operating expenses, and estimates of lost rental revenue during the expected lease-up periods based on its evaluation of current market demand. Management also estimates costs to execute similar leases, including leasing commissions, tenant improvements, legal and other related costs.

The value of in-place leases is measured by the excess of (i) the purchase price paid for a property after adjusting existing in-place leases to market rental rates, over (ii) the estimated fair value of the property as if vacant. Above-market and below-market in-place lease values are recorded based on the present value (using a discount rate which reflects the risks associated with the leases acquired) of the difference between the contractual amounts to be received and management's estimate of market lease rates, measured over the terms of the respective leases that management deemed appropriate at the time of acquisition. The value of other intangibles is amortized to expense, and the above-market and below-market lease values are amortized to rental income, over the terms of the respective leases. If a lease were to be terminated prior to its stated expiration, all unamortized amounts relating to that lease would be recognized in operations at that time.

With respect to the Company's 2009 acquisitions, the fair values of in-place leases and other intangibles have been allocated to the intangible asset and liability accounts. Such allocations are preliminary and are based on information and estimates available as of the respective dates of acquisition. As final information becomes available and is refined, appropriate adjustments are made to the purchase price allocations, which are finalized within twelve months of the respective dates of acquisition. Unamortized intangible lease liabilities relate primarily to below-market leases, and amounted to \$46.6 million and \$56.1 million at December 31, 2009 and 2008, respectively.

As a result of recording the intangible lease assets and liabilities, (i) revenues were increased by \$13.4 million, \$14.3 million and \$10.8 million for 2009, 2008 and 2007, respectively, relating to the amortization of intangible lease liabilities, and (ii) depreciation and amortization expense was increased correspondingly by \$13.9 million, \$14.5 million and \$12.9 million for 2009, 2008 and 2007, respectively.

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

The unamortized balance of intangible lease liabilities of \$46.6 million at December 31, 2009 is net of accumulated amortization of \$52.5 million, and will be credited to future operations through 2043 as follows:

2010	\$ 7,811,000
2011	6,279,000
2012	5,576,000
2013	5,060,000
2014	4,314,000
Thereafter	17,603,000
	<u>\$46,643,000</u>

Cash and Cash Equivalents

Cash and cash equivalents consist of cash in banks and short-term investments with original maturities of less than ninety days, and include cash at consolidated joint ventures of \$7.4 million and \$1.9 million at December 31, 2009 and 2008, respectively.

Restricted Cash

The terms of several of the Company's mortgage loans payable require the Company to deposit certain replacement and other reserves with its lenders. Such "restricted cash" is generally available only for property-level requirements for which the reserves have been established, is not available to fund other property-level or Company-level obligations, and amounted to \$14.1 million and \$14.0 million at December 31, 2009 and 2008, respectively.

Rents and Other Receivables

Management has determined that all of the Company's leases with its various tenants are operating leases. Rental income with scheduled rent increases is recognized using the straight-line method over the respective terms of the leases. The aggregate excess of rental revenue recognized on a straight-line basis over the contractual base rents is included in straight-line rents on the consolidated balance sheet. Leases also generally contain provisions under which the tenants reimburse the Company for a portion of property operating expenses and real estate taxes incurred; such income is recognized in the periods earned. In addition, certain operating leases contain contingent rent provisions under which tenants are required to pay, as additional rent, a percentage of their sales in excess of a specified amount. The Company defers recognition of contingent rental income until those specified sales targets are met.

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

The Company must make estimates as to the collectibility of its accounts receivable related to base rent, straight-line rent, percentage rent, expense reimbursements and other revenues. When management analyzes accounts receivable and evaluates the adequacy of the allowance for doubtful accounts, it considers such things as historical bad debts, tenant creditworthiness, current economic trends, and changes in tenants' payment patterns. The allowance for doubtful accounts was \$5.3 million and \$3.0 million at December 31, 2009 and 2008, respectively. The provision for doubtful accounts (included in operating, maintenance and management expenses) was \$3.9 million, \$1.9 million and \$0.8 million in 2009, 2008 and 2007, respectively.

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentrations of credit risk consist primarily of cash and cash equivalents in excess of insured amounts and tenant receivables. The Company places its cash and cash equivalents with high quality financial institutions. Management performs ongoing credit evaluations of its tenants and requires certain tenants to provide security deposits.

Giant Food Stores, LLC ("Giant Foods"), which is owned by Ahold N.V., a Netherlands corporation, accounted for approximately 12%, 12% and 13% of the Company's total revenues in 2009, 2008 and 2007, respectively. Giant Foods, in combination with Stop & Shop, Inc., which is also owned by Ahold N.V., accounted for approximately 15%, 15% and 15% of the Company's total revenues in 2009, 2008 and 2007, respectively. Of these amounts, 3%, respectively, were attributable to Giant Foods revenues at the seven properties transferred or to be transferred to the RioCan joint venture, for each of the periods presented.

Total revenues from properties located in Pennsylvania, Massachusetts and Connecticut amounted to 46.6%, 13.2%, 11.5%, 48.5%, 13.9%, 8.7% and 53.3%, 11.2%, 8.1%, of consolidated total revenues in 2009, 2008 and 2007, respectively.

Other Assets

Other assets at December 31, 2009 and 2008 are comprised of the following:

	December 31,	
	2009	2008
Cumulative mark-to-market adjustments related to stock-based compensation	\$ 2,100,000	\$ 1,965,000
Prepaid expenses	5,279,000	4,643,000
Deposits	1,430,000	2,795,000
	<u>\$ 8,809,000</u>	<u>\$ 9,403,000</u>

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

Deferred Charges, Net

Deferred charges at December 31, 2009 and 2008 are net of accumulated amortization and are comprised of the following:

	December 31,	
	2009	2008
Lease origination costs (i)	\$ 17,787,000	\$ 17,084,000
Financing costs (ii)	16,873,000	10,822,000
Other	2,213,000	2,622,000
	<u>\$ 36,873,000</u>	<u>\$ 30,528,000</u>

- (i) Lease origination costs include the amortized balance of intangible lease assets resulting from purchase accounting allocations of \$10,067,000 and \$11,492,000, respectively.
- (ii) Financing costs are incurred in connection with the Company's credit facilities and other long-term debt.

Deferred charges are amortized over the terms of the related agreements. Amortization expense related to deferred charges (including amortization of deferred financing costs included in non-operating income and expense) amounted to \$7.6 million, \$5.8 million and \$4.5 million for 2009, 2008 and 2007, respectively. The unamortized balances of deferred lease origination costs and deferred financing costs are net of accumulated amortization of \$13.9 million and \$12.3 million, respectively, and will be charged to future operations as follows (lease origination costs through 2033, and financing costs through 2029):

	Lease origination costs	Financing costs
Non-amortizing (i)	\$ 397,000	\$ 174,000
2010	2,609,000	5,274,000
2011	2,271,000	5,053,000
2012	2,000,000	4,164,000
2013	1,759,000	927,000
2014	1,442,000	499,000
Thereafter	7,309,000	782,000
	<u>\$ 17,787,000</u>	<u>\$ 16,873,000</u>

- (i) Represents (a) lease origination costs applicable to leases with commencement dates beginning after December 31, 2009 and (b) financing costs applicable to commitment fees/deposits relating to mortgage loans concluded after December 31, 2009.

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

Income Taxes

The Company has elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended (the "Code"). A REIT will generally not be subject to federal income taxation on that portion of its income that qualifies as REIT taxable income, to the extent that it distributes at least 90% of such REIT taxable income to its shareholders and complies with certain other requirements. As of December 31, 2009, the Company was in compliance with all REIT requirements.

The Company follows a two-step approach for evaluating uncertain tax positions. Recognition (step one) occurs when an enterprise concludes that a tax position, based solely on its technical merits, is more-likely-than-not to be sustained upon examination. Measurement (step two) determines the amount of benefit that more-likely-than-not will be realized upon settlement. Derecognition of a tax position that was previously recognized would occur when a company subsequently determines that a tax position no longer meets the more-likely-than-not threshold of being sustained. The use of a valuation allowance as a substitute for derecognition of tax positions is prohibited. The Company has not identified any uncertain tax positions requiring accrual.

Derivative Financial Instruments

The Company occasionally utilizes derivative financial instruments, principally interest rate swaps, to manage its exposure to fluctuations in interest rates. The Company has established policies and procedures for risk assessment, and the approval, reporting and monitoring of derivative financial instrument activities. Derivative financial instruments must be effective in reducing the Company's interest rate risk exposure in order to qualify for hedge accounting. When the terms of an underlying transaction are modified, or when the underlying hedged item ceases to exist, all changes in the fair value of the instrument are marked-to-market with changes in value included in net income for each period until the derivative instrument matures or is settled. Any derivative instrument used for risk management that does not meet the hedging criteria is marked-to-market with the changes in value included in net income. The Company has not entered into, and does not plan to enter into, derivative financial instruments for trading or speculative purposes. Additionally, the Company has a policy of entering into derivative contracts only with major financial institutions. As of December 31, 2009, the Company believes it has no significant risk associated with non-performance of the financial institutions which are the counterparties to its derivative contracts. Additionally, based on the rates in effect as of December 31, 2009, if a counterparty were to default, the Company would receive a net interest benefit. At December 31, 2009, the Company had approximately \$28.9 million of mortgage loans payable and \$23.9 million of secured revolving stabilized property credit facility subject to interest rate swaps which converted LIBOR-based variable rates to fixed annual rates ranging from 5.2% to 6.8% per annum. At that date, the Company had accrued liabilities (included in accounts payable and accrued expenses on the consolidated balance sheet) for (i) \$2.8 million relating to the fair value of interest rate swaps applicable to existing mortgage loans payable of \$28.9 million and secured revolving stabilized property credit facility of \$23.9 million, and (ii) \$3.1 million relating to an interest rate swap applicable to anticipated

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

permanent financing of \$28.0 million for its development joint venture project in Stroudsburg, Pennsylvania, bearing an effective date of June 1, 2010, a termination date of June 1, 2020, and a fixed rate of 5.56%. Charges and/or credits relating to the changes in fair values of such interest rate swaps are made to accumulated other comprehensive (loss) income, noncontrolling interests (minority interests in consolidated joint ventures and limited partners' interest), or operations (included in interest expense), as appropriate. Currently, all but one of the Company's derivative instruments are designated as effective hedging instruments.

The following is a summary of the derivative financial instruments held by the Company at December 31, 2009 and 2008:

Designation/ Cash flow	Derivative	Count	Notional values		Expiration dates	Balance sheet location	Fair value	
			December 31,				December 31,	
			2009	2008			2009	2008
Non-qualifying ⁽¹⁾	Interest	1	\$ 23,891,000	\$ —	2011	Accounts payable and	\$ 1,297,000	\$ —
Qualifying ⁽¹⁾	rate swaps	8	\$ 56,925,000	\$ 61,796,000	2010 - 2020	accrued expenses	\$ 4,655,000	\$ 10,590,000

(1) The notional values and fair values for December 31, 2008 includes all nine of the Company's interest rate swaps as qualifying.

These interest rate swaps are used to hedge the variable cash flows associated with existing variable-rate debt. Amounts reported in accumulated other comprehensive loss related to derivatives will be reclassified to interest expense as interest payments are made on the Company's variable-rate debt and totaled approximately \$1.6 million and \$0.4 million for the years ended December 31, 2009 and 2008, respectively.

The following presents the effect of the Company's derivative financial instruments on the consolidated statements of operations and the consolidated statements of equity for 2009, 2008 and 2007, respectively:

Designation/ Cash flow	Derivative	Amount of gain (loss) recognized in other comprehensive (loss) income (effective portion)		
		Years ended December 31,		
		2009	2008	2007
Non-qualifying	Interest rate	\$ 106,000	\$ —	\$ —
Qualifying	swaps	\$ 4,237,000	\$ (7,785,000)	\$ (284,000)
Amount of gain (loss) recognized in interest expense (ineffective portion)				
Non-qualifying	Interest rate	\$ 107,000	\$ —	\$ —
Qualifying	swaps	\$ 67,000	\$ (223,000)	\$ —

Earnings Per Share

Basic earnings per share (“EPS”) is computed by dividing net income attributable to the Company’s common shareholders by the weighted average number of common shares outstanding for the period (including restricted shares and shares held by Rabbi Trusts). Fully-diluted EPS reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into shares of common stock. The calculation of the number of such additional shares was anti-dilutive for 2009 and 2008; such additional shares amounted to 4,000 for 2007. Accordingly, fully-dilutive EPS was the same as basic EPS for those years.

Stock-Based Compensation

The Company’s 2004 Stock Incentive Plan (the “Incentive Plan”) establishes the procedures for the granting of incentive stock options, stock appreciation rights, restricted shares, performance units and performance shares. The maximum number of shares of the Company’s common stock that may be issued pursuant to the Incentive Plan is 2,750,000, and the maximum number of shares that may be granted to a participant in any calendar year may not exceed 250,000. Substantially all grants issued pursuant to the Incentive Plan are “restricted stock grants” which specify vesting (i) upon the third anniversary of the date of grant for time-based grants, or (ii) upon the completion of a designated period of performance for performance-based grants. Time—based grants are valued according to the market price for the Company’s common stock at the date of grant. For performance-based grants, the Company generally engages an independent appraisal company to determine the value of the shares at the date of grant, taking into account the underlying contingency risks associated with the performance criteria.

In October 2006, the Company issued 35,000 shares of common stock as performance-based grants, which were to vest if the total annual return on an investment in the Company’s common stock (“TSR”) over the three-year period ending December 31, 2008 was equal to, or greater than, an average of 8% per year. The independent appraisal determined the value of the performance-based shares to be \$12.07 per share, compared to a market price at the date of grant of \$16.49 per share. With respect to the awards granted in 2006, the Company did not attain an average 8% TSR for such three-year period as provided by the Incentive Plan for vesting. However, the Compensation Committee of the Company’s Board of Directors took into account (1) that factors outside of the Company’s control resulted in the failure to achieve the requisite return, and (2) that the Company had outperformed its peer group during such three-year period. Accordingly, the Committee believed that it was appropriate to vest some of the awards and allowed 40% of the awards, or an aggregate of 14,000 shares, to vest. The decision had no impact on the Company’s results of operations.

In February 2007, the Company issued 37,000 shares of common stock as performance-based grants, which were to vest if the total annual return on an investment in the Company’s common stock over the three-year period ending December 31, 2009 was equal to, or greater

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

than, an average of 8% per year. The independent appraisal determined the value of the performance-based shares to be \$10.09 per share, compared to a market price at the date of grant of \$16.45 per share. With respect to the awards granted in 2007, the Company did not attain an average 8% TSR for such three-year period as provided by the Incentive Plan for vesting and, accordingly, none of these shares vested.

In January 2008 and June 2008, the Company issued 53,000 shares and 7,000 shares of common stock, respectively, as performance-based grants, which will vest if the total annual return on an investment in the Company's common stock over the three-year period ending December 31, 2010 is equal to, or greater than, an average of 8% per year. The independent appraisal determined the value of the January 2008 performance-based shares to be \$6.05 per share, compared to a market price at the date of grant of \$10.07 per share; similar methodology determined the value of the June 2008 performance-based shares to be \$10.31 per share, compared to a market price at the date of grant of \$12.13 per share.

In January 2009, the Company issued 218,000 shares of common stock as performance-based grants, which will vest if the total annual return on an investment in the Company's common stock over the three-year period ending December 31, 2011 is equal to, or greater than, a blended measure of (i) an average of 6% TSR per year on the Company's common stock, and (ii) the median TSR per year of the Company's peer group. The independent appraisal determined the value of the performance-based shares to be \$5.96 per share, compared to a market price at the date of grant of \$7.02 per share.

The additional restricted shares issued during 2009, 2008 and 2007 were time-based grants, and amounted to 397,000 shares, 187,000 shares and 149,000 shares, respectively. The value of all grants is being amortized on a straight-line basis over the respective vesting periods (irrespective of achievement of the performance grants) adjusted, as applicable, for fluctuations in the market value of the Company's common stock. Those grants of restricted shares that are transferred to Rabbi Trusts are classified as treasury stock on the Company's consolidated balance sheet. The following table sets forth certain stock-based compensation information for 2009, 2008 and 2007, respectively:

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements

Value of shares vested during the period (based on grant price)	<u>\$ 1,496,000</u>	<u>\$ 1,365,000</u>	<u>\$ 120,000</u>

At December 31, 2009, 1,547,000 shares remained available for grants pursuant to the Incentive Plan, and \$2,876,000 remained as deferred compensation, to be amortized over various periods ending in October 2012.

During 2001, pursuant to the 1998 Stock Option Plan (the "Option Plan"), the Company granted to the then directors options to purchase an aggregate of approximately 13,000 shares of common stock at \$10.50 per share, the market value of the Company's common stock on the date of the grant. The options are fully exercisable and expire in 2011. In connection with the adoption of the Incentive Plan, the Company agreed that it would not grant any more options under the Option Plan.

In connection with an acquisition of a shopping center in 2002, the Operating Partnership issued warrants to purchase approximately 83,000 OP Units to a then minority interest partner in the property. Such warrants have an exercise price of \$13.50 per unit, subject to certain anti-dilution adjustments, are fully vested, and expire in 2012.

In connection with the RioCan transactions (more fully described below), the Company issued to RioCan warrants to purchase 1,428,570 shares of the Company's common stock, at an exercise price of \$7.00 per share, exercisable over a two-year period.

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

401(k) Retirement Plan

The Company has a 401(k) retirement plan (the "Plan"), which permits all eligible employees to defer a portion of their compensation under the Code. Pursuant to the provisions of the Plan, the Company may make discretionary contributions on behalf of eligible employees. The Company made contributions to the Plan of \$248,000, \$243,000 and \$219,000 in 2009, 2008 and 2007, respectively.

- (a) A \$14,575,000 non-interest-bearing mortgage was issued in connection with a purchase of land, and was valued at a net amount of \$13,851,000. This reflected a valuation decrease of \$724,000 to a market rate of 9.25% per annum
- (b) The net valuation decrease in an assumed mortgage loan payable resulted from adjusting the contract rate of interest (4.9% per annum) to a market rate of interest (6.1% per annum).

Fair Value Measurements

In September 2006, the accounting guidance relating to fair value measurements and disclosures was updated. The updated guidance defines fair value, establishes a framework for measuring fair value in accordance with GAAP, and expands disclosures about fair value measurements. The updated guidance was effective on January 1, 2008 for financial assets, financial liabilities, and all nonfinancial assets and liabilities that are recognized or disclosed at fair value in financial statements on a recurring basis at least annually. The updated guidance was effective for all other nonfinancial assets and liabilities on January 1, 2009, and its adoption did not have a material effect on the Company's consolidated financial statements. These

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

standards did not materially affect how the Company determines fair value, but resulted in certain additional disclosures.

The guidance establishes a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three levels:

- Level 1 — Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 — Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. In determining fair value, the Company utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible while also considering counterparty credit risk in the assessment of fair value. Financial assets and liabilities measured at fair value in the consolidated financial statements consist of interest rate swaps. The fair values of interest rate swaps are determined using widely accepted valuation techniques, including discounted cash flow analysis, on the expected cash flows of each derivative. The analysis reflects the contractual terms of the swaps, including the period to maturity, and uses observable market-based inputs, including interest rate curves (“significant other observable inputs”). The fair value calculation also includes an amount for risk of non-performance using “significant unobservable inputs” such as estimates of current credit spreads to evaluate the likelihood of default. The Company has concluded, as of December 31, 2009, that the fair value associated with the “significant unobservable inputs” relating to the Company’s risk of non-performance was insignificant to the overall fair value of the interest rate swap agreements and, as a result, the Company has determined that the relevant inputs for purposes of calculating the fair value of the interest rate swap agreements, in their entirety, were based upon “significant other observable inputs”. Nonfinancial assets and liabilities measured at fair value in the consolidated financial statements consist of real estate to be transferred to a joint venture and real estate held for sale- discontinued operations.

The carrying amounts of cash and cash equivalents, restricted cash, rents and other receivables, other assets, accounts payable and accrued expenses approximate fair value. The valuation of the liability for the Company’s interest rate swaps (\$5.9 million at December 31, 2009), which is measured on a recurring basis, was determined to be a Level 2 within the valuation hierarchy, and was based on independent values provided by financial institutions. The valuation of the assets for the Company’s real estate to be transferred to a joint venture and real estate held for sale — discontinued operations (\$139.7 million and \$11.6 million, respectively, at December 31, 2009), which is measured on a nonrecurring basis, have been determined to be a

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

Level 2 within the valuation hierarchy, and were based on the respective contracts of transfer and/or sale.

The fair value of the Company's fixed rate mortgage loans was estimated using "significant other observable inputs" such as available market information and discounted cash flows analyses based on borrowing rates the Company believes it could obtain with similar terms and maturities. As of December 31, 2009 and 2008, the aggregate fair values of the Company's fixed rate mortgage loans were approximately \$583.8 million and \$517.8 million, respectively; the carrying values of such loans were \$610.8 million and \$560.4 million, respectively, at those dates.

Recently-Issued Accounting Pronouncements

In January 2009, the Company adopted the updated accounting guidance related to business combinations, which (i) establishes the acquisition-date fair value as the measurement objective for all assets acquired, liabilities assumed, and any contingent consideration, (ii) requires expensing of most transaction costs that were previously capitalized, and (iii) requires the acquiror to disclose the information needed to evaluate and understand the nature and financial effect of the business combination to investors and other users. The principal impact of the adoption of this guidance on the Company's financial statements, which is being applied prospectively, is that the Company has expensed most transaction costs relating to its acquisition activities (\$1,273,000 for the year ended December 31, 2009 of which the noncontrolling interests' share was \$764,000).

In January 2009, the Company adopted the updated accounting guidance related to noncontrolling interests in consolidated financial statements, which clarifies that a noncontrolling interest in a subsidiary (minority interests or certain limited partners' interest, in the case of the Company), subject to the classification and measurement of redeemable securities, is an ownership interest in a consolidated entity which should be reported as equity in the parent company's consolidated financial statements. The updated guidance requires a reconciliation of the beginning and ending balances of equity attributable to noncontrolling interests and disclosure, on the face of the consolidated income statement, of those amounts of consolidated net income attributable to the noncontrolling interests, eliminating the past practice of reporting these amounts as an adjustment in arriving at consolidated net income. The updated guidance is to be applied prospectively as of January 1, 2009, but requires retroactive application of the presentation and disclosure requirements for all periods presented, and early adoption was not permitted. The Company has reclassified, for all periods presented, the balances related to minority interests in consolidated joint ventures and limited partners' interest in the Operating Partnership into the consolidated equity accounts, as appropriate (certain non-controlling interests of the Company will continue to be classified in the mezzanine section of the balance sheet as such Mezz OP Units do not meet the requirements for equity classification, since certain of the holders of OP Units have registration rights that provide such holders with the right to

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

demand registration under the federal securities law of the common stock of the Company issuable upon conversion of such OP Units). The Company will adjust the carrying value of the Mezz OP Units each period to equal the greater of its historical carrying value or its redemption value. Through December 31, 2009, there have been no cumulative net adjustments recorded to the carrying amounts of the Mezz OP Units.

In January 2009, the Company adopted the updated accounting guidance related to disclosures about derivative instruments and hedging activities, which is intended to improve financial standards for derivative instruments and hedging activities by requiring enhanced disclosures to enable investors to better understand their effects on an entity's financial position, financial performance, and cash flows. Among other requirements, entities are required to provide enhanced disclosures about (1) how and why an entity uses derivative instruments, (2) the accounting treatment for derivative instruments and related hedged items, and (3) how derivative instruments and related hedged items affect an entity's financial position, financial performance and cash flows. Other than the enhanced disclosure requirements, the adoption of this guidance did not have a material effect on the Company's consolidated financial statements.

In January 2009, the Company adopted the updated accounting guidance related to determining whether instruments granted in share-based payment transactions are participating securities, which states that unvested share-based payment awards that contain nonforfeitable rights to dividends or dividend equivalents (whether paid or unpaid) are participating securities and shall be included in the computation of earnings per share. The adoption of this guidance had no impact on the Company's consolidated financial statements as unvested restricted stock awards are included in the computations of both basic and diluted earnings per share.

In January 2009, the Company adopted the updated guidance on initial recognition and measurement, subsequent measurement and accounting, and disclosure of assets and liabilities arising from contingencies in a business combination. The adoption of this guidance did not have a material effect on the Company's consolidated financial statements.

In April 2009, the Company adopted the updated accounting guidance related to interim disclosures about fair value of financial instruments (the prior guidance had required annual disclosures of the fair value of all instruments, recognized or unrecognized, except for those specifically excluded, when practical to do so). The updated guidance requires a publicly-traded company to include disclosures about the fair value of its financial instruments whenever it issues summarized financial information for interim reporting periods. The updated guidance must be applied prospectively and does not require disclosures for earlier periods presented for comparative periods at initial adoption. Other than the enhanced disclosure requirements, the adoption of this guidance did not have a material effect on the Company's consolidated financial statements.

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

In April 2009, the Company adopted additional updated accounting guidance relating to fair value measurements and disclosures, which clarifies the guidance for fair value measurements when the volume and level of activity for the asset or liability have significantly decreased, and includes guidance on identifying circumstances that indicate a transaction is not orderly. The adoption of this guidance did not have a material effect on the Company's consolidated financial statements.

In June 2009, the FASB issued updated accounting guidance for determining whether an entity is a VIE, and requires the performance of a qualitative rather than a quantitative analysis to determine the primary beneficiary of a VIE. The updated guidance requires an entity to consolidate a VIE if it has (i) the power to direct the activities that most significantly impact the entity's economic performance, and (ii) the obligation to absorb losses of the VIE or the right to receive benefits from the VIE that could be significant to the VIE. This guidance is effective for fiscal years beginning after November 15, 2009 and early adoption is not permitted. The Company will adopt the updated guidance as of January 1, 2010 and does not believe the adoption of this guidance will have a material effect on the consolidated financial statements.

In January 2010, the FASB issued updated guidance on fair value measurements and disclosures, which requires disclosure of details of significant asset or liability transfers in and out of Level 1 and Level 2 measurements within the fair value hierarchy and inclusion of gross purchases, sales, issuances, and settlements in the rollforward of assets and liabilities valued using Level 3 inputs within the fair value hierarchy. The guidance also clarifies and expands existing disclosure requirements related to the disaggregation of fair value disclosures and inputs used in arriving at fair values for assets and liabilities using Level 2 and Level 3 inputs within the fair value hierarchy. This guidance is effective for interim and annual reporting periods beginning after December 15, 2009, except for the gross presentation of the Level 3 rollforward, which is required for annual reporting periods beginning after December 15, 2010, and for the respective interim periods within those years. The Company does not expect the adoption of this guidance will have a material effect on the consolidated financial statements.

In January 2010, the FASB issued updated guidance on accounting for distributions to shareholders with components of stock and cash, which clarifies the treatment of the stock portion of a distribution to shareholders that allows the election to receive cash or stock. This guidance is effective for interim and annual reporting periods beginning after December 15, 2009. The Company does not expect the adoption of this guidance will have a material effect on the consolidated financial statements.

Note 3. Real Estate

Real estate at December 31, 2009 and 2008 is comprised of the following:

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

	Years ended December 31,	
	2009	2008
Cost		
Balance, beginning of year (a)	\$ 1,539,213,000	\$ 1,386,801,000
Properties acquired	73,152,000	98,337,000
Improvements and betterments	69,104,000	56,382,000
Write-off of fully-depreciated assets	(6,147,000)	(2,307,000)
Balance, end of the year	<u>\$ 1,675,322,000</u>	<u>\$ 1,539,213,000</u>
Accumulated depreciation		
Balance, beginning of the year (a)	(124,387,000)	\$ (86,695,000)
Depreciation expense	(46,375,000)	(39,999,000)
Write-off of fully-depreciated assets	6,147,000	2,307,000
Balance, end of the year	<u>\$ (164,615,000)</u>	<u>\$ (124,387,000)</u>
Net book value	<u>\$ 1,510,707,000</u>	<u>\$ 1,414,826,000</u>

(a) Restated to reflect the reclassifications of properties transferred or to be transferred to the RioCan joint venture and properties treated as discontinued operations.

Real estate net book value at December 31, 2009 and 2008 included projects under development and land held for expansion and/or future development of \$128.6 million and \$132.8 million, respectively.

Wholly-owned properties

During 2008, the Company acquired four shopping and convenience centers (including the remaining portion of a shopping center in addition to the supermarket anchor store it had acquired in 2005), purchased the joint venture minority interests in four properties, and acquired land for development, expansion and/or future development.

In April 2008, Value City, the only tenant at the Value City Shopping center, vacated its premises at the end of the lease term. In keeping with the Company's redevelopment plans for the property, the vacant building was subsequently razed and the Company took a one-time depreciation charge of \$1.9 million. The property is no longer included as one of the Company's operating properties. During the fourth quarter of 2008, the Company determined not to proceed with the development of a land parcel in Ephrata, Pennsylvania, and the land was reclassified to "real estate held for sale" in all periods presented.

The 2008 property acquisitions are summarized as follows:

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

<u>Property</u>	<u>Number of properties</u>	<u>Acquisition cost</u>
Operating properties (i)	<u>3</u>	<u>\$ 43,215,000</u>
Land for projects under development, expansion and/or future development	<u>6</u>	<u>55,122,000</u>
Total		<u>\$ 98,337,000</u>

(i) The three operating properties acquired in 2008 were acquired individually and not as part of a portfolio and had acquisition costs of less than \$20.0 million each.

Discontinued operations

During 2009, the Company sold, or has treated as “held for sale”, nine of its drug store/convenience centers, located in Ohio and New York, including the McDonalds/Waffle House property, located in Medina, Ohio, the CVS property located in Westfield, New York, the Staples property located in Oswego, New York, the Hudson Ohio Discount Drug Mart Plaza, the Dover Ohio Discount Drug Mart Plaza, the Gabriel Brothers property located in Kent, Ohio, the Carrollton Ohio Discount Drug Mart Plaza, the Pondsides Plaza located in Geneseo, New York, and the Powell Ohio Discount Drug Mart Plaza. The aggregate sales prices for the nine properties are approximately \$27.1 million, including property-specific mortgage loans payable of approximately \$17.7 million. In connection with these transactions, the Company recorded impairment charges aggregating \$3.6 million, and has realized gain on sales of \$557,000. The carrying values of the assets and liabilities of these properties, principally the net book values of the real estate and the related mortgage loans payable to be assumed, have been reclassified as “held for sale” on the Company’s consolidated balance sheets at December 31, 2009 and 2008. In addition, the properties’ results of operations have been classified as “discontinued operations” for all periods presented.

The following is a summary of the results of operations from discontinued operations for 2009, 2008 and 2007:

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements

Joint Venture Activities

2009 Transactions

PCP. On January 30, 2009, a newly-formed 40% Company-owned joint venture acquired the New London Mall in New London, Connecticut, a supermarket-anchored shopping center, for a purchase price of approximately \$40.7 million. The purchase price included the assumption of an existing \$27.4 million first mortgage bearing interest at 4.9% per annum and maturing in 2015. The total joint venture partnership contribution was approximately \$14.0 million, of which the Company's 40% share (\$5.6 million) was funded from its secured revolving stabilized property credit facility. The Company is the managing partner of the venture and receives certain acquisition, property management, construction management and leasing fees. In addition, the Company will be entitled to a "promote" fee structure, pursuant to which its profits participation would be increased to 44% if the venture reaches certain income targets. The Company's joint venture partners are affiliates of Prime Commercial Properties PLC ("PCP"), a London-based real estate/development company.

On February 10, 2009, a second newly-formed (also with affiliates of PCP) 40% Company-owned joint venture acquired San Souci Plaza in California, Maryland, a supermarket-anchored shopping center, for a purchase price of approximately \$31.8 million. The purchase

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

price included the assumption of an existing \$27.2 million first mortgage bearing interest at 6.2% per annum and maturing in 2016. The total joint venture partnership contribution was approximately \$5.8 million, of which the Company's 40% share (\$2.3 million) was funded from its secured revolving stabilized property credit facility. The Company is the managing partner of the venture and receives certain acquisition, property management, construction management and leasing fees. In addition, the Company will be entitled to a "promote" fee structure, pursuant to which its profits participation would be increased to 44% if the venture reaches certain income targets.

RioCan. On October 26, 2009, the Company entered into definitive agreements with RioCan Real Estate Investment Trust of Toronto, Canada, a publicly-traded Canadian real estate investment trust listed on the Toronto Stock Exchange ("RioCan"), pursuant to which the Company (1) sold to RioCan approximately 6,667,000 shares of the Company's common stock at \$6.00 per share in a private placement (RioCan agreeing that it would not sell any of such shares for a period of one year), (2) issued to RioCan warrants to purchase approximately 1,429,000 shares of the Company's common stock at an exercise price of \$7.00 per share, exercisable over a two-year period (valued at \$1,643,000), (3) entered into an 80% (RioCan) and 20% (Cedar) joint venture (i) initially for the purchase of seven supermarket-anchored properties presently owned by the Company, and (ii) then to acquire additional primarily supermarket-anchored properties in the Company's primary market areas during the next two years, in the same joint venture format, and (4) entered into a "standstill" agreement with respect to increases in RioCan's ownership of the Company's common stock for a three-year period. In addition, subject to certain exceptions, the Company has agreed that it will not issue any new shares of common stock unless RioCan is offered the right to purchase that additional number of shares that will maintain its pro rata percentage ownership, on a fully diluted basis. In connection with the formation of the joint venture, the Company recorded an impairment charge of \$23.6 million relating to the seven properties transferred or to be transferred to the joint venture.

The private placement investment by RioCan and the issuance of the warrants by the Company were concluded on October 30, 2009. Two of the properties (Blue Mountain Commons located in Harrisburg, Pennsylvania and Sunset Crossing located in Dickson City, Pennsylvania) were transferred to the joint venture on December 10, 2009, resulting in proceeds to the Company of approximately \$33 million (in connection with the closing, a repayment of \$25.9 million was required under the Company's secured revolving development property credit facility). The remaining five properties are subject to mortgage loans payable aggregating approximately \$94 million. Two of the properties (Columbus Crossing Shopping Center located in Philadelphia, Pennsylvania and Franklin Village Plaza located in Franklin, Massachusetts) were transferred to the joint venture in January and February 2010, resulting in net proceeds to the Company of approximately \$16 million. The remaining three properties (Loyal Plaza Shopping Center located in Williamsport, Pennsylvania, Shaw's Plaza located in Raynham, Massachusetts, and Stop & Shop Plaza located in Bridgeport, Connecticut) are to be transferred during the first half of 2010, resulting in net proceeds to the Company of an additional

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

approximately \$16 million. In connection with the transfers of the seven properties to the joint venture and the private placement transactions, the Company will have received aggregate net proceeds of approximately \$105 million, after estimated closing and transaction costs, which have been or will be used to repay/reduce the outstanding balances under the Company's secured revolving credit facilities. In connection with these transactions, the Company incurred costs and fees of approximately \$6.0 million, including fees to the Company's investment advisor (\$3.5 million), the value assigned to the warrants (approximately \$1.6 million), and other costs and expenses aggregating \$0.9 million. In addition, the Company agreed to pay to its investment advisor a fee of 1% of the gross cost of future acquisitions made by the joint venture for a two-year period, up to a maximum of \$3.0 million. At December 31, 2009, the Company was owed approximately \$2.3 million (\$1.6 million related to contingent consideration) relating to post-closing adjustments applicable to the two properties transferred to the joint venture prior to that date, which is included in rents and other receivables, net on the consolidated balance sheet.

2008 Transactions

On January 3, 2008, the Company entered into a joint venture agreement for the redevelopment/retention of its existing shopping center located in Bloomsburg, Pennsylvania, including adjacent land parcels comprising an additional 46 acres. The required equity contribution from the Company's joint venture partner was \$4.0 million for a 25% interest in the property. The Company used the funds to reduce the outstanding balance on its secured revolving stabilized property credit facility.

On March 7, 2008, a 60%-owned development joint venture of the Company acquired land in Pottsgrove, Pennsylvania, for a shopping center development project. The \$28.4 million purchase price, including closing costs, was funded by the issuance of a non-interest-bearing purchase money mortgage of \$14.6 million, which was repaid when property-specific construction financing was concluded in September 2008. The balance of the purchase price was funded by the Company's capital contribution to the joint venture which was funded from its secured revolving stabilized property credit facility. As of December 31, 2008, the Company's equity capital requirement of \$28.7 million had been met, funded from its secured revolving stabilized property credit facility. The remaining costs of development and construction of this project are being funded by the property-specific construction financing.

On March 18, 2008, the Company acquired the remaining 70% interests in Fairview Plaza, Halifax Plaza and Newport Plaza, and the remaining 75% interest in Loyal Plaza, previously owned in joint venture with the same partner, and consolidated for financial reporting purposes, for a purchase price of approximately \$17.5 million, which was funded from its secured revolving stabilized property credit facility. The total outstanding mortgage loans payable on the properties were approximately \$27.3 million at the time. The excess of the purchase price and closing costs over the carrying value of the minority interest partner's

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

accounts (approximately \$8.4 million) was allocated to the Company's intangible asset and liability accounts.

On April 23, 2008 the Company entered into a joint venture for the construction and development of a shopping center located in Hamilton Township (Stroudsburg), Pennsylvania. The Company is committed to paying a development fee of \$500,000 to the joint venture partner, and has provided approximately \$40.5 million to date of equity capital, with a preferred rate of return of 9.25% per annum on its investment, and has a 60% profits interest in the joint venture. The required equity contribution from the Company's joint venture partner was \$400,000. As of December 31, 2008, the Company's joint venture equity requirement had been funded from its secured revolving stabilized property credit facility. Prior to the formation of the venture, the partner had previously acquired the land parcels at a cost of approximately \$15.4 million, incurring mortgage indebtedness of approximately \$10.8 million (including purchase money mortgages payable to the seller of \$3.9 million). In addition, the partner had entered into an interest rate swap agreement with respect to its existing construction/development loan facility, as well as a future swap agreement applicable to anticipated permanent financing of \$28.0 million. The joint venture is deemed to be a variable interest entity with the Company as the primary income or loss beneficiary; accordingly, the Company has consolidated the property. The minority interest partners in the Pottsgrove and Stroudsburg joint ventures are principally the same individuals.

On September 12, 2008, the Company entered into a joint venture for the construction and development of a shopping center located in Limerick, Pennsylvania. The Company is committed to paying a development fee of \$333,000 to the joint venture partner, and has provided approximately \$3.3 million to date of equity capital, with a preferred rate of return of 9.5% per annum on its investment, and has a 60% profits interest in the joint venture. The required equity contribution from the Company's joint venture partner is \$217,000. Financing for the balance of the project costs is being funded from the Company's secured revolving development property credit facility. The joint venture purchased the land parcels on October 27, 2008 and, in addition, reimbursed the seller for certain construction-in-progress costs incurred to date, for a total acquisition cost of approximately \$8.4 million. The joint venture is deemed to be a variable interest entity with the Company as the primary income or loss beneficiary; accordingly, the Company will consolidate the property.

In February 2008, the Company and Homburg Invest Inc., a publicly-traded Canadian corporation listed on the Toronto and Euronext Amsterdam Stock Exchanges ("Homburg"), entered into an agreement in principle to form a group of joint ventures into which the Company would contribute 32 of its properties (mostly drug store-anchored convenience centers and including all 27 of the Company's Ohio properties). Richard Homburg, a director of the Company, is Chairman and CEO of Homburg. On November 3, 2008, the Company announced that it had been advised by Homburg that Homburg would not proceed with a proposed joint venture for 32 properties, as previously contemplated and disclosed by the Company and the

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

Company expensed all costs it had incurred of approximately \$203,000. While Homburg had substantially completed physical, financial and legal due diligence with respect to the properties, it cited the unprecedented current events that have taken place in the U.S. capital markets and the virtual collapse of the world capital markets as the basis for its decision. Homburg noted that it and its affiliates rely on Canadian, U.S. and European capital and retail markets for equity as well as short-term and long-term funding sources. The Company had previously entered into a nine property 20% owned joint venture with Homburg during 2007.

Real Estate Pledged

At December 31, 2009 a substantial portion of the Company's real estate was pledged as collateral for mortgage loans payable and the revolving credit facilities, as follows:

<u>Description</u>	<u>Net book value</u>
Collateral for mortgage loans payable	\$ 1,019,139,000
Collateral for revolving credit facilities	465,852,000
Unencumbered properties	25,716,000
Total	<u>\$ 1,510,707,000</u>

Pro Forma Financial Information (unaudited)

During the period January 1, 2008 through December 31, 2009, the Company acquired six shopping and convenience centers aggregating approximately 790,000 square foot of GLA, purchased the joint venture minority interests in four properties, and acquired approximately 181.7 acres of land for development, expansion and/or future development, for a total cost of approximately \$189.0 million. In addition, the Company placed into service six ground-up developments having an aggregate cost of approximately \$194.3 million. The Company sold or held for sale nine primarily drug store anchored shopping centers aggregating approximately 304,000 square foot of GLA for an aggregate sales price of approximately \$27.1 million. The following table summarizes, on an unaudited pro forma basis, the combined results of operations of the Company for 2009 and 2008, respectively, as if all of these property acquisitions and sales were completed as of January 1, 2008. This unaudited pro forma information does not purport to represent what the actual results of operations of the Company would have been had all the above occurred as of January 1, 2008, nor does it purport to predict the results of operations for future periods.

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

	Years ended December 31,	
	2009	2008
Revenues	\$ 182,482,000	\$ 181,215,000
Net (loss) income attributable to common shareholders	\$ (21,979,000)	\$ 9,844,000
Per common share	\$ (0.48)	\$ 0.22
Weighted average number of common shares outstanding	46,234,000	44,475,000

Note 4. Rentals Under Operating Leases

Annual future base rents due to be received under non-cancelable operating leases in effect at December 31, 2009 are approximately as follows (excluding those base rents applicable to properties transferred or to be transferred to the RioCan joint venture and properties treated as discontinued operations):

2010	\$ 115,541,000
2011	108,076,000
2012	99,915,000
2013	92,983,000
2014	82,584,000
Thereafter	505,055,000
	<u>\$ 1,004,154,000</u>

Total future minimum rents do not include expense recoveries for real estate taxes and operating costs, or percentage rents based upon tenants' sales volume. Such other rental amounted to approximately \$36.3 million, \$33.8 million and \$30.4 million for 2009, 2008 and 2007, respectively. In addition, such amounts do not include amortization of intangible lease liabilities.

Note 5. Mortgage Loans Payable and Secured Revolving Credit Facilities

Secured debt is comprised of the following at December 31, 2009 and 2008:

(a) Restated to reflect the reclassifications of properties transferred or to be transferred to the RioCan joint venture and properties treated as discontinued operations.

Mortgage loans payable

Mortgage loan activity for 2009 and 2008 is summarized as follows:

	Years ended December 31,	
	2009	2008
Balance, beginning of year (a)	\$ 613,712,000	\$ 572,320,000
New mortgage borrowings	43,950,000	106,738,000
Acquisition debt assumed (b)	52,963,000	27,488,000
Repayments	(17,646,000)	(92,834,000)
Balance, end of the year	<u>\$ 692,979,000</u>	<u>\$ 613,712,000</u>

(a) Restated to reflect the reclassifications of properties transferred or to be transferred to the RioCan joint venture and properties treated as discontinued operations.

(b) Includes net reductions of \$1.6 million and \$0.1 million, respectively, relating to purchase accounting allocations.

During 2009, the Company assumed \$53.0 million of fixed-rate mortgage loans payable in connection with acquisitions, with interest rates of 6.1% and 6.2% per annum, with an average of 6.2% per annum. These principal amounts and rates of interest represent the fair values at the respective dates of acquisition. The stated contract amounts were \$27.4 million and \$27.2 million at the respective dates of acquisition, bearing interest at rates of 4.9% and 6.2% per annum, with an average of 5.5% per annum.

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

During 2009, the Company refinanced one property that had collateralized the secured revolving stabilized property credit facility. The new fixed-rate mortgage, aggregating \$17.0 million, bears interest at 6.8% per annum. The Company used the mortgage proceeds to reduce the balance outstanding under the secured revolving stabilized property credit facility.

In addition, the Company has a \$77.7 million construction facility with Manufacturers and Traders Trust Company (as agent) and several other banks, pursuant to which the Company has guaranteed and pledged its joint venture development project in Pottsgrove, Pennsylvania as collateral for borrowings to be made thereunder. This facility will expire in September 2011, subject to a one-year extension option. Borrowings outstanding under the facility aggregated \$61.2 million at December 31, 2009, and such borrowings bore interest at an average rate of 2.5% per annum. Borrowings under the facility bear interest at the Company's option at either LIBOR plus a spread of 225 bps, or the agent bank's prime rate. As of December 31, 2009, the Company was in compliance with the financial covenants and financial statement ratios required by the terms of the construction facility.

During 2008, the Company (i) borrowed an aggregate of \$56,351,000 of new fixed-rate mortgage loans, bearing interest at rates ranging from 5.4% to 9.25% per annum, with an average of 6.8% per annum (these amounts include a \$14,575,000 non-interest-bearing purchase money mortgage issued in connection with the purchase of land, and recorded as \$13,851,000 reflecting an imputed interest rate of 9.25% per annum), and (ii) borrowed \$50,387,000 in variable-rate mortgage loans bearing interest at LIBOR plus spreads of 225 bps and 275 bps (the latter with a floor of 5.9%). In addition, the Company assumed \$24,488,000 of fixed-rate mortgage loans payable in connection with acquisitions, with interest rates ranging from 5.0% to 8.5% per annum, with an average of 7.0% per annum. These principal amounts and rates of interest represent the fair values at the respective dates of acquisition. The stated contract amounts were \$24,631,000 at the respective dates of acquisition, bearing interest at rates ranging from 5.0% to 8.5% per annum, with an average of 6.9% per annum. The Company also assumed \$2,915,000 in variable-rate mortgage loans bearing interest at LIBOR plus a spread of 190 bps.

Scheduled principal payments on mortgage loans payable and secured revolving credit facilities at December 31, 2009, due on various dates from 2010 to 2029, are as follows:

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

2010	20,421,000
2011	160,753,000
2012	227,614,000
2013	64,194,000
2014	123,771,000
Thereafter	<u>353,911,000</u>
	<u>\$ 950,664,000</u>

Secured Revolving Stabilized Property Credit Facility

In November 2009, the Company closed an amended and restated secured revolving stabilized property credit facility with Bank of America, N.A., continuing as administrative agent, together with three other lead lenders and other participating banks, with commitments from participants of \$265.0 million (increased to \$285.0 million in January 2010). The facility, as amended, is expandable to \$400 million, subject to certain conditions, including acceptable collateral. The principal terms of the new facility include (i) an availability based primarily on appraisals, with a 67.5% advance rate, (ii) an interest rate based on LIBOR plus 350 bps, with a 200 bps LIBOR floor (under the prior arrangement, the interest rate was based on LIBOR plus a bps spread depending upon the Company's leverage ratio, as defined, which had been 135 bps prior to the new facility), (iii) a leverage ratio limited to 67.5%, (iv) an unused portion fee of 50 bps (previously 25 bps), and (v) a maturity date of January 31, 2012, subject to a one-year extension option. In connection with the new facility, the Company paid participating lender fees and closing and transaction costs of approximately \$9.0 million.

Borrowings outstanding under the facility aggregated \$188.0 million at December 31, 2009, such borrowings bore interest at an average rate of 5.5% per annum, and the Company had pledged 34 of its shopping center properties as collateral for such borrowings.

The secured revolving stabilized property credit facility has been and will be used to fund acquisitions, certain development and redevelopment activities, capital expenditures, mortgage repayments, dividend distributions, working capital and other general corporate purposes. The facility is subject to customary financial covenants, including limits on leverage as discussed above and distributions (limited to 95% of funds from operations, as defined), and other financial statement ratios. Based on covenant measurements and collateral in place as of December 31, 2009, the Company was permitted to draw up to approximately \$204.3 million, of which approximately \$16.3 million remained available as of that date. As a result of the application of the net proceeds from, among other things, the transfers of two of the remaining properties to the RioCan joint venture (more fully described above) and the sales of shares of the Company's common stock in February 2010 (more fully described below), such availability will have increased to approximately \$104 million as of March 3, 2010. As of December 31, 2009, the Company was in compliance with the financial covenants and financial statement ratios required by the terms of the secured revolving stabilized property credit facility.

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

Secured Revolving Development Property Credit Facility

The Company has a \$150 million secured revolving development property credit facility with KeyBank, National Association (as agent) and several other banks, pursuant to which the Company has pledged certain of its development projects and redevelopment properties as collateral for borrowings thereunder. The facility, as amended, is expandable to \$250 million, subject to certain conditions, including acceptable collateral, and will expire in June 2011, subject to a one-year extension option. Borrowings under the facility bear interest at the Company's option at either LIBOR or the agent bank's prime rate, plus a spread of 225 bps or 75 bps, respectively. Advances under the facility are calculated at the least of 70% of aggregate project costs, 70% of "as stabilized" appraised values, or costs incurred in excess of a 30% equity requirement on the part of the Company. The facility also requires an unused portion fee of 15 bps. This facility has been and will be used to fund in part the Company's and certain joint ventures' development activities. In order to draw funds under this construction facility, the Company must meet certain pre-leasing and other conditions. Borrowings outstanding under the facility aggregated \$69.7 million at December 31, 2009, and such borrowings bore interest at a rate of 2.5% per annum. As of December 31, 2009, the Company was in compliance with the financial covenants and financial statement ratios required by the terms of the secured revolving development property credit facility.

Note 6. Preferred and Common Stock

The Company's 8-7/8% Series A Cumulative Redeemable Preferred Stock has no stated maturity, is not convertible into any other security of the Company, and is redeemable at the Company's option at a price of \$25.00 per share, plus accrued and unpaid distributions.

In connection with the RioCan transactions (more fully described above), the Company (1) sold approximately 6,667,000 shares of its common stock to RioCan at \$6.00 per share in a private placement, and realized net proceeds of \$38.6 million, and (2) issued to RioCan warrants to purchase approximately 1,429,000 shares of its common stock at an exercise price of \$7.00 per share, exercisable over a two-year period.

In September 2009, the Company entered into a Standby Equity Purchase Agreement (the "SEPA Agreement") with an investment company for sales of its shares of common stock aggregating up to \$30 million over a two-year commitment period; the commitment is expandable at the Company's option to \$45 million. Under the terms of the SEPA Agreement, the Company may sell, from time to time, shares of its common stock at a discount to market of 1.75%. The amount of these daily sales is generally limited to the lesser of 20% of the average daily trading volume or \$1.0 million. In connection with these sales transactions, the Company agreed to pay an investment advisor a 0.75% placement agent fee.

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

In addition, the Company may require the investment company to advance from time to time up to \$5.0 million provided, however, that the Company may only request these larger advances approximately once a month. With respect to such advances, the common stock sales are at a discount to market of 2.75% and the placement agent fee is 1.25%. As the Company has a conditional obligation to issue a variable number of shares of its common stock, advances are initially recorded as a liability, and as shares are sold on a daily basis and the advance is settled, such liability is reflected in equity.

Through December 31, 2009, 422,000 shares had been sold pursuant to the SEPA Agreement, at an average price of \$5.93 per share, and the Company realized net proceeds, after allocation of other issuance expenses, of approximately \$2.3 million. At December 31, 2009, there was an unsettled advance liability of \$5.0 million, which is included in accounts payable and accrued liabilities on the consolidated balance sheet. Such advance was settled in January and February 2010 by the sale of 718,000 shares of the Company's common stock at an average selling price of \$6.97 per share.

In January 2007, in connection with 7,500,000 shares of the Company's common stock that it sold in December 2006, the underwriters exercised their over-allotment option to the extent of 275,000 shares, and the Company realized additional net proceeds of \$4.1 million.

On September 12, 2007, stockholders approved amendments to the Company's Articles of Incorporation increasing the number of authorized shares of common stock to 150,000,000 and the number of authorized shares of preferred stock to 12,500,000.

Note 7. Commitments and Contingencies

With respect to the Company's 20% joint-venture interest in nine properties in partnership with affiliates of Homburg Invest Inc., the terms of the partnership agreements include buy/sell provisions with respect to equity ownership interests which can be exercised by either party. The buy/sell provisions allow either party to provide notice that it intends to purchase the non-initiating party's interest at a specific price premised on a value for the entire venture. The non-initiating party may either accept that offer or instead may reject that offer and become the purchaser of the initiating party's interest at the initially offered price.

With respect to the Company's 20% joint-venture interest in the properties transferred or to be transferred to the RioCan joint venture, the terms of the partnership agreements include buy/sell provisions with respect to equity ownership interests which can be exercised by either party during the period ending in December 2012 or upon certain change-of-control circumstances. The buy/sell provisions allow either party to provide notice that it intends to purchase the non-initiating party's interest at a specific price premised on a value for the entire

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

venture. The non-initiating party may either accept that offer or instead may reject that offer and become the purchaser of the initiating party's interest at the initially offered price.

The Company is a party to certain legal actions arising in the normal course of business. Management does not expect there to be adverse consequences from these actions that would be material to the Company's consolidated financial statements.

Under various federal, state, and local laws, ordinances, and regulations, an owner or operator of real estate may be required to investigate and clean up hazardous or toxic substances, or petroleum product releases, at its properties. The owner may be liable to governmental entities or to third parties for property damage, and for investigation and cleanup costs incurred by such parties in connection with any contamination. Management is unaware of any environmental matters that would have a material impact on the Company's consolidated financial statements.

The Company's executive offices are located at 44 South Bayles Avenue, Port Washington, New York, in which it presently occupies approximately 8,600 square feet leased from a partnership owned 43.6% by the Company's Chairman. Under the terms of the lease, as amended, which will expire in February 2020, the Company will add an additional 6,400 square feet by the end of 2010. Future minimum rents payable under the terms of the lease, as amended, amount to \$484,000, \$545,000, \$560,000, \$575,000, \$591,000 and \$3.3 million during the years 2010 through 2014, and thereafter, respectively. In addition, several of the Company's properties and portions of several others are owned subject to ground leases which provide for annual payments subject, in certain cases, to cost-of-living or fair market value adjustments, through 2014, as follows: 2010 — \$660,000 2011 — \$668,000, 2012 — \$659,000, 2013 — \$659,000, 2014 — \$659,000 and thereafter — \$18.2 million.

Note 8. Selected Quarterly Financial Data (unaudited)

Year	Quarter ended			
	March 31	June 30	September 30	December 31
2009				
Revenues as previously reported	\$ 46,895,000	\$ 44,776,000	\$ 45,850,000	\$ 46,791,000
Revenues from discontinued operations (a)	(1,010,000)	(851,000)	(740,000)	—
Revenues	\$ 45,885,000	\$ 43,925,000	\$ 45,110,000	\$ 46,791,000
Net income (loss)	\$ 5,779,000	\$ 1,964,000	\$ 3,814,000	\$ (28,356,000)
Net income (loss) attributable to common shareholders	\$ 3,999,000	\$ (316,000)	\$ 1,447,000	\$ (29,673,000)
Per common share (basic and diluted) (b)	\$ 0.09	\$ (0.01)	\$ 0.03	\$ (0.59)
2008				
Revenues as previously reported	\$ 43,635,000	\$ 42,915,000	\$ 43,322,000	\$ 44,608,000
Revenues from discontinued operations (a)	(996,000)	(953,000)	(945,000)	(921,000)
Revenues	\$ 42,639,000	\$ 41,962,000	\$ 42,377,000	\$ 43,687,000
Net income	\$ 5,928,000	\$ 3,733,000	\$ 5,806,000	\$ 5,542,000
Net income attributable to common shareholders	\$ 3,112,000	\$ 1,224,000	\$ 3,277,000	\$ 2,885,000
Per common share (basic and diluted) (b)	\$ 0.07	\$ 0.03	\$ 0.07	\$ 0.06

(a) Represents revenues from discontinued operations which were previously included in revenues as previously reported.

(b) Difference between the sum of the four quarterly per share amounts and the annual per share amount are attributable to the effect of the weighted average outstanding share calculations for the respective periods.

Note 9. Subsequent Events

In determining subsequent events, management reviewed all activity from January 1, 2010 through the date of filing this Annual Report on Form 10-K.

On January 20, 2010, the Company paid approximately \$5.5 million to terminate interest rate swaps applicable to approximately \$23.9 million of mortgage loans payable as well as the interest rate swap applicable to anticipated permanent financing of \$28.0 million, both for its development joint venture project in Stroudsburg, Pennsylvania.

On January 26, 2010, the Cedar/RioCan joint venture acquired the Town Square Plaza shopping center in Temple, Pennsylvania, an approximately 128,000 square foot supermarket-anchored shopping center which was completed in 2008, and which is anchored by a 73,000 square foot Giant Foods supermarket. The purchase price for the property, which is presently unencumbered, was approximately \$19 million, excluding closing costs.

On February 5, 2010, the Company concluded a public offering of 7,500,000 shares of its common stock at \$6.60 per share, and realized net proceeds after offering expenses of

Cedar Shopping Centers, Inc.
Notes to Consolidated Financial Statements
December 31, 2009

approximately \$47.0 million. On March 3, 2010, the underwriters exercised their over-allotment option to the extent of 698,000 shares, and the Company realized additional net proceeds of \$4.4 million. In connection with the offering, RioCan acquired 1,350,000 shares of the Company's common stock, including 100,000 shares acquired in connection with the exercise of the over-allotment option, and the Company realized net proceeds of \$8.9 million.

On March 10, 2010, the Company exercised its option to expand the SEPA Agreement to \$45.0 million.

Cedar Shopping Centers, Inc.
Schedule III
Real Estate and Accumulated Depreciation
Year ended December 31, 2009

(continued)

The changes in real estate and accumulated depreciation for the three years ended December 31, 2009 are as follows (7):

<u>Cost</u>	<u>2009</u>	<u>2008</u>	<u>2007</u>
Balance, beginning of the year	\$ 1,539,213,000	\$ 1,386,801,000	\$ 1,036,154,000
Properties acquired	73,152,000	98,337,000	321,668,000
Improvements and betterments	69,104,000	56,382,000	28,979,000
Write-off fully-depreciated assets	(6,147,000)	(2,307,000)	—
Balance, end of the year	<u>\$ 1,675,322,000</u>	<u>\$ 1,539,213,000</u>	<u>\$ 1,386,801,000</u>

Accumulated depreciation

Balance, beginning of the year	\$ 124,387,000	\$ 86,695,000	\$ 53,216,000
Depreciation expense	46,375,000	39,999,000	33,479,000
Write-off fully-depreciated assets	(6,147,000)	(2,307,000)	—
Balance, end of the year	<u>\$ 164,615,000</u>	<u>\$ 124,387,000</u>	<u>\$ 86,695,000</u>
Net book value	<u>\$ 1,510,707,000</u>	<u>\$ 1,414,826,000</u>	<u>\$ 1,300,106,000</u>

- (1) “Stabilized properties” are those properties which are at least 80% leased and not designated as “development/redevelopment” properties as of December 31, 2009. Eight of the Company’s properties are being re- tenanted, are not- stabilized, and are not designated as development/ redevelopment properties as of December 31, 2009.
- (2) Properties pledged as collateral under the Company’s stabilized property credit facility. The total net book value of such properties was \$323,285,000 at December 31, 2009; the total amount outstanding under the secured revolving credit facility at that date was \$187,985,000.
- (3) Properties pledged as collateral under the Company’s development property credit facility. The total net book value of all such properties was \$142,567,000 at December 31, 2009; the total amount outstanding the secured development revolving credit facility at that date was \$69,700,000.
- (4) Depreciation is provided over the estimated useful lives of the buildings and improvements, which range from 3 to 40 years.
- (5) The Company has a 76.3% interest in an unconsolidated joint venture, which owns a single- tenant office property located in Philadelphia, PA. and an 20% interest in an unconsolidated joint venture that owns two supermarket shopping center located in Dickson City and Harrisburg, Pa.
- (6) The Shore Mall land parcel also collateralizes the mortgage loan payable relating to the Shore Mall shopping center.
- (7) Restated to reflect the reclassification of properties to “real estate held for sale” and “real estate to be transferred to a joint venture” during 2009.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

None

Item 9A. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

The Company maintains disclosure controls and procedures and internal controls designed to ensure that information required to be disclosed in its filings under the Securities Exchange Act of 1934 is reported within the time periods specified in the rules and regulations of the Securities and Exchange Commission (“SEC”). In this regard, the Company has formed a Disclosure Committee currently comprised of several of the Company’s executive officers as well as certain other employees with knowledge of information that may be considered in the SEC reporting process. The Committee has responsibility for the development and assessment of the financial and non-financial information to be included in the reports filed with the SEC, and assists the Company’s Chief Executive Officer and Chief Financial Officer in connection with their certifications contained in the Company’s SEC filings. The Committee meets regularly and reports to the Audit Committee on a quarterly or more frequent basis. The Company’s principal executive and financial officers have evaluated its disclosure controls and procedures as of December 31, 2009, and have determined that such disclosure controls and procedures are effective.

There have been no changes in the internal controls over financial reporting or in other factors that have materially affected, or are reasonably likely to materially affect, these internal controls over financial reporting during the last quarter of 2009.

Management Report on Internal Control Over Financial Reporting

The Company’s management is responsible for establishing and maintaining adequate internal control over financial reporting. The Company’s internal control system was designed to provide reasonable assurance to the Company’s management and Board of Directors regarding the preparation and fair presentation of published financial statements.

All internal control systems, no matter how well designed, have inherent limitations. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation.

The Company’s management assessed the effectiveness of the Company’s internal control over financial reporting as of December 31, 2009. In making this assessment, it used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (“COSO”) in “Internal Control — Integrated Framework”. Based on such assessment, management believes that, as of December 31, 2009, the Company’s internal control over financial reporting is effective based on those criteria.

Ernst & Young LLP, the Company’s independent registered public accounting firm, has issued an opinion on the Company’s internal control over financial reporting, which appears elsewhere in this report.

**Report of Independent Registered Public Accounting Firm
The Board of Directors and Shareholders
Cedar Shopping Centers, Inc.**

We have audited Cedar Shopping Centers, Inc.'s (the "Company") internal control over financial reporting as of December 31, 2009, based on criteria established in Internal Control — Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (the COSO criteria). Cedar Shopping Center, Inc.'s management is responsible for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Item 9A. Controls and Procedures — "Management Report on Internal Control Over Financial Reporting". Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, Cedar Shopping Centers, Inc. maintained, in all material respects, effective internal control over financial reporting as of December 31, 2009, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the 2009 consolidated financial statements of Cedar Shopping Centers, Inc. and our report dated March 15, 2010 expressed an unqualified opinion thereon.

Consent of Independent Registered Public Accounting Firm

We consent to the incorporation by reference in the Registration Statements (i) on Forms S-3 (Nos. 333-155411 and 333-164715) of Cedar Shopping Centers, Inc. and in the related Prospectuses, and (ii) on Form S-8 No. 333-118361 pertaining to the 1998 Stock Option Plan and the 2004 Stock Incentive Plan of Cedar Shopping Centers, Inc. of our reports dated March 15, 2010, with respect to the consolidated financial statements and schedule of Cedar Shopping Centers, Inc., and the effectiveness of internal control over financial reporting of Cedar Shopping Centers, Inc., included in this Annual Report (Form 10-K) for the year ended December 31, 2009.

/s/ Ernst & Young LLP

New York, New York
March 15, 2010

CERTIFICATION

I, Leo S. Ullman, certify that:

1. I have reviewed this Annual Report on Form 10-K of Cedar Shopping Centers, Inc. (the “Company” or “registrant”);
 2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
 3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
 4. The registrant’s other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant’s disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant’s internal control over financial reporting that occurred during the registrant’s most recent fiscal quarter (the registrant’s fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant’s internal control over financial reporting; and
 5. The registrant’s other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting to the registrant’s auditors and the audit committee of the registrant’s board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal controls over financial reporting which are reasonably likely to adversely affect the registrant’s ability to record, process, summarize and report financial information; and
-

(b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
